## Independent Auditor's Report

Honorable Mayor and City Council  
City of Cordova, Alaska

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Cordova, Alaska, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City of Cordova's basic financial statements as listed in the table of contents.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Cordova City School District and Cordova Community Medical Center which are reported as discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it related to the amounts included for the City of Cordova, Alaska, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### *Opinions*

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of City of Cordova, Alaska, as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### *Change in Accounting Principle*

As discussed in Note 16 to the financial statements, in 2018 the City of Cordova adopted the provisions of Governmental Accounting Standards Board (GASB) Statement Number 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Our opinion is not modified with respect to this matter.

### *Other Matters*

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 54-56, and the schedules of the city's information on the net pension and OPEB liability and City contributions to the pension and OPEB plans on pages 57-64, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

*Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise City of Cordova's basic financial statements. The accompanying combining and individual fund financial statements, schedules listed in the table of contents, Schedule of Expenditures of Federal Awards as required by the Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the Schedule of State Financial Assistance as required by the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying Schedule of Expenditures of Federal Awards, the Schedule of State Financial Assistance, and the combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 3, 2019 on our consideration of City of Cordova's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Cordova's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Cordova's internal control over financial reporting and compliance.

**City of Cordova, Alaska**  
**Reconciliation of Governmental Funds Balance Sheet**  
**to Statement of Net Position**  
**December 31, 2018**

Total fund balances for governmental funds		\$ 11,791,505
Total net position reported for governmental activities in the Statement of Net Position is different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. These assets and related accumulated depreciation are as follows:		
Land and land improvements	\$ 1,410,419	
Artwork	112,924	
Buildings	61,893,431	
Infrastructure	3,862,882	
Machinery and equipment	7,744,817	
Accumulated depreciation	<u>(22,114,896)</u>	
Total capital assets		52,909,577
Other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds. These assets consist of:		
Lease receivable	751,000	
Delinquent property taxes receivable	54,172	
Deferred ambulance revenue	<u>11,305</u>	
Total other long-term assets		816,477
Certain items reported as immediate expenditures in the funds, are amortized over time on the Statement of Net Position. This is the deferred loss on bond refunding.		
		1,182,467
Long-term liabilities are not due and payable in the current period and, therefore, are not reported as fund liabilities. These liabilities consist of:		
General obligation bonds payable	(15,072,000)	
Unamortized bond premium	(1,861,783)	
Accrued interest on bonds	(182,488)	
Accrued leave	(292,599)	
Net pension liability	(4,866,221)	
Net other postemployment benefits liability	<u>(970,902)</u>	
Total long-term liabilities		(23,245,993)
Certain changes in net pension and other postemployment benefit liabilities are deferred rather than recognized immediately. These are amortized over time.		
Deferred outflows of resources related to pensions	399,278	
Deferred inflows of resources related to pensions	(128,643)	
Deferred outflows of resources related to other postemployment benefits	278,934	
Deferred inflows of resources related to other postemployment benefits	<u>(351,948)</u>	
Total deferred pension and other postemployment benefits items		<u>197,621</u>
<b>Total Net Position of Governmental Activities</b>		<b><u>\$ 43,651,654</u></b>

*See accompanying notes to basic financial statements.*

**City of Cordova, Alaska**  
**Reconciliation of Change in Fund Balances of Governmental Funds**  
**to Statement of Activities**  
**Year Ended December 31, 2018**

Net change in fund balances - total governmental funds	\$	515,649
The change in net position reported for governmental activities in the Statement of Activities is different because:		
Governmental funds report capital outlays as expenditures. However, on the Statement of Activities, depreciation expense is recognized to allocate the cost of these items over their estimated useful lives. This is the amount by which depreciation (\$1,713,967) exceeds capital outlays (\$79,338) and gain on sale of building (\$614,557)		
		(1,156,515)
Sale of building related to direct financing lease. This is the amount of the sales price of the lease (\$751,000) which exceeds the gain on the sale of the building (\$614,557)		
		136,443
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. This is the amount of increase in deferred taxes, assessments, and ambulance revenue.		
		6,877
The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items:		
Principal payments on long-term debt	\$	1,194,000
Net decrease in deferred loss on bond refunding		(107,496)
Net decrease in unamortized bond premium		198,914
		1,285,418
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This amount represents the net decrease (increase) in the following:		
Accrued interest payable		42,178
Accrued leave		11,347
Net pension obligation and related accounts		106,768
Net other postemployment benefits and related accounts		(368,221)
		(207,928)
<b>Change in Net Position of Governmental Activities</b>	<b>\$</b>	<b>579,944</b>

## Notes to Basic Financial Statements Year Ended December 31, 2018

---

### 1. Summary of Significant Accounting Policies

#### *Reporting Entity*

The City of Cordova (the City) was incorporated in 1909 as a home rule municipality under the laws of the State of Alaska. The City operates under a council-manager form of government and performs municipal duties allowed by Alaska statutes and as directed by its residents.

These financial statements present the City of Cordova (the primary government) and its component units, the Cordova City School District, Cordova Community Medical Center (Medical Center), and Cordova Volunteer Fire Department. The component units are included in the City's reporting entity because of the significance of their operational or financial relationships with the City. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City.

#### Discretely presented component unit - Cordova Community Medical Center

Cordova Community Medical Center provides healthcare, including long-term care, in the Cordova area. The members of the board of directors are elected by the voters.

#### Discretely presented component unit - Cordova City School District

Cordova City School District is responsible for elementary and secondary education within the City. The members of the School Board are elected by the voters; however, the School District is fiscally dependent upon the City because the City Council approves the total annual budget of the School District, levies the necessary taxes, and provides significant operating subsidies to the School District.

#### Discretely presented component unit - Cordova Volunteer Fire Department

The Cordova Volunteer Fire Department assists the City's fire department with fire prevention, training, and fighting fires in the Cordova area.

In accordance with Alaska statutes, the Cordova City School District maintains a June 30 fiscal year end. Cordova Community Medical Center previously operated on a June 30 fiscal year end and changed its fiscal year end to December 31, beginning with December 31, 2013. The City has established a December 31 year end. For this report, the June 30, 2018 year-end financial statements of the School District have been included with the City of Cordova.

