# **2018 BUDGET EXECUTIVE SUMMARY**

SUBJECT: Fiscal Year (FY) 2018 Budget Executive Summary:

From: Alan D. Lanning, City Manager

The preparation of the FY2018 budget represents a significant divergence from years past. The Cordova City Council completed an extensive, month's long strategic planning process in the early part of 2017 and adopted, by resolution, the Cordova Strategic Action Plan (CSAP) 2017. The core principle identified in the CSAP 2017 is Economic Sustainability as an effort to move forward with in the future. The CSAP 2017 is included within this budget document. Economic Sustainability as the core value assumes three major changes to the City's budgeting strategy. The first major philosophical change is past reliance upon State and Federal funding. While both sources of funding will continue to be pursued, they will not be counted on as reliable sources of annual income. As examples, "Timber Receipts" and State debt service reimbursements have accounted for nearly \$1 million in unrealized revenue. The second major philosophical change is self-reliance. It will be important for the City to put in place, policies and financial disciplines necessary for the City to function on its own, using revenues produced locally and sustainable locally. The third major philosophical change will be the arrival at some nexus of staff and operations, whereby each area is sustainable on an annual basis, but still providing superior service levels. This financial/operation nexus is anticipated to be fully realized by 2020.

Many other efforts and partnerships are necessary for an Economically Sustainable budget. The City is working to partner with other agencies and entities to produce efficiencies. The City is working on projects with the Prince William Sound Science Center concerning a new location and potential campus. The City is working closely with Cordova Electric Cooperative to provide sustainable power and reliable power grid improvements, through the National Renewable Energy Laboratory and other partners. The City is working with the Copper River Watershed Project on a more sustainable recycling effort. The City is working closely with Cordova Community Medical Center (CCMC) in an ongoing effort to create efficiencies, including sharing staff positions and implementing purchasing efficiencies. Both the City of Cordova and CCMC continue to partner on medical insurance, creating cost savings and maintaining benefit levels for City and CCMC staff. City projects will be minimal, with the Adams St. sidewalk project being the most visible.

The ongoing State fiscal crisis necessitates a conservative fiscal approach, which includes an examination of service delivery, taxes and fees. FY2018 and FY2019 will also be challenging years, but the City of Cordova remains hopeful the State of Alaska will solve its budget crisis, some federal funding sources will be reauthorized and internal planning will create sustainability and efficiency. However, any State or federal funds realized will be project specific. Even with those improvements, the City of Cordova must reduce its financial footprint and work toward a sustainable local economy, relying less upon State and federal resources as ongoing sources of funding and maintaining a local tax base that can sustain the community and yet provide affordability to those that work within the community. With a dedicated and experienced City staff and a proactive and involved City Council, we believe Cordova will meet its challenges and both sustain and thrive.

Thanks to those who assisted in preparing this document by submitting data and information and a special thanks to Jon Stavig & Leif Stavig.

Most Respectfully,

Alan D. Lanning City Manager

# **EQUIPMENT, BUILDINGS, AND STRUCTURES VALUE**

**Light Equipment** – Work Trucks, Trailers, Small Equipment, Etc. **Heavy Equipment** – Loader, Bus, Fire Trucks, Etc. **Buildings and Other Structures** – City Buildings, Water Tanks, Outbuildings, Etc.

# **FACILITY MAINTENANCE NEEDS**

All rough order of magnitudes (ROM) are very approximate and currently not based on any proposals, engineer estimates, or bids and are not to be used for budgeting.

#### School Facilities

#### Mt. Eccles

Exterior Playground Restroom

ROM: \$10,000

The playground gets used year-round even when school is out. If the building is locked the children don't have an access to any restrooms. A few options exist to provide a summer portable toilet or build a restroom facility on or near the playground. Different solutions are being considered and discussed ranging from a portable toilet to a permanent restroom facility located outside. Depending on the solution it could require additional funding to construct a facility building.

#### High School

**HVAC** 

ROM: \$30,000

The HVAC system at the High School has been reviewed by 2 HVAC contractors to review the condition of the system and the potential requirements to keep it operational. Proposals are forth coming and will provided additional details on items that need corrective action. Many items could be replaced and incorporated via attrition if needed.

**Boilers** 

ROM: \$10,000

The building has 3 boilers and a used oil burner. The used oil burner is currently in the process of being rebuilt and will likely be back online before the winter. Of the other 3 boilers, the largest has been nonfunctional for numerous years and needs to be repaired prior to returning to an online status. The second boiler runs during the winter and generally meets the needs of the building. The  $3^{rd}$  boiler is undersized and acts as a back up to the  $2^{nd}$  boiler and often meets the needs during the off seasons. These boilers will need some maintenance to bring them up to 100%.

Gym Floor ROM: \$260,000

There is an estimated 1,100 square feet of damaged gym floor in the high school gym. This section is payable by an insurance claim for leaking from roof damage. This has not been repaired in part because the remaining section of the gym floor is beyond its useable life and is in need of repair. The current gym floor is older and doesn't meet modern cushioning requirements. The preferred option would be to replace the full gym floor at an estimated cost of \$260,000.

Extended Storage Area

ROM: \$15,000

The High School building has limited storage areas for all the activities that go on in the building. The staff is considering constructing an exterior addition to the gym area where non-temperature sensitive items could be stored. The staff is looking at making this project a student class in which the design, permitting, and construction will all be done by the students. Some materials are likely going to be donated while others would still need to be purchased to complete the project. This project has not been approved or prioritized at this time.

#### **Cordova Community Medical Center**

Fire safety sprinkler system

ROM: \$150,000

The sprinkler pipes are original and over the years have started to corrode. On their last inspection, lots of areas of the pipe showed pitting. Some areas have been upgraded as needed but a full facility review needs to be done and replacement is likely in many locations. CCMC staff is currently in talks with Taylor Fire Protection for a budget number.

