WHEREAS, the City Council of the City of Cordova, Alaska, recognizes the majority of the public boat harbors in Alaska were constructed by the State during the 1960s and 1970s; and

WHEREAS, these harbor facilities represent critical transportation links and are the transportation hubs for waterfront commerce and economic development in Alaskan coastal communities; and

WHEREAS, these harbor facilities are ports of refuge and areas for protection for ocean-going vessels and fishermen throughout the State of Alaska, especially in coastal Alaskan communities; and

WHEREAS, the State of Alaska over the past nearly 30 years has transferred ownership of most of these State-owned harbors, many of which were at or near the end of their service life at the time of transfer, to local municipalities; and

WHEREAS, the municipalities took over this important responsibility even though they knew that these same harbor facilities were in poor condition at the time of transfer due to the state’s failure to keep up with deferred maintenance; and

WHEREAS, consequently, when local municipal harbormasters formulated their annual harbor facility budgets, they inherited a major financial burden that their local municipal governments could not afford; and

WHEREAS, in response to this financial burden, the Governor and the Alaska Legislature passed legislation in 2006, supported by the Alaska Association of Harbormasters and Port Administrators, to create the Municipal Harbor Facility Grant program, AS 29.60.800; and

WHEREAS, the City Council of the City of Cordova, Alaska, is pleased with the Department of Transportation and Public Facilities administrative process to review, score and rank applicants to the Municipal Harbor Facility Grant Program, since state funds may be limited; and

WHEREAS, for each harbor facility grant application, these municipalities have committed to invest 100% of the design and permitting costs and 50% of the construction cost; and

WHEREAS, the municipalities of the City of Cordova, City and Borough of Sitka, City of Ketchikan, City of Homer, City of Edna Bay, City of Kake, City and Borough of Juneau, and the Municipality of Anchorage have offered to contribute $12,145,312 in local match funding for FY2021 towards seven harbor projects of significant importance locally as required in the Harbor Facility Grant Program; and

WHEREAS, completion of these harbor facility projects is all dependent on the 50% match from the State of Alaska’s Municipal Harbor Facility Grant Program; and
WHEREAS, during the last ten years the Municipal Harbor Facility Grant Program has only been fully funded twice; and

WHEREAS, during the last ten years the backlog of projects necessary to repair and replace these former State-owned harbors has increased to over $100,000,000.

NOW THEREFORE BE IT RESOLVED that the City Council of the City of Cordova, Alaska, urges full funding in the amount of $12,145,312 by the Governor and the Alaska Legislature for the State of Alaska’s Municipal Harbor Facility Grant Program in the FY 2021 State Capital Budget in order to ensure enhanced safety and economic prosperity among Alaskan coastal communities.

Hey Clay,

I would like to join the Cordova Fisheries Development Committee. As a long time fisherman out of Cordova. Fishing in the sound and around the state. I believe that I have a unique perspective and insight to share with the group. Having participated in ground, shellfish, dive, herring, and salmon fisheries I think I could be helpful in not only bringing current fishing data in, but also help in spotting trends in current fisheries around the state. I believe that we the Committee also brings a lot to the table in our fisheries resource development. We as fishermen of Cordova are the frontlines of our fisheries and I would like to be further involved in them.

Sincerely,
Ronald C Blake

Dear Mayor Koplin,

The Native Village of Eyak appreciates the invitation to participate in the Cordova Fisheries Development Committee. We would be honored to participate.

I designate John Whissel to fill NVE’s seat on the CFDC. John represents the tribe on fisheries and wildlife issues to the state and federal government. John has a history of opening and establishing a variety of harvests and is involved with the management of our local fisheries, and research conducted on these fisheries. John is supported by a department of staff with expertise in fisheries, wildlife, engineering, geology, and environmental remediation and will draw upon these resources to facilitate the work of the CFDC.