Complete financial statements of individual component units can be obtained from their respective administrative offices at the addresses below:

Cordova City School District P.O. Box 140 Cordova, AK 99574	Cordova Community Medical Center P.O. Box 160 Cordova, AK 99574	Cordova Volunteer Fire Department P.O. Box 1210 Cordova, AK 99574

## Notes to Basic Financial Statements

---

### *Government-Wide and Fund Financial Statements*

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the City and its component units. In general, the effect of interfund activity has been removed from these statements to minimize the double-counting of internal activities. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely primarily on fees and charges to external parties.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) fees, fines and charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

### *Measurement Focus, Basis of Accounting, and Financial Statement Presentation*

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers all revenues, except reimbursement grants, to be available if they are collected within 60 days after year end. Reimbursement grants are considered available if they are collected within one year of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only to the extent they have matured.

*The remainder of this page intentionally left blank.*

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

Property and sales taxes, charges for services, leases, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when received by the government. The City reports the following major funds:

### Major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be reported in another fund.

The *General Reserve Special Revenue Fund* accounts for financial activities related to land purchases and sales and serves as the City's emergency reserves fund.

### Major proprietary funds:

The *Port Enterprise Fund* is used to account for the operations of the port and harbor.

The *Water Enterprise Fund* is used to account for the operations of the City water system.

The *Sewer Enterprise Fund* is used to account for the operations of the City sewer system.

The *Refuse Enterprise Fund* is used to account for the Refuse Utility and the solid waste landfill.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are allocated administration fees and charges between the enterprise funds and the various other funds and departments. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. In addition, general revenues include all taxes, investment income, and federal and State of Alaska entitlement revenues.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Enterprise Funds are charges to customers for sales and services. Operating expenses for the Enterprise Funds include the costs of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

*The remainder of this page intentionally left blank.*

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

### *Budgets*

An operating budget is adopted each year for the General Fund and General Reserve Special Revenue Fund on the same modified accrual basis used to reflect actual revenues and expenditures in the fund financial statements. Appropriations lapse at year end to the extent that they have not been expended or encumbered. Budgetary control is exercised at the department level. The City Manager is authorized to transfer budget amounts between line items within any department; however, any supplemental appropriations that amend the total expenditures of any department or fund require Council approval. Budgets are not adopted for the other governmental funds.

### *Central Treasury*

A central treasury is used to account for cash from most funds of the City to maximize interest income. Investments are stated at fair value. Investment earnings are allocated to most funds based on their respective cash balances. The School District, Medical Center and Volunteer Fire Department maintain separate cash accounts from the City.

### *Cash and Cash Equivalents*

For purposes of the statements of cash flows, the Enterprise Funds consider all cash accounts to be cash and cash equivalents. The central treasury, which holds cash and investments, is used essentially as a cash management pool by each fund.

### *Prepaid Items*

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items when purchased and charged to operations when used in both government-wide and fund financial statements.

### *Inventory*

Inventories are valued at the lower of cost or market in the proprietary funds. Cost is determined by the first-in, first-out method. The cost is recorded as an expense at the time individual inventory items are consumed.

### *Receivables and Payables*

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

### *Property taxes*

Property taxes are a lien on the assessed value of taxable property as of January 1. Pursuant to Alaska Statute, Title 29.45.240, the City establishes the mill rate levy by June 15. Tax bills are mailed prior to July 1 and may be paid in two equal installments. The first installment is due by August 31 and the second installment is due by October 31. City property tax revenues in the fund financial statements are recognized in the fiscal year in which they are collectible and available to finance expenditures of the fiscal period.

Any real or personal property taxes still due the City at December 31 are delinquent. Any amount not collected within 60 days following year end are considered unavailable and are reflected as deferred inflows in the General Fund.

### *Grants and Other Intergovernmental Revenues*

In applying the measurable and available concepts to grants and intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts are considered "earned"; therefore, revenues are recognized based upon expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the measurable and available criteria are met.

### *Interfund Transactions*

During the course of normal operations, the City has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying financial statements generally reflect such transactions as transfers. Operating subsidies are also recorded as transfers.

### *Compensated Absences*

The City allows employees to accumulate earned but unused vacation and sick leave benefits. All vacation and sick leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental fund financial statements only if they have matured (e.g. the employee has terminated employment).

### *Capital Assets*

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Infrastructure assets (e.g. roads, sidewalks, etc.) have been capitalized on a prospective basis beginning January 1, 2004. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the useful life of the asset are not capitalized.

Property, plant, and equipment of the City is depreciated using the straight line method over the following estimated useful lives:

---

Buildings and improvements	50-60 years
Infrastructure	50 years
Improvements	20-50 years
Machinery and equipment	3-20 years

---

### *Unearned Grant Revenue*

Amounts received from grantor agencies, which are restricted as to use and have not been expended for the intended uses are shown as unearned revenue.

### *Long-term Debt*

In the government-wide and the proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method.

### *Fund Balances*

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources.

*Nonspendable fund balance.* This classification includes amounts that cannot be spent because they are either (a) not in spendable form—prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

*Restricted fund balance.* This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

*Committed fund balance.* These amounts can only be used for specific purposes pursuant to constraints imposed by formal ordinances of the City Council—the government’s highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the City Council removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

*Assigned fund balance.* This classification reflects the amounts constrained by the City's "intent" to be used for specific purposes, but are neither restricted nor committed. The City Council or their designee has the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

*Unassigned fund balance.* This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City's policy to use externally restricted resources first, then unrestricted resources—committed, assigned, and unassigned—in order as needed.

### *Pension and Other Postemployment Benefits (OPEB)*

Substantially all employees of the City participate in the Public Employees' Retirement System (PERS) administered by the State of Alaska. For purposes of measuring the net pension and OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the fiduciary net position of the Public Employees' Retirement System (PERS) and additions to/from PERS's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### **Deferred Outflows of Resources and Deferred Inflows of Resources**

In addition to assets, the financial statements also present deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditures) until then. Generally, the City reports pension, OPEB and deferred loss on bond related items as deferred outflows of resources. These items are amortized to expense over time.