Underground Storage Tank

ROM: \$150,000

The fuel tank for CCMC is a large underground storage tank that has no record of leaking at this point. If there ever was to be a leak or failure of the tank the fuel would travel to waterways quickly. This tank needs to be removed from the ground and a new above ground tank needs to be installed. An above ground tank was quoted in 2014 and has been priced around \$36,000 just for the tank.

Relocation of Generators

ROM: \$150,000

The current generators are located on the basement level of the facility. Numerous inspections have recommended that the generators be relocated to an outside generator shed to meet current standards. At this point the generators are grandfathered in and are tested monthly.

#### **Public Safety Building**

Adjust Heating System ROM: \$12,000

This building is not being used in the same matter that the heating system was designed for and new efficiencies are being considered to reduce the amount of oil being consumed. Solutions are being considered and the expense of this project could be reduced and potentially be funded in the facilities budget.

The City Clerk, with assistance from the Deputy Clerk serves as the ex-officio tax assessor. The office administers municipal elections and maintains City records and archives. The City Clerk is the custodian of the City seal and attests to documents as required by municipal code and state law. The Clerk's office also administers oaths of office and ensures licensing and registration of City vehicles and equipment.

The office of the City Clerk is often the first contact for the public seeking communication with the elected body and thus acts as a liaison for the people to the City Council. In preparing accurate minutes and accounts of all open City meetings, the Clerk maintains the history of the City for future generations of Cordovans including citizens, elected officials and City employees.

#### PROGRAM GOALS AND OBJECTIVES

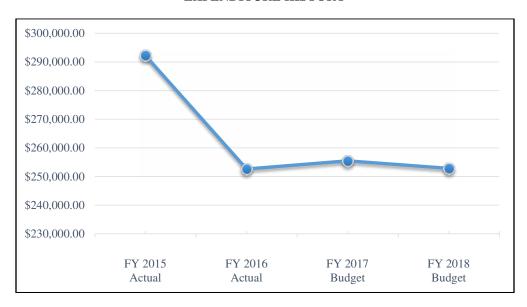

- Provide professional service to the public assist them in understanding local government and respond in the most respectful manner to whatever their request might be
- Maintain the most accurate records of the actions of the City Council and properly archive and catalogue permanently the minutes, resolutions, ordinances
- Prepare well-organized, thorough council agendas and packets easily understandable to the City Council and the public in order to promote the effective engagement required to make the best decisions for the community of Cordova
- Oversee the maintenance of City property records in order to ensure the most equitable assessing and taxation for the benefit of the public and the City revenue stream
- Fairly and impartially conduct municipal elections and promote this utmost of democratic rights of our citizens
- Work cooperatively with the City Manager, the Department Heads, the Mayor and City Council and all employees of the City of Cordova toward the best interest of all citizens

#### **BUDGET COMMENTARY**

The 2017 budget was as bare bones as I have ever seen in my 15 years with the City of Cordova. The operating line items within the Clerk's office were pared down to unrealistic levels and have therefore been overspent or will be overspent by year-end. The 2018 Clerk's budget has been returned to levels consistent with the recent past years, especially in such line items as Professional Services (codification of ordinances), operating supplies and election expense. Current staff is well-trained but no budgeting toward continuing education and the accompanying travel is not realistic especially if there comes a time when there is turnover to less trained employees in this department.

CITY MANAGER FUND: GENERAL

#### PROGRAM DESCRIPTION

The Office of the City Manager is charged with providing City services in a professional, innovative and cost-effective manner, with emphasis on friendly, timely and courteous service to all. The City Manager's office strives to achieve the goals and objectives of the Cordova City Council, allocating resources, encouraging development and enhancing the quality of life for the community and those who live and work in the community. As defined by the Cordova City Council, Economic Sustainability is the core value the City Manager's office works toward.

#### PROGRAM GOALS AND OBJECTIVES

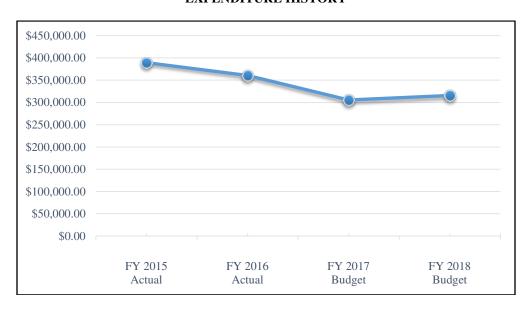

- Work toward Economic Sustainability, supporting economic revitalization, development, diversifying income streams and reducing costs.
- Increase staff effectiveness, recognizing limitations on our resources and recruiting difficulties.
- Improve Service Delivery by continuously evaluating and monitoring systems.
- Assemble and keep a well-trained work force, encouraging and rewarding professional development, training and certifications.
- Implement the plans and goals of the City Council, allocating resources to City Council priorities.
- Annually update the Cordova Strategic Plan, goals and objectives.

#### **BUDGET COMMENTARY**

The 2018 budget for the City Manager is primarily a Status quo" budget from 2017. The goal of the 2018 budget is to maintain the ability of the City Manager and staff to perform the essential functions of City administrative services, human resources functions, risk management functions and medical insurance monitoring and evaluation. Recruitment is an ongoing and persistent issue, particularly with respect to law enforcement and new and innovative recruiting efforts will be a priority.

### **BUDGET COMMENTARY**

#### **Boards and Commissions**

Staff produce monthly Planning Commission packets, document meeting with minutes, and provide additional information to commissioners as requested. The department also provides bi-monthly memos to city council which include recommendations and resolutions from the Planning Commission and other issues. Staff participate in commission meetings, providing information and direction on planning issues.