3. Chairpersons and Representatives of Boards and Commissions

CCMCA Board – Chairman Greg Meyer reported: 1) he thanked the 60+ CCMC employees for doing a great job under somewhat stressful circumstances; 2) thanked Council for the support concerning PERS – they are now just about caught up, CCMC sent $508K and then the City sent another $964K and they might need about another $100K, PERS will let us know when they’ve calculated the rest of the interest; 3) they have about $900K in the bank which is about 30 days cash on hand, he had hoped they’d get through the year ok, it looks like they will, they picked up a couple of swing beds which has helped the cash flow; 4) Randall has been renegotiating some contracts and changing vendors to cut costs; 5) the health needs assessment is out to stakeholders; 6) NVE has done an assessment of the building, facility assessment – will be complete in about 2 months – they have said they will share that with us – and they are about $50K into a financial analysis of the hospital – those reports will also be shared; 7) thanked Council for the budgeted amount in 2020, he continues to ask CEO if they can cut, personnel are so hard to cut – he said they tried previously and got themselves into a bind because office staff were missing and needed.

Melina Meyer had a question about the $964K used for the PERS debt – Council had approved $1.3M. Greg Meyer said they will probably need about $100K more once PERS gives the final interest tally to CCMC.

4. Student Council Representative Report – William Deaton reported that they have officially launched the anti-vaping campaign at the high school. So far Alaska is the only state that hasn’t had a teenage hospitalization resulting from vaping.

J. Reports of Officers
10. Mayor’s Report - Mayor Koplin is in Juneau, met with Forrest Bowers, Deputy Commissioner of ADFG along with Ron Blake and Makena O’Toole and on the phone were 2 other CFDC members (Bob Smith and Andy Craig) and it was a productive meeting – he thinks it could evolve into a sea cucumber fishery in Cordova. Less productive was a meeting with Deputy Commissioner of the ADOT, Mary Siroky - news was worse than expected – no service until May 15 and Aurora is in yard now, possibility of getting the Hubbard built and, in the water, to start in PWS. He also asked for one week a month Tustumena service. There were follow up meetings and there is the ability for the legislature to use reserve funding that the Marine Highway has put away that can be used for O&M and every maintenance project that is occurring right now is going dramatically overbudget. He hopes to meet with the Commissioner (Captain Falvey) in the next couple of days in Anchorage and make it clear to him that this isn’t acceptable to our community. Sounds like the union is about to ratify a contract which may be helpful as far as winter service.

11. Manager’s Report - City Manager Helen Howarth had no report to give.

12. City Clerk’s Report - Bourgeois reported on the new executive session language she has put on the agenda to make it easier to enter e.s. for good reason on any item already on the regular agenda. Also, she emailed council with instructions on how to obtain a City ID if they were interested in doing so. Meyer asked about the class action material that is in the packet. Bourgeois said the notice was sent to give City’s the ‘opt out’ opportunity. City Attorney Holly Wells has advised to do nothing at this time – Cities who are opting out might have their own litigation going against prescription drug companies. City Manager Howarth concurred with the Attorney opinion.

L. Ordinances and Resolutions
20. Resolution 11-19-46 A resolution of the City Council of the City of Cordova, Alaska, authorizing amendment to the FY19 budget in the amount of $18,000 for the EMPG-GY19 grant and the $18,000 City match

M/Guard S/Meyer to approve Resolution 11-19-46 a resolution of the City Council of the City of Cordova, Alaska, authorizing amendment to the FY19 budget in the amount of $18k for the EMPG-GY19 grant and the $18k City match

Guard said he thinks this is bookkeeping we need to do to save our grant money. Howarth said she can speak to all of these budget amending resolutions and say just that, these are housekeeping resolutions being brought forward by Finance Director Dean Baugh - they are to move the funds into the appropriate line-items. None of these change any Council action as far as allocating resources or agreeing to spending the money. Glansen asked if there was any new money being spent and the response was, no; these are moving funds into different line-items. Allison said he will support this, but he doesn’t agree with passing budget amendments just to make the budget look right. He asked for consistency also in these items as one of the memos mentions permanent fund when actually, this is all general fund money we are talking about. Vote on the motion: 6 yeas, 0 nays, 1 absent. Meyer-yes; Schaefer-absent; Glansen-yes; Jones-yes; Allison-yes; Guard-yes and Bailler-yes. Motion was approved.

N. New & Miscellaneous Business

24. City Council role in negotiations and approval of the Collective Bargaining Agreement between the City and IBEW Local Union 1547 – discussion
Jones asked for this to be put on he would like to see a council role in approving the IBEW contract. He believes that it is a big part of our budget dilemma this year and as such an expensive drain on our resources, Council should be more involved. Howarth said she has been involved in collective bargaining agreements in the past as executive director with oversight by a board of directors and what she has seen work well is when the Council/Board sets parameters with the executive director, before the negotiations and then a fiscal note is made clear as to exactly how the contract hits the budget. She believes that conversations could be had between herself and council through the process, so she and the negotiating team are made well aware of limitations, in advance of negotiations. Jones said he completely agrees. Other Council members commented and there was a consensus that this should be addressed before the next negotiation.