In addition to liabilities, the financial statements also present deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until later. The City reports certain pension and OPEB related items as deferred inflows of resources. These items are amortized as a reduction of expense over varying periods of time.

### *Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, and deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures / expenses during the reporting period. Actual results could differ from those estimates.

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

### 2. Cash and Investments

The City of Cordova utilizes a central treasury that is available for use by all funds. Each fund's portion of the central treasury is displayed on the balance sheet as "cash and investments" or in the case of "negative cash," is included in "due to other funds."

#### *Reconciliation of Deposit and Investment Balances*

The following is a reconciliation of the City's deposit and investment balances to the financial statements as of December 31, 2018.

		Pooled Cash and Investments
Bank deposits	\$	5,917,500
Investments		9,318,285
<b>Total Cash and Investments</b>	<b>\$</b>	<b>15,235,785</b>

		Pooled Cash and Investments
Cash and investments	\$	14,345,589
Restricted cash and investments		890,196
<b>Total Cash and Investments</b>	<b>\$</b>	<b>15,235,785</b>

#### *Restricted Cash and Investments*

The City maintains restricted cash for future landfill closure costs as required by Alaska Department of Environmental Conservation. The restricted cash balance is comprised of a certificate of deposit at December 31, 2018 totaling \$485,188, with the remaining restricted funds in the amount of \$405,008 being held in the central treasury. Total restricted cash is \$890,196 at December 31, 2018.

#### *Investment Policy*

The investment policy authorizes the City to invest in U.S. Treasury obligations, U.S. government agency securities and instrumentalities of government-sponsored corporations, State of Alaska obligations, certificates of deposit with commercial banks, repurchase agreements, and investments through the Alaska Municipal League Investment Pool. Investments are carried at fair value.

*The remainder of this page intentionally left blank.*

# City of Cordova, Alaska

## Notes to Basic Financial Statements

In 2010, the City passed an ordinance authorizing investments in different securities than those listed above in the following ratio:

Fixed income securities	50%
Equity securities	40%
Alternative securities	10%

### *Interest Rate Risk*

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. The City minimizes its exposure to interest rate risk by limiting the investment horizon to either seven or ten years depending on the investment objective.

The City's investment balances as of December 31, 2018, are as follows:

Investments by Type	Fair Value	Investment Maturities (in Years)		
		Less than 1 year	1 to 5 years	Over 5 years
Investments subject to interest rate risk - certificates of deposit	\$ 750,738	\$ 485,188	\$ 265,550	\$ -
Investments not subject to interest rate risk:				
Cash and money market funds	217,743			
Mutual funds	8,349,804			
<b>Total Investments</b>	<b>\$ 9,318,285</b>			

### *Credit Risk*

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. It is the City's policy to limit its investments to the following ratings: investment grade corporate securities and Yankee Bonds must be rated BBB-/Baa3 or better by Standard & Poor's, Moody's Investors Services ("Moody's"), Fitch, or another nationally recognized statistical ratings organization ("NSRO"). State and local government obligations must have an underlying rating of at least A-/A3. Securitized Assets must be rated AAA/Aaa by Standard & Poor's, Moody's, Fitch, or NSRO. Money Market Funds shall contain securities having a rating of at least A-1/P-1. For the General Reserve Special Revenue Fund, securities in a suitably diversified bond mutual fund need not meet these rating requirements.

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

The City's exposure to credit risk as of December 31, 2018, is as follows:

Investment Rating	Fair Value
AA	\$ 687,574
A	1,573
BBB	1,120,761
BB	835,033
B	198,729
Not Rated:	
Cash and money market funds	217,743
Mutual funds	5,506,134
Certificates of deposit	750,738
<b>Total Investments</b>	<b>\$ 9,318,285</b>

### *Custodial Credit Risk - Deposits*

In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City's policy is that deposit-type securities shall be collateralized for any amount exceeding FDIC or any other federal deposit insurance limits.

### *Custodial Credit Risk - Investments*

For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. As of December 31, 2018, none of the City's investments were subject to custodial credit risk.

### **3. Lease Receivable**

The City entered into a 30-year lease of a building to a developer under a lease on May 10, 2016. Annual lease payments are \$50,500 for the first three years and after that are adjusted annually by the CPI. The lessee has the option of purchasing the property from the City for \$505,000 if the construction of the project is substantially complete by May 20, 2019. If the lessee exercises the option by May 10, 2023 the purchase price will equal the purchase price reduced by all rents paid to the City. The lease qualifies as a direct financing lease. Future minimum lease payments were discounted at a 5 percent rate. The balance of the lease receivable at December 31, 2018 was 751,000.

*The remainder of this page intentionally left blank.*

# City of Cordova, Alaska

## Notes to Basic Financial Statements

Future minimum lease receipts for the next 5 years are as follows:

### Governmental Activities

	Lease Receipts
Year Ending December 31,	
2019	\$ 50,400
2020	50,400
2021	50,400
2022	50,400
2023	50,400

### 4. Capital Assets

Capital asset activity for the year ended December 31, 2018 was as follows:

## Notes to Basic Financial Statements

Depreciation expense was charged to the functions as follows for the year ended December 31, 2018:

### Governmental Activities

General government	\$	628,721
Public safety		105,392
Information and recreation		151,420
Public works		235,098
Education		593,336

<b>Total Depreciation Expense - Governmental Activities</b>	<b>\$</b>	<b>1,713,967</b>
---	-----------	------------------

### Business-type Activities

Port	\$	762,709
Water		620,353
Sewer		410,383
Refuse		128,933
Camper Park		2,038

<b>Total Depreciation Expense - Business-type Activities</b>	<b>\$</b>	<b>1,924,416</b>
--	-----------	------------------

## 5. Long-term Debt

The following is a summary of long-term debt transactions of the City for the year ended December 31, 2018:

	Balance January 1, 2018	Additions	Reductions	Balance December 31, 2018	Due Within One Year
--	-------------------------------	-----------	------------	---------------------------------	---------------------------