#### **Permit Administration**

Staff provide guidance, resources, maps, information and offer assistance to the public through all land use permit processes.

#### Public Support

Staff maintain and update the department's portion of the city's web page, which provides printable forms, Planning Commission packets and minutes, and land use information. Staff also maintain GIS parcel and tax data map layers and provide information to the public as requested.

## **Land Disposal**

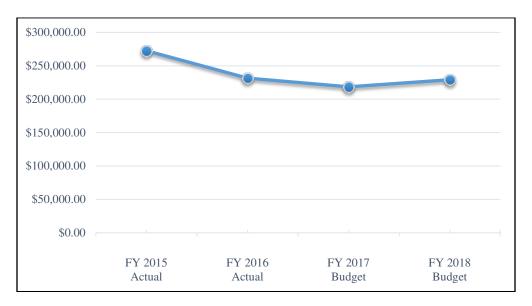

The Planning Department and Planning Commission develop annual land disposal maps delineating city property available for lease or sale. All steps in the land disposal process are administrated by the department. Leases, performance deeds of trust, and land use permits are tracked and rates are increased by staff.

### **Public Works Support**

Planning staff provide technical and organizational support to the Public Works Department, including coordination for large CIP projects, contract negotiations, State and Federal permitting assistance, and grant and loan application coordination and tracking.

LAW ENFORCEMENT FUND: GENERAL

#### PROGRAM DESCRIPTION

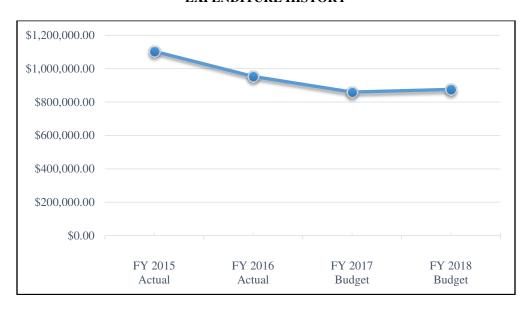

The Cordova Police Department consists of a Police Chief, five officers, one dispatch supervisor and four dispatchers who are hired as needed by the Chief. CPD is committed to the protection of life and property of all citizens of Cordova, Alaska. CPD dispatches for local fire, medical and law enforcement and has MOU's with the Alaska Wildlife Troopers and USFS Fish and Game LEO and works closely with dispatching for their law enforcement teams. CPD currently has two open police officer positions. CPD also has one administrative assistant and once dispatch position which are unfunded.

#### **BUDGET COMMENTARY**

This Depts. workload has been slowly increasing due to the amount of Local, State and Federal Mandated Regulations that we need to enforce or adhere too. This Dept. only has 11 members out of 13 positions responsible for this work load. The Dept. Budget other than some compensation for the 11-paid staff has decreased.

FIRE AND EMS FUND: GENERAL

#### PROGRAM DESCRIPTION

The Cordova Volunteer Fire Department consists of a Fire Chief and Deputy Chief who are elected annually by the membership and solely responsible to the City Counsel. This membership is a paramilitary organization with appointed Fire and EMS Officers responsible for their designated Companies which are responsible for responding to all emergencies with in our district and at times assist other regions by Boat or Aircraft.

Many Departments in the State and most in the lower 48 provide either Fire or EMS and some Search and Rescue. CVFD on the other hand because of our unique situation of not being able to request help from neighboring communities must provide all levels of emergency services, such as: Fire Suppression, Fire Investigation, Basic Life Support, Advanced Life Support, Medical Transport Care, Search and Rescue, Dive Rescue, Avalanche Rescue, Haz-Mat Response, Marine Shipboard Firefighting, High Angle Rescue, Confined Space Rescue, Vehicle Extrication, Disaster Preparedness and Management, Provide in house Certified Instructors, Public Education and Training.

In 2016 the volunteers accumulated 7613 hours of their time providing a service to our community.

#### PROGRAM GOALS AND OBJECTIVES

The Goals of this Department, shall be to prevent Emergencies through inspections, education and code enforcement.

The Department Objectives. Provides fire suppression and emergency medical services to preserve, protect life, property, and the environment against injury and damage within the City of Cordova, Alaska. Property outside the City limits shall be protected at all times possible without setting in jeopardy such property that lies within these said limits.

### **BUDGET COMMENTARY**

This Depts. Budget has remained literally unchanged until 2002 when the City Council approved a second Fire paid position, due to the fact that the fire service nationwide has increase in codes, strict safety maintenance programs, updated vehicles, equipment and facilities. While other Department budgets are increasing the Fire Dept Budget is asked to decrease. Over the years the Fire Dept. service has continued to increase and never decrease and subjected to an ever-increasing amount of Local, State and Federal Mandated Regulations that we need to enforce or adhere too. Programs like Bloodborne pathogen training and immunization, OSHA and NFPA compliancy to work related task, OSHA and NFPA Standards for Firefighters and EMS Workers (this also pertains to Volunteers), State laws and regulations pertaining to the delivery of EMS care, Continuing education and records management for all Volunteers and Equipment Maintenance Programs to list a few.

Other City Depts. have many paid staff to continue to severe our community, this Dept. only has 2 members responsible for this work load. And the Dept. Budget other than the compensation for the 2-paid staff has not increased.

INFORMATION SERVICES

PROGRAM DESCRIPTION

**FUND: GENERAL** 

The **Information Services Department** consists of three Divisions: Cordova Public Library, Cordova Historical Museum, and the Information Services Division which includes Public Information, Marketing, Cordova Center Rentals and Information Technology.