25. Pending Agenda, Calendar and Elected & Appointed Officials lists
Glasen said he’s been hearing from citizens about the smells that came off of Ocean Beauty’s fish oil plant this summer. Council concurred to allow staff to get in touch with the processor and address this directly with them. Bailer suggested there may be language when that was permitted about smell, etc. Planner might be able to assist. Bourgeois said she would add to pending agenda an ord change in the new year on Council role in collective bargaining negotiations/approval of contract. Meyer asked the Mayor if there was a First Alaskans update – had they responded to the Mayor’s request yet. Mayor Koplin said not yet. Bourgeois asked Mayor Koplin if he would be at Sobriety to present the proclamation approved tonight and he said yes, he did plan to attend and read the proclamation. Mayor Koplin said Representative States would also be in for Sobriety and intended to have a public meeting on November 14 as well. Bourgeois reminded everyone that next week Nov 13 - 6pm joint work session with School Board at HS, then back here for Council budget work session (likely) – to be determined after the conclusion of tonight’s budget work session after this regular meeting.

O. Audience Participation - none

P. Council Comments
Jones apologized for not being in person and thanked everyone for their attendance tonight.
Bailer said his phone keeps ringing on this issue - staff parking up in front, taking public spots, he doesn’t know if it’s a policy or an issue – he just asked the Manager to have that discussion maybe with her staff. Bailer also asked the Manager to shoot them emails on her comings and goings, he wanted to make the public aware that Council had an agreement with you that you would be coming and going a bit until after the first of the year.
Guard would like to revisit the Beecher case at some point.

Q. Executive Session - none

R. Adjournment
M/Bailer S/Guard to adjourn the meeting.
Hearing no objection Vice Mayor Meyer adjourned the meeting at 7:49 pm.

Mayor Clay Koplin and Cordova City Council
P.O. Box 1210
Cordova, AK 99574

Dear Mayor Koplin and Council Members,

We are writing to request an in-kind contribution from the City of Cordova by waiving some or all of the disposal fee at the City Landfill for accepting debris from demolished abandoned vessels.

We are applying for Marine Debris Removal funds from the National Oceanic and Atmospheric Administration (NOAA) to remove four abandoned vessels at Three Mile Bay, adjacent to the Prince William Marina. The application is due December 4.

These vessels have been contaminating near shore salmon waters for several years. They were improperly but deliberately grounded on private property, and we are working with property owner Laurie Honkola, City staff, and the Native Village of Eyak to address this marine debris pollution problem. We plan to also coordinate a volunteer clean up after the vessels have been removed to pick up debris that can be moved by hand.

We will be proposing to remove four vessels: the Old Crow, a 56’ steel hull tender (owner deceased); the Cavale, a 64’ steel tender, owner deceased; a 34’ fiberglass sailboat (owner deceased); and a 19’ fiberglass skiff (owner unknown).

Funds are being requested for boom containment of potential contaminants, moving the vessels to within reach of heavy equipment at the marina, demolishing the vessels, and hauling the construction and demolition debris to the City landfill. An in-kind contribution of debris disposal will assist us with illustrating community support and matching funds for this effort. Debris hauled to the landfill will be separated by material so that metal debris can be deposited in the scrap metal pile.
Thank you for your consideration of this important community partnership effort to clean up abandoned vessels, which are by definition no one’s, and everyone’s, problem.

Sincerely,

Lisa Docken

AGENDA ITEMS # 16, 17 & 18  
City Council Meeting Date: 11/20/2019  
CITY COUNCIL COMMUNICATION FORM

DATE: 11/14/2019  
ITEM: Ordinances 1178, 1179 & 1180  
NEXT STEP: Council voice vote on first reading

___X___ ORDINANCES  _____ MOTION  
_____ RESOLUTION  _____ INFORMATION

I. REQUEST OR ISSUE: At the November 13, 2019 Council budget Work Session, Council directed staff to bring these 3 ordinances to the November 20 meeting for Council action/discussion.