#### General Obligation Bonds:

\$16,615,000 2009 school bonds, partially refunded in 2015, due in one final installment of \$765,000 on February 1, 2019; plus interest at 4.50%

	\$ 1,495,000	\$ -	\$ 730,000	\$ 765,000	\$ 765,000
--	--------------	------	------------	------------	------------

\$210,000 2010 Series B bonds, due in annual installments of \$45,000 through August 1, 2020; plus interest at 4.66% to 4.76% payable semiannually

	130,000	-	40,000	90,000	45,000
--	---------	---	--------	--------	--------

### 6. Landfill Closure and Postclosure Liability

State and federal laws and regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and postclosure care costs will be paid only near or after the date the landfill stops accepting waste, accounting principles generally accepted in the United States of America require that the City report a portion of these closure and postclosure care costs each period based on landfill capacity used as of each balance sheet date.

There are currently two cells available for use at the City's landfill at Mile 17, and an additional cell for construction waste. The total estimated future closure cost of these two cells and the construction pit is \$1,701,502. The \$761,381 reported as landfill closure costs payable at December 31, 2018 for the landfill represents the cumulative amount reported to date based on the use of the expected usage of the two cells and construction pit. The City will recognize the remaining estimated cost of closure and postclosure care of \$940,121 as the remaining expected usage is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2018. Actual costs may be higher due to inflation, changes in technology or changes in regulations. Cell 1 is expected to be closed in 2020. Cell 2 and the construction pit are estimated to have a life of approximately 16 and 25 years, respectively.

### 7. Fund Balances

Fund balances, reported for the major funds and the nonmajor funds in the aggregate on the governmental funds balance sheet are subject to the following constraints:

	Major Funds			Total Governmental Funds
	General	General Reserve Special Revenue	Nonmajor Funds	
Nonspendable:				
Prepaid insurance	\$ 185,743	\$ -	\$ -	\$ 185,743
Restricted -				
Enhanced 911 services	-	-	64,396	64,396
Assigned:				
Capital projects and land	-	9,525,343	248,012	9,773,355
Public safety	-	-	338,396	338,396
Unassigned	1,429,615	-	-	1,429,615
<b>Total Fund Balances</b>	<b>\$1,615,358</b>	<b>\$ 9,525,343</b>	<b>\$ 650,804</b>	<b>\$ 11,791,505</b>

### 8. Defined Benefit (DB) Pension Plan

#### General Information About the Plan

The City participates in the Alaska Public Employees' Retirement System (PERS). PERS is a cost-sharing multiple-employer plan which covers eligible State and local government employees, other than teachers. The Plan was established and is administered by the State of Alaska Department of Administration. Benefit and contribution provisions are established by State law and may be amended only by the State Legislature.

The Plan is included in a comprehensive annual financial report that includes financial statements and other required supplemental information. That report is available via the internet at <http://doa.alaska.gov/drb/pers>. Actuarial valuation reports, audited financial statements, and other detailed plan information are also available on this website. They may be obtained by writing to the State of Alaska, Department of Administration, Division of Retirement and Benefits, P.O. Box 110203 Juneau, Alaska, 99811-0203 or by phoning (907) 465-4460.

The Plan provides for retirement, death and disability, and postemployment healthcare benefits. There are three tiers of employees, based on entry date. For all tiers within the Defined Benefit (DB) plan, full retirement benefits are generally calculated using a formula comprised of a multiplier times the average monthly salary (AMS) times the number of years of service. The multiplier is increased at longevity milestone markers for most employees. Police/Fire employees accrue benefits at an accelerated rate. The tiers within the Plan establish differing criteria regarding normal retirement age, early retirement age, and the criteria for calculation of AMS, COLA adjustments, and other OPEB benefits. A complete benefit comparison chart is available at the website noted above.

The PERS I-III DB Plan was closed to new entrants effective June 30, 2006. New employees hired after that date participate in the PERS IV Defined Contribution (DC) Plan described later in these notes.

#### *Historical Context and Special Funding Situation*

In April 2008, the Alaska Legislature passed legislation converting the previously existing PERS plan from an agent-multiple-employer plan to a cost-sharing plan with an effective date of July 1, 2008. In connection with this conversion, the State of Alaska passed additional legislation which statutorily capped the employer contribution rate, established a state funded "on-behalf" contribution (subject to funding availability), and required that employer contributions be calculated against *all* PERS eligible wages, including wages paid to participants of the PERS Tier IV defined contribution plan described later in these notes.

Alaska Statute 39.35.255 requires the State of Alaska to contribute to the Plan an amount such that, when combined with the employer contribution, is sufficient to pay the Plan's past service liability contribution rate as adopted by the Alaska Retirement Management Board. As such, the Plan is considered to be in a special funding situation as defined by GASB, and management has recorded all pension related liabilities, deferred inflows and outflows of resources, and disclosures on this basis.

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

It is important to note that the Alaska Legislature has the power and authority to change the aforementioned statute through the legislative process.

The City records these on-behalf contributions as revenue and expense/expenditures as dictated by the governing GAAP for each basis of accounting depending on fund type.

### *Employee Contribution Rates*

Regular employees are required to contribute 6.75% of their annual covered salary. Police and firefighters are required to contribute 7.50% of their annual covered salary.

### *Employer and Other Contribution Rates*

There are several contribution rates associated with the pension and healthcare contributions and related liabilities. These amounts are calculated on an annual basis.

*Employer Effective Rate:* This is the contractual employer pay-in rate. Under current legislation, this rate is statutorily capped at 22% of eligible wages, subject to a wage floor, and other termination events. This 22% rate is calculated on *all* PERS participating wages, including those wages attributable to employees in the defined contribution plan. Contributions derived from the defined contribution employees are referred to as the Defined Benefit Unfunded Liability (DBUL) contribution.