The **Cordova Public Library** is staffed with: 1- Permanent Full Time Librarian, 3 - Permanent Part-Time Librarians/Program Leader, 1 - Temporary Seasonal Position. The Library provides a public place for all, where ideas of a broad spectrum can be explored and considered; provides for the individual an environment conducive to reading, listening or studying; identifies community needs and provides programs and services to meet those needs. The Cordova Public Library serves as the school library for elementary and homeschool students.

The **Cordova Historical Museum** is staffed with: 1 – Permanent Full Time Curator of Exhibits and Collections, 1 – Permanent Full-Time Museum Assistant, 1 Permanent Part-Time Program Leader, 1 – Temporary Seasonal Position. The Cordova Historical Museum, an educational institution, is a museum of cultural and economic history to record and interpret everyday life in the Copper River, Bering River and Prince William Sound to help people understand the past, explore the present and plan the future. The museum accomplishes this through exhibitions, programs, publications and other activities that engage, enlighten, educate and entertain children and adults of both community residents and visitors.

The **Information Services Division** is staffed with: 1 – Permanent Full Time Director (Responsible for oversight of all divisions), 1 – Permanent Full Time Technology Leader. This division is responsible for all public information, press releases, website and other materials for the City of Cordova as well as all the technology, cell phones and website maintenance. This division is also responsible for all reservations and events at the Cordova Center. The Information Services Director serves as PIO in the ICS.

#### PROGRAM GOALS AND OBJECTIVES

#### **Cordova Public Library:**

<u>Strategic Goal 1</u> Increasingly provide access to collections and services to support instruction, research, and outreach, while improving access to the Cordova Public Libraries' collections.

Strategic Goal 2 Increase circulation and usage by various patron types.

Strategic Goal 3 Increase cultural awareness within the community.

#### **Cordova Historical Museum:**

**Goal 1:** To design and implement museum exhibits

Goal 2: To successfully accomplish the move and assure efficient operation in the new facility

Goal 3: To strengthen communication with membership

Goal 4: To achieve accreditation

Goal 5: To establish an ongoing training program for staff and volunteers

Goal 6: To expand program offerings

**Goal 7:** To create a sustainable revenue stream

### **Information Services Division:**

- Create, Update and Maintain Websites for Divisions
- Maintain Technology for City of Cordova
- Provide regular news updates to the Community of Cordova
- Provide Marketing for all Departments of the City of Cordova
- Maintain and Carry our reservations and events in the Cordova Center.

#### **BUDGET COMMENTARY**

#### **Boards and Commissions**

Staff serve as support for the Cordova Historical Society, the Cordova Historic Preservation Commission, the Friends of the Library and the Library Board. Staff prepares packets, minutes and agendas for the meetings as well as events and fund-raisers sponsored by the various groups

#### Cordova Public Library

Staff is responsible for the daily operation of the library open 6 days a week year-round. This includes the continual assessment of the collection, cataloging and ordering materials for the collection and preparing and presenting additional programs for various age groups within the community.

#### **Cordova Historical Museum**

Staff is responsible for the daily operation of the museum open 6 days a week in summer and 5 days a week in winter. This includes regular changing of exhibits in the temporary gallery, completing exhibits in the permanent gallery spaces, presentations and programs to the general public and a cultural curriculum for K through 6th grade on Cordova history.

#### **Information Services**

Staff cares for and maintains four websites for the Department and the City of Cordova as well as other social media. Working with Arctic Information Technology, staff maintains 85 work stations for the City of Cordova and manages two servers. Staff is also responsible for City Department cell phone coverage, press releases and other public announcements.

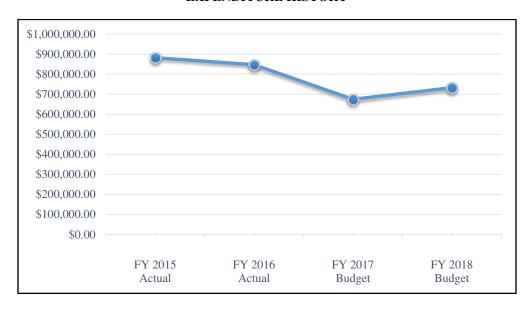

#### **Cordova Center**

A portion of the Information Services Staff serves on the Cordova Center Team taking reservations, building the new website, creating marketing, and an online reservation system. Along with CC Event Team members, staff carries out and fulfills rentals for the Cordova Center.

**FACILITY MAINTENANCE** 

#### PROGRAM DESCRIPTION

**FUND: GENERAL** 

The facilities section consists of 2 employees; the superintendent of facilities and custodian. The section performs maintenance and creates maintenance documents for many of the cities facilities. Takes on projects as assigned that involve 1 or more facilities. Review, balance, and manage the building systems within the various facilities. Assists with events at the Cordova Center including setup and takedown, AV needs, planning and execution of scheduled events. Coordinates with the maintenance teams of the Cordova School District and the Cordova Community Medical Facility. Janitorial staff cleans the public safety building and the Cordova Center building.

#### PROGRAM GOALS AND OBJECTIVES

The following are the objectives for the facilities section

- Develop maintenance plans for facilities
- Continual cross training of facilities and building systems
- Reduce the amount of emergency repairs by continual preventative maintenance
- Create user guides for building systems; light and sound boards, AV, and controls
- Coordinate and schedule outside maintenance contractors with CCMC and CSD
- Monitor energy use and continually work to reduce energy use in city facilities

#### **BUDGET COMMENTARY**

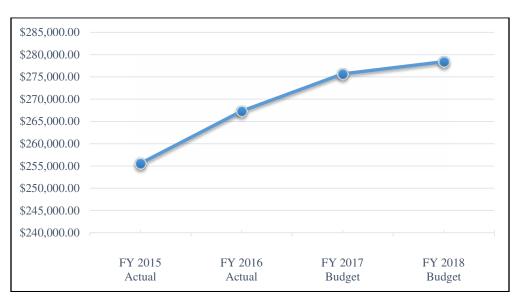

The facilities budget remains fairly flat from 2017 with a few small changes. The 2018 budget includes a line item for bird mitigation at the Cordova Center that is based on a provided quote. The heating system maintenance has been increased to \$14,000 to allow for additional preventative maintenance along all facilities. School maintenance has also been increased to \$5,000 from \$2,000.