II. RECOMMENDED ACTION / NEXT STEP: Council motion to adopt Ordinances 1178, 1179 and 1180 on first reading – only voice vote required.

III. FISCAL IMPACTS: The fiscal impact can be seen in the attached spreadsheet showing the estimated revenue generation of these sales tax adjustments.

IV. BACKGROUND INFORMATION: After 2 budget work sessions on November 6 and November 13 with new City Manager Helen Howarth, it became evident that there was a $900K shortfall in the FY 2020 budget. The attached spreadsheet also shows the impact each ordinance would have on diminishing the $900K shortfall.

V. LEGAL ISSUES: Ordinances 1179 and 1180 seem to conflict but legally it is okay for Council to approve both at first reading to get more public and business owner input before deciding finally which is the better fit for the community.

VI. SUMMARY AND ALTERNATIVES: City Council has 3 ordinances for action tonight. If all three are approved at first reading, Council should clearly direct staff how to proceed regarding timing of second reading. Customarily, second reading would be at the next regular meeting (Dec 4). The ordinances if finally approved on Dec 4 would not become effective until after the new year (30 days after passage and publication). Council can still legally adopt a budget on Dec 19 using revenue from the approved ordinances. Alternatively, Council could request a Special Meeting for second reading previous to Dec 1 which would make the ordinance effective by Jan 1.

Cordova, AK 99575

Honorable Mayor Koplin;

This is my letter of interest to continue serving on the City of Cordova Harbor Commission. I have been a Cordova resident since 1990 and a year round harbor user.

I am an owner of Alaska Marine Response LLC, a salvage and marine contractor, and a commercial fisherman. For these businesses I rent slips in our harbor for the salvage tug Oswell Foss, fast response vessel Arctic Skimmer and fishing vessel Alena K.

I look forward to continue working with City staff in addressing our harbor needs and challenges.

Sincerely,

Andy Craig

Application Revised: 10/2019
Hi Susan, Clay

I would like to put my name in the hat for another term on harbor commission. I think we are starting to finally make some great progress towards getting a grant for rebuilding the south harbor and would like to stay involved and see the project through.

I also feel it is important to have all the different constituencies represented in the makeup of the commission, and I feel that I uniquely belong to many of the different user groups the harbor does business with, and I believe this brings helps me to bring value to the commission.

Thanks

- Ken Jones

Board/Commission Application Revised: 10/2019
AGENDA ITEM # 20
City Council Meeting Date: 11/20/19
CITY COUNCIL COMMUNICATION FORM

FROM: Planning Staff
DATE: 11/13/19
ITEM: Make a Portion of Copper River & Northwestern Company, Terminal Ground B ‘Available’
NEXT STEP: Make Area ‘Available’

___ ORDNANCE _____ RESOLUTION
_X_ MOTION _____ INFORMATION

I. REQUEST OR ISSUE:

Requested Action: Make Area ‘Available’
Legal Description: A Portion of Copper River & Northwestern Company, Terminal Ground B
Lot Area: Approximate Area = 25,000 SF (Unsurveyed)
Zoning: Business District
Location Map: Location Map
Letter of Interest from Sheridan Joyce
Planning Commission Resolution 19-09

II. RECOMMENDED ACTION / NEXT STEP:

If City Council would like to make this property ‘Available,’ they may do so by the following motion:

“I move to make an approximately 25,000 square foot portion of Copper River & Northwestern Company, Terminal Ground B ‘Available’ in the 2019 Land Disposal Maps.”

III. FISCAL IMPACTS:
Fiscal impacts include the potential purchase price of the property and future property tax revenue.

**IV. BACKGROUND INFORMATION:**

The letter of interest identifies a portion of property which is approximately 25,000 square feet. Final square footage and precise dimensions would be determined by survey as a part of the disposal process.

This property is currently designated ‘Not Available’ on the 2019 Land Disposal Maps. There has been a lot of discussion over the years by the commission about how to change designations on the Land Disposal Maps. In past years, the commission tried to limit designation changes to the annual map update process; however, the current policy is that designations can change on a case-by-case basis; see the designation descriptions and update policy below.

Planning staff spoke with the Public Works Department to determine if there was any current or future need for the property for city purposes. Public Works staff indicated that there were no concerns with disposing of the property as it was a significant distance away from the cemetery on the western side of the property. The cemetery is likely the reason this property was never designated ‘Available.’