*ARM Board Adopted Rate:* This is the rate formally adopted by the Alaska Retirement Management Board. This rate is actuarially determined and used to calculate annual Plan funding requirements, without regard to the statutory rate cap or the GASB accounting rate. Effective July 1, 2015, the Legislature requires the ARM Board to adopt employer contribution rates for past service liabilities using a level percent of pay method over a closed 25-year term which ends in 2039. This will result in lower ARM Board Rates in future years (as demonstrated in the contribution rate tables below).

*On-behalf Contribution Rate:* This is the rate paid in by the State as an on-behalf payment under the current statute. The statute requires the State to contribute, based on funding availability, an on-behalf amount equal to the difference between the ARM Board Rate and the Employer Effective Rate. In the governmental fund financial statements, on-behalf contribution amounts have been recognized as additional revenues and expenditures. In the proprietary fund and government-wide financial statements, the on-behalf amounts reflect revenue and expense only during the measurement period in which the Plan recognizes the payments, resulting in a significant timing difference between the cash transfers and revenue and expense recognition.

*GASB Rate:* This is the rate used to determine the long-term pension and healthcare liability for plan accounting purposes in accordance with generally accepted accounting principles as established by GASB. Certain actuarial methods and assumptions for this rate calculation are mandated by GASB. Additionally, the GASB Rate disregards all future Medicare Part D payments. For fiscal year 2018 and 2017, the rate uses an 8% pension discount rate and an 8% and 4.55% percent healthcare discount rate, respectively.

The GASB Rate and the ARM Board Adopted Rate differ significantly as a direct result of variances in the actuarial methods and assumptions used.

# City of Cordova, Alaska

## Notes to Basic Financial Statements

Contribution rates for the year ended June 30, 2018 were determined in the June 30, 2016 actuarial valuations. City contribution rates for the 2018 calendar year were as follows:

<i>January 1, 2018 to June 30, 2018</i>	Employer Effective Rate	ARM Board Adopted Rate	State Contribution Rate	GASB Rate
Pension	17.12%	21.90%	3.01%	29.07%
Postemployment healthcare (see Note 10)	4.88%	3.11%	0.00%	66.85%
<b>Total Contribution Rates</b>	<b>22.00%</b>	<b>25.01%</b>	<b>3.01%</b>	<b>95.92%</b>

<i>July 1, 2018 to December 31, 2018</i>	Employer Effective Rate	ARM Board Adopted Rate	State Contribution Rate	GASB Rate
Pension	16.17%	23.21%	5.58%	32.11%
Postemployment healthcare (see Note 10)	5.83%	4.37%	0.00%	87.90%
<b>Total Contribution Rates</b>	<b>22.00%</b>	<b>27.58%</b>	<b>5.58%</b>	<b>120.01%</b>

### *Plan Contributions*

In 2018, the City was credited with the following contributions into the pension plan.

	Measurement Period July 1, 2017 to June 30, 2018	City Fiscal Year January 1, 2018 to December 31, 2018
Employer contributions (including DBUL)	\$ 435,790	\$ 416,908
Nonemployer contributions (on-behalf)	114,558	155,555
<b>Total Contributions</b>	<b>\$ 550,348</b>	<b>\$ 572,463</b>

In addition, employee contributions to the Plan totaled \$90,382 for the year ended December 31, 2018. during the City's fiscal year.

### *Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.*

At December 31, 2018, the City reported a liability for its proportionate share of the net pension liability (NPL) that reflected a reduction for State pension support provided to the City. The amount recognized by the City for its proportional share, the related State proportion, and the total were as follows:

# City of Cordova, Alaska

## Notes to Basic Financial Statements

	City
City's proportionate share of NPL	\$ 6,425,805
State's proportionate share of NPL associated with the City	1,862,446
<b>Total Net Pension Liability</b>	<b>\$ 8,288,251</b>

The total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of June 30, 2017 rolled forward to June 30, 2018 to calculate the net pension liability as of that date. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, including the State, actuarially determined. At the June 30, 2018 measurement date, the City's proportion was 0.12932 percent, which was an increase of 0.00995 from its proportion measured as of June 30, 2017.

For the year ended December 31, 2018, the City recognized pension expense of \$276,561. Of this amount, \$114,558 was recorded as on-behalf revenue and expense for additional contributions paid by the State for 2018.

At December 31, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
<i>Measurement Period June 30, 2018</i>		
Difference between expected and actual experience	\$ -	\$ (161,481)
Net difference between projected and actual earnings on pension plan investments	141,917	-
Changes in proportion and differences between City contributions and proportionate share of contributions	192,689	-
City contributions subsequent to the measurement date	198,892	-
<b>Total Deferred Outflows and Deferred Inflows Related to Pensions</b>	<b>\$ 533,498</b>	<b>\$ (161,481)</b>

The \$198,892 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability in the year ended December 31, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<i>Year Ending December 31,</i>	
2019	\$ 211,912
2020	77,599
2021	(109,959)
2022	(6,428)

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

### *Actuarial Assumptions*

The total pension liability for the measurement period ended June 30, 2018 was determined by an actuarial valuation as of June 30, 2017, using the following actuarial assumptions, applied to all periods included in the measurement, and rolled forward to the measurement date of June 30, 2018. The actuarial assumptions used in the June 30, 2017 actuarial valuation (latest available) were based on the results of an actuarial experience study for the period from July 1, 2010 to June 30, 2014, resulting in changes in actuarial assumptions adopted by the Alaska Retirement Management Board to better reflect expected future experience.

---

Actuarial cost method	Entry age normal; level dollar normal cost basis
Amortization method	Level dollar, closed
Inflation	3.12%
Salary increases	Graded by service, from 9.66% to 4.92% for peace officer/ firefighter Graded by age and service, from 8.55% to 4.34% for all others
Allocation Methodology	Amounts for FY18 were allocated to employers based on the projected present value of contributions for FY2020-FY2039. The liability is expected to go to \$0 at 2039.
Investment Return / Discount Rate	8.00%, net of pension plan investment expenses. This is based on an average inflation rate of 3.12% and a real rate of return of 4.88%.
Mortality	Pre-termination - Based on the 2010-2013 actual mortality experience, 60% of male and 65% of female post-termination rates. Deaths are assumed to be occupational 70% of the time for peace officers/firefighters, 50% of the time for others. Post- termination - 96% of all rates of the RP-2000 table, 2000 base year projected to 2018 with projection scale BB.