The 2017 actual will show a few overages based on emergency repairs at the Mt. Eccles school. The main breaker for the building was damaged and need replacement, the HVAC system controllers were replaced and DDC were brought back online.

STREETS MAINTENANCE

**FUND: GENERAL** 

#### PROGRAM DESCRIPTION

Responsible for the Streets and City Right of Ways, Maintaining and repairing the City's vehicle fleet and power tools. Removal of snow and applying sand for traction. Maintaining the Cemetery and digging of graves

#### PROGRAM GOALS AND OBJECTIVES

The following are the objectives for the Public Works Crew

- Streets Division: Keep the streets in good repair and safe
- Equipment Division: Have an up to date, well maintained and safe motor pool. Bridge the gap between scheduled preventive maintenance and a fleet of fatigued and wore out equipment and vehicles [moving from disaster to disaster]. To educate all city employees on safe driving, and proper care of vehicles. The City has 78 pieces of rolling stock
- Snow Removal Division: To have the City streets open and drivable at the end of each shift
- Cemetery Division: To keep the Cemetery's well maintained and pleasing to those visiting the grounds

#### **BUDGET COMMENTARY**

#### Vehicle replacements

2011 ford pickup is due for replacement we would like to upgrade to a 550 as the 250 is a bit small for towing the Infrared paving machine and the Vactor trailer. Also with the success we have had with a pickup utilizing a sand bed and plow a 550 would be a much better option.

IT 62 Cat Loader 1999. 20 years is coming up fast and that is our rotation schedule for these bigger pieces of equipment, the front-end loaders and graders become first response vehicles in the winter and after 20 years they are getting tired.

#### Vehicle Maintenance

We need to have a more aggressive vehicle replacement policy throughout the whole City, We tend to keep vehicles until they are falling apart and dead, In the last few years we have purchased many used vehicles, which we might get a good deal on and then we turn around and put \$10,000 into them to keep it on the road.

There is a reason they are being sold. Is replacing a used vehicle with a used vehicle a good idea? You might get lucky occasionally. At the shop, we are having a hard time getting any preventive and routine maintenance done as we are constantly barraged with broken and falling apart vehicles that need to be put back on the road as quickly as possible to allow Refuse and Water/Sewer to provide their essential services, not to mention Police Ambulance and Fire vehicles. There is a huge cost in parts especially for the big rigs and specialty vehicles not to mention the cost of getting them here usually from the Midwest or back East.

## Upgrades to Shop Area

With the new siding, new doors, auto door openers and soon to be installed concrete floor in our last bay. To finish the shop, we need to insulate and sheet the inside of the last bay then the construction phase of this building will finally be complete.

Outside improvement calls for trusses and a roof over our Conex's giving us 1,600 square feet of covered storage and building racks in the 40" Conex for tire storage.

#### Chip seal program:

We need to be more aggressive with our chip seal maintenance program we are losing roads to lack of maintenance coats. The last several years we have been using almost half of our allotted oil to putting bandages on asphalt roads to get them thru the winter. We need to get back to using the money to maintain and expand the chip seal roads. We need to apply 4 tanks of oil and 400 yards of chips each year for the next 4 years to keep the roads which we have already chip sealed. Which amounts to about \$120,000 per year. I have been researching applying a seal or fog coat over our chip seal roads. I was hoping to attend a seminar and maybe acquire hands on experience with the process this year but was told to cut our training and travel budget, I am almost convinced this would improve and enhance our chip seal roads, however I would like to see it in person before moving forward.

### Asphalt Roads:

We need to continue to be aggressive in pursuing loans and grants to install curb and gutter, sidewalks and new asphalt. Except for last year's project on Railroad Avenue and the Harbor. The rest of our asphalt roads are over twenty and 30 year's old. The pavement is less than ½ inch thick in many places. This deterioration causes more potholes with occurring storm. These roads have served us well but are long past their prime. Installing curbs, gutters and sidewalks, then laying a proper road bed would vastly improve our drainage and road maintenance issues. Over twenty years ago we the public works crew spoke of doing one block per year if we had gone forward at that time think where we would be now. Part of the equation needs to be having the design and engineering done and ready to go, so when opportunities come for grants we can move. Such was the case with the Adams Street Project that our planner Samantha Greenwood was able to secure for us. I would suggest That each year we need to design and engineer for future projects

#### **Drainage Projects**

We have several locations around town that are constantly washing out during heavy rains causing erosion and then repair which takes money and resources that could be better spent or not spent at all. Over the last 25 years we have improved our drainage system to the point where we are not driving around all night during rain storms mitigating flooding issues. In fact, it is very seldom we do overtime on drainage issues whereas we used to have 2 personnel out with every heavy rain event. We have come along way but we still have a few problems to address

#### Personnel

If we do not fill the empty operator position, we can expect a 30 to 40 percent less in our work production in the non- snow months as many of our operations require 2 persons to be on site. This is not only a safety issue but also effects productivity, with only 3 operators we can't divide and have 2 projects going on at the same time. Examples of this would be: on a sunny day painting and pot hole repair going on at the same time. Or 2 men vacuuming out drains while the other two are grading and compacting gravel roads. Many of the tasks we do are 2 person jobs so by having 4 operators we can divide and conquer, thus our productivity prospers. In the past we have hired 2 Temps for 6 to 8 weeks to cut brush and help with the chip sealing operation [ which takes a minimum of 8 bodies, with no money in the temp budget we will be struggling when the brush and alders come August we need a few extra qualified people to help with the chip seal.

