10. Direction to Manager to negotiate with Yukon Equipment for Elgin Pelican Street Sweeper
M/ Meyer S/Guard to direct the City Manager to negotiate a contract with Yukon Equipment Inc. of Wasilla, AK to provide an Elgin Pelican Street Sweeper for $234,100. Meyer said this has been discussed previously and she is in support of staff’s suggestion at this time. Jones said he is not necessarily in favor, but he does appreciate that this was budgeted. He doesn’t know if we need to spend $250,000 on a new one. Stavig stated that the sweeper is 8 years past its useful life it has been rebuilt a few times, is very time-intensive for the mechanics and the contract here is using government pricing and it’s a pretty good deal for what we are getting. Bailie spoke in favor – he reiterated something he said last time that a local contractor advised that a new one is appropriate in this instance. Howarth said she is committed to a good schedule of equipment needs in the future, so these are easily understood by Council. Stavig added that Public Works is using a program now that will more accurately track hours on equipment including costs of maintenance, employee time, etc. Jones asked about the $120k or so gap that was mentioned when they discussed this at budget approval – he wondered if we have the answer to that. Howarth said yes, Greenwood has figured that out. Chip Seal fund $138k, chains $20k, sand $7k less, a truck $50k other vehicle parts $19k which totals the $234k for this street sweeper purchase.

Vote on the motion: 6 yeas, 0 nays, 1 absent (Schaefer). Motion was approved.

J. Reports of Officers
11. Mayor’s Report – Mayor Koplin reported: 1) Cordova was designated a USCG City – he’s getting a flag that was flown at the Capitol in Juneau from Representative Stutes and presenting that and the proclamation to the USCG at the Iceworm variety show; 2) he will be going to Juneau next week – Rep Stutes has a House Transportation Committee meeting scheduled for Tuesday; 3) He and Chamber Director Cathy Renfeldt had a call with Alaska Airlines today – they have some scheduling changes which are upcoming that will affect Cordova’s flight 61 and 66 – there are some tradeoffs, but it’s a pretty big change, first one to Cordova’s schedule in 10 or so years; 4) CFDC continues to work, as Bob attested to in his report, which has helped with the commissioners permits for crab, working toward sea cucumber in the fall; 5) as far as Lobbyist John Bitney – we did pretty well as far as the priorities for last year, with the Harbor matching grant, school bond debt reimbursement could’ve been a lot worse and shared fish taxes remaining the same; 6) sat in on Parks and Rec and it’s exciting what they are working on as well as the utilization numbers at Bidarki; 7) working on a Mayor’s lunch for second or third week in February.

12. Manager’s Report - City Manager Helen Howarth reported: 1) CCMC sale – nothing new to report – later we’ll discuss the specialized law firm; 2) finances – Dean will discuss this update; 3) she acknowledged Kara Johnson who has been running City sales tax and utilities who will be leaving the City to go to Juneau and work for AML running the new online sales tax program, her last day is February 3; 4) the front desk employee will move over to that position and unfortunately, the candidate for Finance Director that we hoped to be able to announce tonight has declined to accept the position – we are still in seek and search mode.

a. Financial statements – Dean Baugh approached to explain the report. A lot of the numbers in these reports can still change as 2019 is still having expenses and revenues - these are fluid. He has the auditors scheduled to come in June this year, a little later than normal but he will be out of the country. He reiterated the somewhat low cash balances since all the big revenues come later in a year, what we have now will have to last until June or July. The $900k that it looks like now will be negative by March. There will be enough for cash flow needs, but that gets “borrowed” from enterprises funds, reserve funds, as those are all lumped in the repurchase account. The report also includes long term debt – Baugh said after 2028 all of the school bonds drop off and you’ll look way better then. He presented in the packet year-end 2018 and 2019 so these two years could be compared. Overall, 2019 is looking a little better than 2018 ended.

Questions: Meyer asked about how non-departmental looks twice as much as was budgeted for. Baugh said two big contributors to that were Attorney fees were over budget as were audit fees (2017 audit was still being finalized in early 2019, and then all of the 2018 audit – so that was approximately $60k over). Bailie asked the manager if she knows why the attorneys were so far over. Howarth said she does not, she will look into it, she will be tracking it monthly. Bailie also asked the Manager if she was going to bring back the City organizational chart. Howarth said she can if that is asked of her, not right at this moment probably; currently the Finance Director is the only vacant position.

