Date: December 29, 2010

RE: Ordinance to transfer money from the Permanent Fund to the General Capital
Projects Fund

Within the adopted budget for 2011, the appropriation for Governmental capital project
expenditures was $681,879. Part of the money is from grants, $104,223. The primary source for
money to pay for the projects is from transfers of money from the Permanent Fund.

Also within the adopted budget for FY 2011, a capital project of $40,000 for the high school was
anticipated at the time, however the scope and funding of the project has changed, thus the
modified appropriation and transfer is more appropriately dealt with separately at the proper
time.

Also, within the adopted budget for FY 2010, the appropriation of $300,000 for the purchase of a
loader was included, and the loader has now been purchased for an actual invoice amount of
$255,700, but the money to pay for it has not yet been transferred from the permanent fund. This
Ordinance also includes such transfer.

The appropriation to spend the money was done in the Budget Resolution. Now, this Ordinance
is authorization to transfer money from the Permanent Fund to Fund #401, to actually pay for the
projects.

The total transfer requested is $681,879, less $104,223 from Grants, and $40,000 for the School
Building, plus $255,700 for the loader = $793,356.