---

*The remainder of this page intentionally left blank.*

# City of Cordova, Alaska

## Notes to Basic Financial Statements

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class are summarized in the following tables (note that the rates shown below exclude the inflation component). Those estimates for the year ending December 31, 2018 are as follows:

<i>Asset Class</i>	Long-term Expected Real Rate of Return	Allocation	Range
Domestic equity	8.90%	24%	+/-6%
Global ex-U.S. equity	7.85%	22%	+/-4%
Intermediate Treasuries	1.25%	10%	+/-5%
Opportunistic	4.76%	10%	+/-5%
Real assets	6.20%	17%	+/-8%
Absolute return	4.76%	7%	+/-4%
Private equity	12.08%	9%	+/-5%
Cash equivalents	0.66%	1%	+/-1%

### *Discount Rate*

The discount rate used to measure the total pension liability was 8.00% in 2018. The projection of cash flows used to determine the discount rate assumed that employer and State contributions will continue to follow the current funding policy, which meets State statutes. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

### *Discount Rate Sensitivity*

The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 8.00%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.00 percent) or 1-percentage-point higher (9.00 percent) than the current rate:

	Proportional Share	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
City's proportionate share of the net pension liability	0.12932%	\$ 8,509,389	\$ 6,425,805	\$ 4,663,347

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

### *Pension Plan Fiduciary Net Position*

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

### **9. Defined Contribution (DC) Pension Plan**

Employees hired after July 1, 2006 participate in PERS Tier IV, a defined contribution plan. This Plan is administered by the State of Alaska, Department of Administration in conjunction with the defined benefit plan noted above. Benefit and contribution provisions are established by State law and may be amended only by the State Legislature. The Alaska Retirement Management Board may also amend contribution requirements. Included in the Plan are individual pension accounts, retiree medical insurance plan and a separate Health Reimbursement Arrangement account that will help retired members pay medical premiums and other eligible medical expenses not covered by the medical plan. This Plan is included in the comprehensive annual financial report for PERS, and at the following website: <http://doa.alaska.gov/drb/pers>. Actuarial valuation reports, audited financial statements, and other detailed plan information are also available on this website. They may be obtained by writing to the State of Alaska, Department of Administration, Division of Retirement and Benefits, P.O. Box 110203, Juneau, Alaska, 99811-0203 or by phoning (907) 465-4460.

Contributions to the DC plan consist solely of employer and employee contributions with no special funding or other nonemployer contributions. In addition, actual remittances to the PERS system require that the City contribute at 22%. After deducting the DC plan contributions (and related OPEB contributions), the remaining remittance (the DBUL) is deposited into the DB plan as noted earlier.

### *Benefit Terms*

Employees are immediately vested in their own contributions and vest 25% with two years of service, plus an additional 25% per year thereafter for full vesting at five years of service.

### *Employee Contribution Rate*

Employees are required to contribute 8.0% of their annual covered salary. This amount goes directly to the individual's account.

### *Employer Contribution Rate*

For the year ended December 31, 2018, the City were required to contribute 5% of covered salary into the Plan.

The City and employee contributions to PERS for pensions for the year ended December 31, 2018 were \$104,909 and \$167,853, respectively. The City employer contribution amounts were recognized as pension expense/expenditures.

# City of Cordova, Alaska

## Notes to Basic Financial Statements

### 10. Other Postemployment Benefit (OPEB) Plans

*(a) Defined Benefit OPEB*

As part of its participation in the PERS DB Plan (Tiers I, II, III), which is a cost-sharing multiple employer plan, the City and Medical Center participates in the Alaska Retiree Healthcare Trust (ARHCT), Retiree Medical Plan (RMP), and Occupational Death and Disability Plan (ODD). The ARHCT is self-funded and provides major medical coverage to retirees of the DB Plan. Benefits vary by Tier level. The RMP provides major medical coverage to retirees of the PERS DC Plan (Tier IV). The ODD provides death benefits for beneficiaries of plan participants and long-term disability benefits to all active members within PERS. The Plan is administered by the State of Alaska, Department of Administration. They may be obtained by writing to the State of Alaska Department of Administration, Division of Retirement and Benefits, P.O. Box 110203, Juneau, Alaska, 99811-0203 or by phoning (907) 465-4460.

*Employer Contribution Rate*

For the year ended December 31, 2018, the City was required to contribute 8.75% of covered payroll into the OPEB plan. Employees do not contribute.

	Measurement Period City FY18		City FY18
Employer contributions	\$ 150,683	\$	159,848
Nonemployer contributions (on-behalf)	-		-
<b>Total Contributions</b>	<b>\$ 150,683</b>	<b>\$</b>	<b>159,848</b>

*OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB Plans*

At December 31, 2018, the City reported a liability for its proportionate share of the net OPEB liabilities (NOL) that reflected a reduction for State OPEB support provided to the City. The amount recognized by the city for its proportional share, the related State proportion, and the total were as follows:

City's proportionate share of NOL - ARCHT	\$	1,326,818
City's proportionate share of NOL - RMP		(37,182)
City's proportionate share of NOL - ODD		24,361
State's proportionate share of the NOL associated with the City		384,626
<b>Total Net OPEB Liabilities</b>	<b>\$</b>	<b>1,698,623</b>

# City of Cordova, Alaska

## Notes to Basic Financial Statements

The total OPEB liabilities for the June 30, 2018 measurement date was determined by an actuarial valuation as of June 30, 2017 rolled forward to June 30, 2018 to calculate the net OPEB liabilities as of that date. The City's proportion of the net OPEB liabilities were based on a projection of the City's long-term share of contributions to the OPEB plans relative to the projected contributions of all participating entities, actuarially determined.