#### Snow removal

Also, snow removal will be dramatically affected. And the public will experience a noticeable slow down and quality of service, we will see this in not being able to open all emergency and essential services before the magic hour of 8:00am for City offices, Fire and Police Dept., Hospital, parking lots, and main thoroughfares thru town. And then the Schools before 8:30 am The Citizens should expect to remove the snow berms in front of their drives. We will also need to enforce no private dumping in City

Snow dumps or on City right of ways as this also takes considerable time to clean up. I realize in most places this the order of business, however we have spoiled this town considerably over the last 30 years and the Council and upper Management are going to have to take a stand. As the public, will be in for a bit of a shock and must be educated.

#### Cemetery

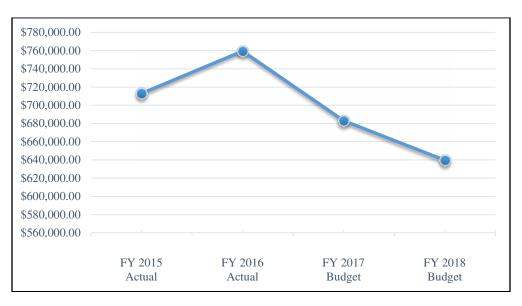

Over the last few years' leaps and bounds have been made in transforming the Cemeteries from weed patches and eyesores, into peaceful and pleasing to the eye resting places. Mostly this is due to the efforts of William Bernard, who has worked part time each summer. Last year we hired a second temp to help him.

We have received many complements on the work done there. Looking ahead with our Cemetery Temp budget being cut in half, we will be lucky not to fall behind and find these spots in disrepair again. Also, we will need to start opening the upper addition for graves soon as I believe we only have 6 more spots on the lower section.

PARKS MAINTENANCE FUND: GENERAL

#### PROGRAM DESCRIPTION

The City of Cordova Parks and Recreation Dept. / Parks Maintenance division performs routine and preventative maintenance on all the facilities/properties (and all related equipment/amenities in/at the facilities/properties) listed below:

- Bidarki Recreation Center
- The Bob Korn Memorial Pool
- Skater's Cabin
- Odiak Camper Park
- Shelter Cove Recreation Area.
- Hollis Hendricks Field
- Orca Inlet Fish Cleaning Station.
- Netty Hanson Park.
- The Tot Lot
- Orca Inlet Pump Track.
- Cordova Municipal Field.
- Whitshed Rd. Ballfield (a.k.a. Field of Dreams) / Whitshed Rd. Multi Use Field
- Fisherman's Memorial Park.
- Nirvana Park Cemetery and Eyak Lake Burial Grounds.

This division of the Parks and Recreation Department is currently underfunded. They must pay close attention to time management in order to be successful at protecting our assets.

#### PROGRAM GOALS AND OBJECTIVES

The City of Cordova Parks and Recreation Department Mission Statement:

Cordova Parks and Recreation is essential for providing and fostering Parks, Programs and Facilities for all in the pursuit of a healthy sustainable community.

Revised December 2012.

Goal: Preserve properties.

Objectives:

Perform routine and preventative maintenance on facilities, properties and parks.

Assist in creating timelines for capital improvement projects through accurate and thorough data collection.

Goal: Support continuity of service.

Objectives:

Address unforeseen maintenance issues on a timely basis.

Prioritize work flow daily, weekly, monthly and annually.

Maintain current CPO (Certified Pool Spa Operator) license.

## **BUDGET COMMENTARY**

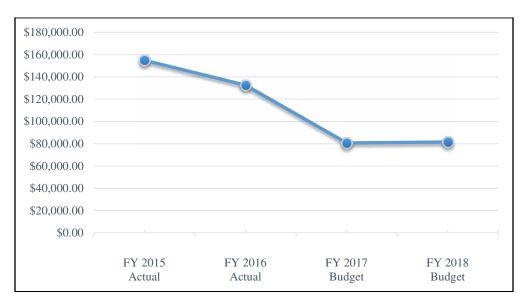

The Parks Maintenance team responds to unpredicted maintenance issues on a weekly basis. This division spends much of their time upholding maintenance related SOP's for every property/facility; the Parks Maintenance team also supports the Department in providing programming and special events to our Community.

The division supervisor assists the director in developing capital project priority lists and may be designated as project manager for either capital or small projects. The division supervisor must also maintain a current CPO (Certified Pool Operator) license through the State of Alaska Department of Environmental Conservation.

This budget includes ¼ of the wages for the Parks Maintenance Supervisor. The Parks Maintenance Supervisor's wages are split equally amongst the Bidarki, Pool and Parks Maintenance general fund budgets, and the Odiak Camper Park enterprise fund. The Parks Maintenance Supervisor is funded 1 FT temporary employee, seasonally.

POOL FUND: GENERAL

#### PROGRAM DESCRIPTION

The Bob Korn Memorial Pool promotes healthy habits and wellness to the community by facilitating and array of programs and activities to multiple ages groups. Below is a list of activities offered on a weekly basis:

- Open Swim for families and youth is offered a minimum of twice per week and up to 5 times per week in the summer. Time is set aside during each open swim to use the diving board and the rope swing.
- Lap swimming and other forms of aquatic exercise is available daily.
- Tot-Swim for non-swimmers and their parents happens a minimum of twice per week (perhaps more depending on the season)
- Lifeguard trainings are scheduled a minimum of twice per year.
- Swim lessons are available to a wide range of ages throughout the year.