The 2019 Land Disposal Maps are available online:

The following is the description of the map designations and update policy from the 2019 Land Disposal Maps:

**Map Designations**

**Available** – Available to purchase, lease, or lease with an option to purchase. Any of these lots may have conditions or special criteria that must be met.

**Available - Requires Subdivision** – These parcels are considered ‘Available.’ These are large parcels of land which would most likely be developed as a subdivision. The disposal process for these parcels is complex and could take a significant amount of time. Many require some or all of the following: city acquiring title to the land from the state, an extensive amount of surveying, or subdivision development agreements. Many of these parcels include city improvements that would not be disposed, such as access roads, water infrastructure, trails, cemeteries, etc.

**Not Available** – These parcels include substandard lots, snow dumps, property with improvements/buildings on them, or other lots used or occupied by the city. The city manager will accept letters of interest from an interested party who requests the property designation be changed to ‘Available,’ however the existing city use of the property will be examined and carefully weighed against the letter of interest.

**Tidelands** – All requests to purchase tidelands will be reviewed by the Planning Commission as they are received. The Planning Commission will make a recommendation on disposing of the tidelands to City Council.

**Leased** – These are parcels currently leased to a business or government entity by the city and are not available during the lease term. There are leases that are short term and renew every two years and others
are long term leases with substantial improvements on the property. At the end of the lease term the property becomes available for disposal.

**Update Policy**

Maps will be updated on an annual basis by the Planning Department staff, reviewed by the Planning Commission, and adopted by City Council. This update process begins each year with updated maps being presented to the Planning Commission in January, but the maps may be modified throughout the year on a case-by-case basis.

**11/12/19** – At the Planning Commission Regular Meeting, the commission recommended City Council make the property ‘Available’ via Resolution 18-09 (attached). Below is a summary of what occurred:

**M/Bolin S/Baenen to approve Resolution 19-09**

*Bolin* said he thought this went along with the comprehensive plan; having a new business pop up and then want to expand. *Baenen* said he thought it was a great place next to an existing business, nowhere close to the cemetery. *Bird* wondered why it wasn’t ‘Available’ in the past. *Stavig* said that with large tracts of land, he does not like the idea of creating fake subdivisions with different designations; for example, the cemetery on Power Creek is part of a large piece of land that is ‘Available,’ knowing that the cemetery wouldn’t be disposed. Typically, the commission errs on the side of having land ‘Available,’ however not in this case. The cemetery does take up a significant amount of the property, so that is likely the reason it has been ‘Not Available’ in the past.

*Bird* verified that this parcel hasn’t been discussed for the future Public Safety Building. *Lohse* said he supports the resolution and would like to look into property designations. *Stavig* said they will be looking at that in January when they review the Land Disposal Maps. *McGann* said it was an appropriate location for the business.

Upon voice vote, resolution passed 7-0.

Yea: *McGann, Pegau, Baenen, Roemhildt, Bird, Bolin, Lohse*

**V. LEGAL ISSUES:**

No legal review required.

**VI. SUMMARY AND ALTERNATIVES:**

The City Council could take no action, which would result in the property remaining ‘Not Available.’
To the City of Cordova,

I am seeking to purchase commercial property along the Copper River highway for commercial use for my business, Cordova Powersports. Currently the business is operating out of a single car garage and a small outdoor storage area in a non-commercial zoned area. This severely limits the business's ability to procure retailer statuses with large parts suppliers, and eliminates the possibility of becoming a dealer of off road vehicles. The business is also severely space constrained, operating with minimal to no available space for additional business during most of the summer months.

Many inquiries have been made over the last two years to private owners of commercially zoned property with no success. For that reason, I am asking the City of Cordova to designate a parcel of city owned land south of the copper river highway to the west side of, and adjacent to, Eagle Contracting's property lines as “Available”. I have marked an approximation of the desired area in green in the picture below. If this property were to be sold to Cordova Powersports, it would be used to construct a shop/showroom commercial building and a secure storage yard, solely for commercial use.