	June 30, 2017 Measurement Date Employer Proportion	June 30, 2018 Measurement Date Employer Proportion	Change
City's proportionate share of the net OPEB liabilities:			
ARHCT	0.11940%	0.12928%	0.00988 %
RMP	0.21483%	0.19144%	(0.02339)%
ODD	0.21483%	0.19144%	(0.02339)%

As a result of its requirement to contribute to the Plan, the City recognized OPEB expense of \$210,943 and on-behalf revenue of \$50,493 for support provided by the State. At December 31, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB plans from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$ (153,567)
Changes in assumptions	212,578	-
Net difference between projected and actual earnings on OPEB plan investments	-	(286,025)
Changes in proportion and difference between City contributions and proportionate share of contributions	80,024	(36,728)
City contributions subsequent to the measurement date	84,903	-
<b>Total Deferred Outflows and Deferred Inflows of Resources Related to OPEB Plans</b>	<b>\$ 377,505</b>	<b>\$ (476,320)</b>

The \$84,903 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net OPEB liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

# City of Cordova, Alaska

## Notes to Basic Financial Statements

*Year Ending December 30,*

2019	\$	(45,731)
2020		(39,020)
2021		(93,233)
2022		(6,094)
2023		58
Thereafter		302

### *Actuarial Assumptions*

The total OPEB liability for the measurement period ended June 30, 2018 was determined by an actuarial valuation as of June 30, 2017, using the following actuarial assumptions, applied to all periods included in the measurement, and rolled forward to the measurement date of June 30, 2018. The actuarial assumptions used in the June 30, 2017 actuarial valuation (latest available) were based on the results of an actuarial experience study for the period from July 1, 2009 to June 30, 2013, resulting in changes in actuarial assumptions adopted by the Alaska Retirement Management Board to better reflect expected future experience.

Actuarial cost method	Entry age normal; level percentage of payroll
Amortization method	Level dollar, closed
Inflation	3.12%
Salary increases	Graded by service from 9.66% to 4.92% for peace officer/ Firefighter Graded by service from 8.55% to 4.34% for all others
Allocation Methodology	Amounts for FY18 were allocated to employers based on the projected present value of contributions for FY2019-FY2039. The liability is expected to go to zero at 2039.
Investment Return / Discount Rate	8.00%, net of postemployment healthcare plan investment Expenses. This is based on an average inflation rate of 3.12% and a real rate of return of 4.88%.
Healthcare cost trend rates	Pre-65 medical; 8.0% grading down to 4.0% Post-65 medical; 5.5% grading down to 4.0% Prescription drug; 9.0% grading down to 4.0%
Mortality	Pre-termination - Based on the 2010-2013 actual mortality experience, 60% of male and 65% of female post-termination rates. Deaths are assumed to be occupation 70% of the time for peace officers/firefighters, 50% of the time for all others. Post-termination - 96% of all rates of the RP-2000 table, 2000 base year projected to 2018 with projection scale BB.

# City of Cordova, Alaska

## Notes to Basic Financial Statements

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of post-retirement healthcare plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The best estimates of arithmetic real rates of return for each major asset class are summarized in the following table (note that the rates shown below exclude the inflation component):

<i>Asset Class</i>	Long-term Expected Real Rate of Return	Allocation	Range
Domestic equity	8.90%	24%	+/-6%
Global ex-U.S. equity	7.85%	22%	+/-4%
Intermediate Treasuries	1.25%	10%	+/-5%
Opportunistic	4.76%	10%	+/-5%
Real assets	6.20%	17%	+/-8%
Absolute return	4.76%	7%	+/-4%
Private equity	12.08%	9%	+/-5%
Cash equivalents	0.66%	1%	+/-1%

### *Discount Rate*

The discount rate used to measure the total OPEB liability was 8.00%. The projection of cash flows used to determine the discount rate assumed that employer and State contributions will continue to follow the current funding policy which meets State statutes. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

### *Discount Rate Sensitivity*

The following presents the City's proportionate share of the net OPEB liabilities calculated using the discount rate of 8.00%, as well as what the City's proportionate share of the net OPEB liabilities would be if it were calculated using a discount rate that is 1-percentage-point lower (7.00%) or 1-percentage-point higher (9.00%) than the current rate:

	Proportional Share	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
City's proportionate share of the net OPEB liabilities:				
ARCHT	0.12928%	\$ 2,686,141	\$ 1,326,818	\$ 187,427
RMP	0.19144%	\$ (34,915)	\$ (37,182)	\$ (39,046)
ODD	0.19144%	\$ 72,748	\$ 24,361	\$ (13,380)

# City of Cordova, Alaska

## Notes to Basic Financial Statements

### *Healthcare Cost Trend Rates Sensitivity*

The following presents the City's proportionate share of the net OPEB liabilities calculated using the healthcare cost trend rate, as well as what the City's and Medical Center's proportionate share of the net OPEB liabilities would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	Proportional Share	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
City's proportionate share of the net OPEB liabilities:				
ARCHT	0.12928%	\$ 25,756	\$ 1,326,818	\$ 2,894,073
RMP	0.19144%	\$ -	\$ (37,182)	-
ODD	0.19144%	\$ (20,712)	\$ 24,361	\$ 84,682

### *(b) Defined Contribution OPEB Plans*

Defined Contribution Pension Plan participants (PERS Tier IV) participate in the Occupational Death and Disability Plan (ODD), and the Retiree Medical Plan. Information on these plans is included in the comprehensive annual financial report for the PERS Plan noted above. These plans provide for death, disability, and post-employment healthcare benefits.

### *Employer Contribution Rates*

Employees do not contribute to the DC OPEB plans. Employer contribution rates for the year ended June 30, 2018 were as follows:

	Other Tier IV	Police/Fire Tier IV
Retiree medical plan	1.03%	1.03%
Occupational death and disability benefits	0.16%	0.43%
<b>Total Contribution Rates</b>	<b>1.19%</b>	<b>1.46%</b>

In addition, PERS defined contribution members also participate in the Health Reimbursement Arrangement. AS 39.30.370 establishes this contribution amount as "three percent of the average annual employee compensation of *all employees of all employers* in the plan". As of July 1, 2018, for actual remittance, this amount is calculated as a flat rate for each full-time or part-time employee per pay period and approximates \$2,103 per year for each full-time employee, and \$1.35 per hour for part-time employees.