Staff can assist you with scheduling and renting the pool for celebratory or educational programming throughout the year and depending on lifeguard availability.

The Bob Korn Memorial Swimming Pool enables the Cordova School District to execute their elementary school swim program (4 days a week) and the CHS swim team during their season. The pool also accommodates the Iceworm Swim Team 6 days a week for a minimum of 7 months a year.

#### PROGRAM GOALS AND OBJECTIVES

The City of Cordova Parks and Recreation Department Mission Statement:

Cordova Parks and Recreation is essential for providing and fostering Parks, Programs and Facilities for all in the pursuit of a healthy sustainable community.

Revised December 2012.

Goal: Promote healthy habits and wellness to the Community.

Objectives:

Facilitate/create aquatic programming and activities that appeal to the Community.

- Be aware of current aquatic fitness/programming trends.
- Be aware of changing demographics.

Goal: Identify and remove barriers to physical activity and recreation.

Objectives:

Invite feedback from local health care providers and the public.

Be proactive in solving problems with access.

Goal: Create a safe environment for patrons to recreate.

Objectives:

Address unforeseen maintenance issues on a timely basis.

Practice risk management routinely.

Create a current and effective EAP (Emergency Action Plan) for aquatic activities and programs.

Review annually and revise as needed; the P&R Dept. Code of Conduct.

Review annually and revise as needed; rules and regulations for the Bob Korn Memorial Swimming Pool Ensure the aquatics division maintains current certifications:

- CPO (Certified Pool Operator)
- LG (Lifeguard)
- LGI (Lifeguard Instructor)
- WSI (Water Safety Instructor)

### **BUDGET COMMENTARY**

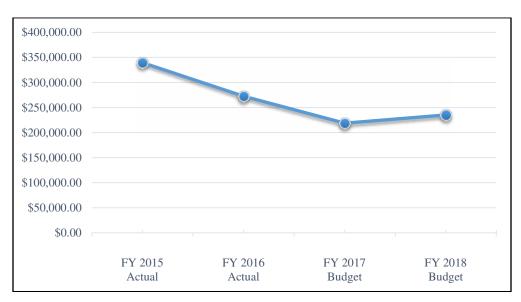

The Pool is a division of the Parks and Recreation Dept. Included in this budget is funding for:

- All aquatic programming sponsored by the City of Cordova Parks and Recreation Dept.
- Operational expenses related to the Bob Korn Memorial Swimming Pool.

This budget includes the wages of the Pool Manager; ¼ of the wages for the Parks Maintenance Supervisor, and temporary employee expenses related to aquatic community programming and janitorial services for the Bob Korn Memorial Swimming Pool.

HARBOR FUND: HARBOR ENTERPRISE

#### PROGRAM DESCRIPTION

The Port of Cordova department is responsible for maintaining the Small Harbor consisting of 711 stalls, Shipyard with a 150 ton Travelift, small boat storage in the Northfill area, two boat ramps, each with a floating dock and the parking lots in the North and South Harbor. Harbor employees consist of a Harbormaster, Operations Supervisor, 3 Harbor officers/maintenance and an Admin Assistant. The Harbor Dept. runs 7 days a week 8am to 5pm with the Harbormaster available 24/7.

#### PROGRAM GOALS AND OBJECTIVES

The following are the objectives for the Harbormaster

- Maintain a clean and safe harbor
- To be a peace office of the City, and as such shall enforce all ordinances and regulations governing the public use of the Port of Cordova.
- Responsible for all levels of moorage, maintenance, supervision and security of Harbor and Port facilities.
- Supervises daily office routine. Coordinates with Assistant Harbormaster on day to day departmental field operations.
- Interfaces with the Harbor Commission, City Council, local, state and federal agencies and other Municipal departments.
- Develops monthly and special meeting agendas for the Harbor Commission
- Prepares and implements annual budget and monitors accounts receivable
- Oversees maintenance of Harbor and Port facilities and equipment. Directs snow removal from Harbor and Port facilities
- Performs special vessel services such as pumping, towing, snow removal and securing vessels
- Supervises harbor emergency response activities in the event of fire, tsunami, oil spills or other emergencies

SEWER FUND: SEWER ENTERPRISE

#### PROGRAM DESCRIPTION

The City of Cordova Water and Sewer division consists of 5 employees holding State of Alaska water and wastewater operator certifications. Employees in this division make daily decisions that affect public health and the environment. They are working closely with the ADEC and EPA to avoid penalties and maintains State regulatory compliance. The primary duty of each employees is to achieve reliable levels of disinfection requirements for surface water supply sources with the intent to protect the public from waterborne disease.

The Water/Sewer Division maintains Cordova's principal water sources. Murcheson Creek, Orca Creek, Heney Creek/Meals reservoir are unfiltered and received UV and chlorine disinfection treatment only. Eyak Lake water is generally of poorer quality and receives coagulation, filtration, and disinfection.

The Water/Sewer Division personnel also perform tasks in wastewater treatment plant operations and they make control decisions from operational information acquired from laboratory analyses and data acquired from instrumentation. The sewer plant operator ensures the plant is properly operated and maintained to achieve compliance with the NPDES permit conditions.

The Water/Sewer Division also maintains water distribution and wastewater collection systems consists of 4 water storage tanks and 4 booster stations that maintain adequate pressure during peak season. The sewer collection system has 6 lift stations that must be properly operated and maintained.

#### PROGRAM GOALS AND OBJECTIVES

The City of Cordova is actively working toward achieving the requirements to maintain filtration avoidance for its surface water sources. The LT2 and Post LT2 projects and upgrades will satisfy the required level of disinfection by the SWTR (surface water treatment rule). Each source acquired UV (ultraviolet) light disinfection, automatic shutoff valving and controls, new instrumentation and OSHG (on-site hypochlorite generation) and distribution system upgrades.