Thank you for your consideration,

Sheridan Joyce

AGENDA ITEM # 21
City Council Meeting Date: 11/20/19
CITY COUNCIL COMMUNICATION FORM

FROM: Planning Staff
DATE: 11/13/19
ITEM: Letter of Interest from Sheridan Joyce for a Portion of Copper River & Northwestern Company, Terminal Ground B
NEXT STEP: Direct City Manager on Disposal and Disposal Method

I. REQUEST OR ISSUE: This action item is contingent on City Council designating the subject property as ‘Available’ and if this has not occurred then no action should be taken.

Requested Actions: Direct City Manager on Disposal and Disposal Method
Applicant: Sheridan Joyce
Legal Description: A Portion of Copper River & Northwestern Company, Terminal Ground B
Lot Area: Approximate Area = 25,000 SF (Unsurveyed)
Zoning: Business District
Location Map: Location Map
Letter of Interest from Sheridan Joyce

II. RECOMMENDED ACTION / NEXT STEP: Staff suggest the following motion:

“I move to dispose of a Portion of Copper River & Northwestern Company, Terminal Ground B as outlined in Cordova Municipal Code 5.22.060 B by *”

Choose one of the following to insert for the asterisk:
1. Negotiating an agreement with the Sheridan Joyce to lease or purchase the property.
2. Requesting sealed proposals to lease or purchase the property.
3. Inviting sealed bids to lease or purchase the property.
4. Offering the property for lease or purchase at public auction.

III. FISCAL IMPACTS: Fiscal impacts also include the potential purchase price of the property.
IV. BACKGROUND INFORMATION: See memo for making this property ‘Available’ for information on the property. This property is zoned in the Business District, so the letter of interest does describe a use that is compatible with the district. City water is available to this property. City sewer is not available without significant infrastructure upgrades.

10/17/19 – Received a letter of interest from Sheridan Joyce for the property.

10/12/19 – At the Planning Commission Regular Meeting, the commission recommended City Council dispose of the property by direct negotiation. The following is a summary of what occurred:

M/Baenen S/Bolin to recommend to City Council to dispose of a Portion of Copper River & Northwestern Company, Terminal Ground B as outlined in Cordova Municipal Code 5.22.060 B by negotiating an agreement with Sheridan Joyce to lease or purchase the property.

Baenen said it looked like a great place for Joyce to have his shop. Baenen said the property was already being utilized by the neighbor and there was some flat area to work with. Bolin said he was the only one in town who provided the service. Roehmhlidt said he was in favor as it had been sitting there forever and no one took notice with the property in the past.

Bird said she thought it was unfair to do direct negotiation since the property had been designated ‘Not Available.’ By requesting proposals, they would advertise the property so that anyone else could submit a proposal. Lohse said he was interested in what Joyce’s plans to develop it were. He thought that anyone with those skills, wanting to do that type of work was valuable. Pegau said he also had concerns about doing it through direct negotiation. He said they usually request sealed proposals, as it is a check to see if there is other interest and it requires the applicant to provide more information. McGann said that he also had concerns.

Baenen said he disagreed because they did it with Saddle Point Machine’s property and the Science Center. Joyce is going through the proper process. Bird verified that City Council ultimately decides how to dispose of the property.

M/Bird S/Pegau to amend the motion to request sealed proposals to lease or purchase the property.

Upon voice vote, motion to amend failed 2-5.

Yea: Pegau, Bird

Nay: McGann, Baenen, Roehmhlidt, Bolin, Lohse

Upon voice vote, motion passed 7-0.

Yea: McGann, Pegau, Baenen, Roehmhlidt, Bird, Bolin, Lohse

Applicable Code:

5.22.040 - Letter of interest to lease or purchase,

C. The planning commission shall review the letter of interest and recommend to the city council whether to offer the real property interest for disposal by one of the methods as described in Section 5.22.060(B).

5.22.060 - Methods of disposal,

B. In approving a disposal of an interest in city real property, the city council shall select the method by which the city manager will conduct the disposal from among the following:

1. Negotiate an agreement with the party who submitted a letter of interest to lease or purchase the property;
2. Invite sealed bids to lease or purchase the property;
3. Offer the property for lease or purchase at public auction;
4. Request sealed proposals to lease or purchase the property.
V. **LEGAL ISSUES:** Legal review of disposal documents is required.