13. City Clerk’s Report – Bourgeois reported: 1) thanked Deputy Clerk Tina Hammer for handling Clerk duties in her recent absence; 2) also thanked Hammer for staffing CFDC as it has been meeting weekly now, time-consuming also thanked the Mayor for his work with the committee; 3) Fisheries Advisory Committee will be reauthorized tonight and Mayor Koplin has suggested realignment of the seats; and 4) an ordinance will be forthcoming amending our sales tax code as the new remote sellers sales tax collection is just getting going.

14. Staff Quarterly Reports – 4Q 2019

a. Information Services/Technology - Jason Gabrielson
b. City Investments, *Buck & Chad Adams*, UBS Financial

c. Museum & Cordova Center – Director *Mimi Briggs*

d. Parks & Recreation – Director *Susie Herschleb*

Council comments on staff reports: *Bailer* said he thinks it is time we RFP for investment services. He said the returns shown in this report are before fees, he would like to see the returns after fees. Also, the report mentions the excess cash was reinvested per your instructions – *Bailer* said when we give those instructions. He thinks it is wise to look at other companies, even if we wind up staying with them. *Meyer* had a question about why it looked like half the $1.3 million for CCMC PERS was taken from PF (permanent fund) and half from CT (central treasury). *Bough* said he directed them to do that, he was not under the impression that it all had to come from PF, so that is his fault. *Bough* said he would remedy that.

*M/Bailer S/Meyer* to approve Resolution 01-20-03 A resolution of the Council of the City of Cordova, Alaska authorizing the City of Cordova to amend resolution number 12-19-56 reducing total appropriation by $128,331

*Bough* said the backup to the approved budget was accurate, the only error was in the “transfers in” and transfers out” between accounts, which is why all that needs to be amended is the front page of the budget approval resolution. That is all this resolution does.

Vote on the motion: 6 yeas, 0 nays, 1 absent. *Jones-yes; Guard-yes; Glasen-yes; Meyer-yes; Bailer-yes; Schaefer-absent; and Allison-yes.* Motion was approved.

19. Resolution 01-20-04 A resolution of the Council of the City of Cordova, Alaska, re-authorizing the Cordova Fisheries Advisory Committee that had been created by Resolution 04-03-45 on April 16, 2003 and further defining the committee membership

*M/Bailer S/Glasen* to adopt Resolution 01-20-04 a resolution of the Council of the City of Cordova, Alaska, re-authorizing the Cordova Fisheries Advisory Committee that had been created by Resolution 04-03-45 on April 16, 2003 and further defining the committee membership

*Mayor Koplin* said this is a positive thing, this committee is being revived because ADFG Commercial Fisheries Director *Rabung* has asked for recommendations on any management gaps that exist in Area E fisheries so that the department can focus on those as they are under budget constraints; they are reaching out to solicit our input. He said the processor seat remains vacant and he is looking for interest in that, preferably from someone here year-round.

Vote on the motion: 6 yeas, 0 nays, 1 absent (Schaefer). Motion was approved.

19a. 9. Proclamation USCG - A proclamation by the Mayor and Council of the City of Cordova, Alaska recognizing the vital importance of the United States Coast Guard to the City of Cordova

*M/Allison S/Bailer* to concur with Mayor Koplin’s proclamation recognizing the vital importance of the United States Coast Guard to the City of Cordova

*Mayor Koplin* read the title of the proclamation so that it could be on the record as suggested by Council member *Bailer.*

“A proclamation by the Mayor and Council of the City of Cordova, Alaska recognizing the vital importance of the United States Coast Guard to the City of Cordova.”

Council members commented on the vital importance of the Coast Guard members as well as their spouses and families who contribute to the town considerably.

M/Bailer S/Guard to authorize and direct City Manager Helen Howarth to engage with the legal firm of Dorsey & Whitney, LLP, to represent the City exclusively for the sale of CCMC.

Bailer said he supports it. Guard said this is a big enough deal we need expert legal representation for this. Meyer said we are in the early stages, but this is a smart move for the City to hopefully ensure this sale happens and the process is smooth in order to provide good health care for Cordova.

22. Pending Agenda, Calendar and Elected & Appointed Officials lists

There was discussion about an RFP for investment services - City Manager Howarth said she is happy to do so - therefore, no council action needed, nor was there a need to place this on Pending Agenda. Jones asked to update item 15 on PA to include other grant opportunities for the Harbor: Mirad, BUILD, Corps of Engineers and EVOS, there was support to do so. Bailor mentioned item 16 and the burn pile - as PWSSC moves ahead with the new building, we better start exploring what we do with the burn pile, could be a huge additional cost to take in all the debris that is burned there now.