In addition, the future system is projected to serve a maximum increase in population and industrial development and growth. The City of Cordova and Cordova Electric Cooperative Crater Lake proposed project may utilize Crater Lake as an auxiliary water supply to handle the increasing demands of water.

Continue to improve the water/sewer systems to achieve more efficient and effective operations that minimize cost expenses and maintain high service quality.

REFUSE FUND: REFUSE ENTERPRISE

#### PROGRAM DESCRIPTION

The Refuse Department consists of the Refuse Department Supervisor, 2 Equipment Operators, and 2 Refuse Maintenance Workers. Our staff is responsible for the collection, processing, and hauling of residential and commercial refuse and recyclables as well as the collection and shipping of hazardous waste. The refuse department also operates and maintains the 17 Mile Landfill and is responsible for the maintenance of the closed Whitshed Landfill.

#### PROGRAM GOALS AND OBJECTIVES

The following are goals the Refuse Department aims to achieve.

\*Goal: Deliver superior customer service.

Objectives:

- Grow customer satisfaction through friendly, timely responses and interactions.
- Listen to customer feedback on how to improve our operation.

\*Goal: Enhance the efficiency of our operations.

Objectives:

- Complete routes in a timely, consistent manner.
- Compact loads to maximum density before hauling to landfill to decrease trips.

\*Goal: Maintain ADEC compliance at 17 Mile Landfill.

Objectives:

- Follow all state and federal regulations.
- Increase man hours spent on landfill maintenance.

#### **BUDGET COMMENTARY**

Personnel – The Refuse Department consists of a 5-person crew and personnel accounts for 60% of our annual budget.

**Maintenance and Fuel** – The Refuse Department fleet consists of 3 collection trucks, 3 pieces of landfill equipment, 2 skid steer loaders, and 2 pick-up trucks. Most of these vehicles are due for replacement and these older models require more maintenance.

Landfill Maintenance – Surveying, monitoring well maintenance, rental of large equipment not owned by the Refuse Department.

**Professional Services** – Environmental consulting services for ADEC required monitoring well samples for the 17 Mile Landfill and surface water samples for the Whitshed Landfill and the reporting that must be submitted and for the consolidating, packaging, and shipping of hazardous waste.

Other Equipment – Purchasing of dumpsters, roll off containers and garbage cans, as well as maintenance of those items.

ODIAK PARK FUND: ODIAK PARK ENTERPRISE

#### PROGRAM DESCRIPTION

Odiak Camper Park is an R/V Park tending primarily, to seasonal long-term (over 30 days) tenants. On average, tenants stay for approximately 90 days; arriving in late April or early May.

Each space is provided with electrical hook ups. Tenants are metered individually and each can choose to have cable and internet access through local providers.

Water and Sewer is not provided. There is a dumping station on site and access to fresh potable water. The bath house is available to residents 24 hours a day. There are coin operated showers and toilets in each restroom.

There is a playground on site and a multi-use grass field adjacent to the Camper Park, that is available for recreational purposes.

A dumpster is located on the far end of the Park and it is emptied twice per week.

#### PROGRAM GOALS AND OBJECTIVES

The City of Cordova Parks and Recreation Department Mission Statement:

Cordova Parks and Recreation is essential for providing and fostering Parks, Programs and Facilities for all in the pursuit of a healthy sustainable community.

Revised December 2012.

Goal: Create a safe environment for tenants to live.

Objectives:

Perform routine and preventative maintenance on schedule.

Respond to unexpectant maintenance needs quickly and efficiently.

Clearly communicate and enforce the rules and regulations of the Camper Park to the best of our ability.

Goal: Adjust the rates to keep revenue and expenditures in balance.

Objectives:

Collect and accurately compile data on revenue and expenditures.

Collect and accurately compile data on maintenance schedules related to the property.

Goal: Preserve the property.

Objective:

Perform routine and preventative maintenance on schedule.

Respond to unexpectant maintenance needs quickly and efficiently.

Goal: Improve property.

Objective:

Invite tenants to participate in public process to communicate their changing needs and desires.

Update the Master Plan as needed; prioritizing capital improvement projects.

Adjust rates to fund for future improvements.

#### **BUDGET COMMENTARY**

The Parks and Rec. Commission will be reviewing the Odiak Camper Park, 10-year Master Plan, this summer. For many years the highest priority was to promote the development of an R/V Park in the private sector. This has been the highest priority since 2007 and nothing has happened.

The Park needs some capital improvements and an updated priority list will be developed this summer. A rate analysis will follow and we will move forward with plans to renovate. Some projects have been suggested in Commission meetings and some among the tenants; these suggestions are not listed in priority now.

- Water/sewer line hook ups. There is a gray water dumping problem on site which presents a health safety concern that should be remedied sooner than later.
- Convert a portion of the covered picnic area into 2 single toilet unisex bathrooms. The men's bathroom has one urinal and one toilet; this does not adequately serve the tenants. New water/sewer lines to each space may eliminate this a need.
- Replace all the outdated playground equipment.
- Build a covered fenced in shed for the dumpster to reside. Containing trash is a problem at Odiak Camper Park and the result attracts bears. It is unsightly and poses safety issues.

2014 -2016 we steadily decreased the number of short term spaces available to rent at the Park and now the entire Park is designated to long-term seasonal renters. A waitlist remains for those interested in long-term seasonal rental space. We developed 3 spaces at Shelter Cove that do not include electrical, water/sewer hookups. These spaces are popular for a certain type of tourist but not an option for some.

This budget covers funding for all operational expenses related to Odiak Camper Park and ¼ of the Parks Maintenance Supervisor's wages.