VI. **CONFLICTS OR ENVIRONMENTAL ISSUES:**

VII. **SUMMARY AND ALTERNATIVES:**
To the City of Cordova,

I am seeking to purchase commercial property along the Copper River highway for commercial use for my business, Cordova Powersports. Currently the business is operating out of a single car garage and a small outdoor storage area in a non-commercial zoned area. This severely limits the businesses ability to procure retailer statuses with large parts suppliers, and eliminates the possibility of becoming a dealer of off road vehicles. The business is also severely space constrained, operating with minimal to no available space for additional business during most of the summer months.

Many inquiries have been made over the last two years to private owners of commercially zoned property with no success. For that reason, I am asking the City of Cordova to designate a parcel of city owned land south of the copper river highway to the west side of, and adjacent to, Eagle Contracting's property lines as “Available”. I have marked an approximation of the desired area in green in the picture below. If this property were to be sold to Cordova Powersports, it would be used to construct a shop/showroom commercial building and a secure storage yard, solely for commercial use.

Thank you for your consideration,

Sheridan Joyce

2. Requesting sealed proposals to lease or purchase the property.
3. Inviting sealed bids to lease or purchase the property.

IV. BACKGROUND INFORMATION:

9/24/19 – PWSSC submitted a Letter of Interest for the “Old Sea Grant Building.”

10/8/19 – At the Planning Commission Regular Meeting, the commission referred the letter of interest to the Harbor Commission. From the approved minutes:

Stavig said that the last lease term was for five years. They did not specify in their letter how long they wanted to continue to lease. Bird said she wanted to have the Harbor Commission weigh in on the issue and hopes that they would support leasing it to them for a few more years until the Science Center figures out their new facility.

M/Baenen S/Bird to refer back to staff to get a recommendation from the Harbor Commission.

Upon voice vote, motion to refer passed 4-0.

Yea: McGann, Baenen, Bird, Bolin

Bolin said it looked like the Harbor Commission was onboard with continuing to lease the property to the Science Center. Lohse said he was okay with another short-term lease.

M/Bolin S/Baenen to amend the motion by changing the wording to: “...negotiating an agreement with the Prince William Sound Science Center to lease the property short-term (1-3 years).

Pegau said that a three-year lease should be sufficient for the Science Center’s development plans.

This property is currently shown as ‘Leased’ on the Land Disposal Maps. The existing lease is for a five-year term and expires on January 1, 2020. The following is the definition of the designation “Leased” from the 2019 Land Disposal Maps:

**Leased** – These are parcels currently leased to a business or government entity by the city and are not available during the lease term. There are leases that are short term and renew every two years and others are long term leases with substantial improvements on the property. At the end of the lease term the property becomes available for disposal.

PWSSC is requesting the city dispose of the building by directly negotiating a lease once the property becomes available at the end of the lease term.

There have been no problems related to this lease; payments have always been timely, and conditions of the lease have been met.

**Applicable Code:**

5.22.040 - Letter of interest to lease or purchase.
C. The planning commission shall review the letter of interest and recommend to the city council whether to offer the real property interest for disposal by one of the methods as described in Section 5.22.060(B).

5.22.060 - Methods of disposal.
B. In approving a disposal of an interest in city real property, the city council shall select the method by which the city manager will conduct the disposal from among the following:
   1. Negotiate an agreement with the party who submitted a letter of interest to lease or purchase the property;
   2. Invite sealed bids to lease or purchase the property;
   3. Offer the property for lease or purchase at public auction;
   4. Request sealed proposals to lease or purchase the property.

V. **LEGAL ISSUES:**

Legal review of lease required.

Memorandum

To:       Cordova Planning and Zoning
From:    Cordova Harbor Commission
Date:    10/31/2019
Re:       Sea Grant office Lease

The Cordova Harbor Commission met on 10/30/2019 and discussed the use of the old Sea Grant office. It is currently being leased by the Prince William Sound Science Center. The Harbor Commission agreed that continuing the lease to the PWSSC on a short term (1-3 years) basis, doesn’t conflict with the Harbor’s needs. They would recommend that the lease is renewed while the PWSSC continues to build their new facilities.

Re: Old SeaGrant Building

Dear Leif,

The Prince William Sound Science Center would like to continue leasing the old SeaGrant building from the City. Please consider this letter an official request to lease a portion of Lot 3, Black 7A, Tidewater Development Park, commonly referred to as the “Old Sea Grant Building” from the City. We ask that the property be listed for disposal by direct negotiation between the City and PWSSC for the purpose of leasing the property.

Sincerely,

W. Scott Pegau