### *Annual Postemployment Healthcare Cost*

In 2018, the City contributed \$70,432 in DC OPEB costs. These amounts have been recognized as expense/expenditures.

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

### 11. Deferred Compensation Plan

The City offers its employees deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans are available to all employees and permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The provisions of the plans require that all assets and income of the plans be held in trust for the exclusive benefit of participants and their beneficiaries.

### 12. Risk Management

The City is exposed to various risks of loss including (a) damage to and loss of buildings and contents, (b) employee torts, (c) professional liability; i.e., errors and omissions, (d) workers' compensation; i.e., employee injuries, and (e) medical insurance costs of employees.

The City is self-insured for its costs of providing medical insurance. Stop-loss coverage limits claims to \$55,000 each occurrence and \$1,218,276 in aggregate for all medical claims during the year. The City contracts with a third-party administrator for health claims servicing. Claims and premium costs are allocated to each department based on budgeted amounts. Claims payable is reported in the General Fund. The City accrues a liability for claims incurred but not reported at year end.

A schedule of the changes in the claims liability for the year ended December 31, 2018 follows.

	Balance at Beginning of Year	Claims Expense	Claims Paid	Balance at End of Year
<b>December 31, 2018</b>	\$ 349,000	\$ 123,883	\$ (377,883)	\$ 95,000

The City is a member of Alaska Public Entity Insurance (APEI), a governmental insurance pool. APEI provides the City coverage for property, including building and contents, automobiles, mobile equipment and data processing equipment; casualty, including general liability, and public officials, law enforcement professional liability, auto liability and employee benefit liability; and workers' compensation, including employer's liability. The City has no coverage for potential losses from environmental damages.

APEI is a public entity risk pool organized to share risks among its members. The bylaws provide for the assessment of supplemental contributions from members in the event that losses and expenses for any coverage year exceed the annual contributions and income earned on such contributions for the year. Such supplemental contributions shall be based upon each member's deposit contribution in comparison to the aggregate deposit contributions of all members. There were no supplemental assessments during the year ended December 31, 2018. The amount of settlements for the past three years did not materially exceed the City's insurance coverage.

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

### 13. Interfund Transfers

A schedule of interfund transfers for the year ended December 31, 2018, follows:

#### *Transfers*

---

To General Reserve Special Revenue Fund for "permanent fund replacement" from:	
Port Enterprise Fund	\$ 20,328
Sewer Enterprise Fund	11,164
Water Enterprise Fund	1,164
Refuse Enterprise Fund	2,328
Odiak Park Enterprise Fund	4,000
<hr/>	
Total transfers to the General Reserve Special Revenue Fund	38,984
<hr/>	
To General Capital Projects Fund from nonmajor governmental funds	121,432
<hr/>	
To Water Enterprise Fund from the Port Enterprise Fund	5,000
<hr/>	
From the General Fund to:	
Cordova Center Capital Project Fund	1,225,455
General Capital Projects Fund	408,547
<hr/>	
Total Transfers to Other Funds	\$ 1,799,418

#### *General Fund Note Receivable from the Cordova Community Medical Center (CCMC) Component Unit*

In 2017, the General Fund had a note receivable from CCMC totaling \$3,093,127. In 2017 the City determined that repayment was not to be expected in a reasonable amount of time. Accordingly, the City reduced the note receivable to \$0 and recorded the entire note receivable balance as an interfund transfer from the General Fund to CCMC. Future repayments, if any, on the note receivable will be recorded as contribution revenue as the payments are made.

### 14. Contingencies

#### *Grants*

Amounts received or receivable from grantor agencies are subject to audit and adjustment by the grantor agencies, principally the federal and state governments. Any disallowed claims, including amounts already collected, would become a liability.

#### *Litigation*

The City is involved in various claims and pending litigation as part of the normal course of its activities. In the opinion of management, the disposition of these matters is not expected to have a material adverse effect on the City's financial statements.

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

### 15. New Accounting Pronouncements

The Governmental Accounting Standards Board has passed several new accounting standards with upcoming implementation dates. Management has not fully evaluated the potential effects of these statements.

*GASB 83 - Certain Asset Retirement Obligations* - Effective for year-end December 31, 2019, with earlier application encouraged - This statement addresses accounting and financial reporting for certain asset retirement obligations that are legally enforceable liabilities associated with the retirement of a tangible capital asset.

*GASB 84 - Fiduciary Activities* - Effective for year-end December 31, 2019, with earlier application encouraged - This statement addresses criteria for identifying and reporting fiduciary activities.

*GASB 87 - Leases* - Effective for year-end December 31, 2020, with earlier application encouraged - This statement addresses accounting and financial reporting for certain lease assets and liabilities for leases that previously were classified as operating leases. This statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset.

*GASB 88 - Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements* - Effective for year-end December 31, 2019, with earlier application encouraged - This statement addresses note disclosures related to debt, clarifies which liabilities to include when disclosing information related to debt, and defines debt for the purpose of disclosure. It requires additional essential information related to debt be disclosed in the notes, as well as information for direct borrowings and direct placements.

*GASB 89 - Accounting for Interest Cost Incurred before the end of a Construction Period* - Effective for year-end December 31, 2020, with earlier application encouraged - This statement addresses accounting requirements related to interest cost incurred before the end of a construction period. It requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus.

*GASB 90 - Majority Equity Interests, an Amendment of GASB Statements No. 14 and No. 16* - Effective for year-end December 31, 2019, with earlier application encouraged - This statement addresses the consistency and comparability of reporting a government's majority equity interest in a legally separate organization.

*GASB 91 - Conduit Debt Obligations* - Effective for year-end December 31, 2021, with earlier application encouraged - This statement provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with commitments extended by issuers, arrangements associated with conduit obligations, and related note disclosures. This statement clarifies the definition of a conduit debt obligation and establishes standards for related accounting and financial reporting.

# City of Cordova, Alaska

## Notes to Basic Financial Statements

---

### 16. Change in Accounting Principle

As discussed in Note 9 to the financial statements, the City participates in the Alaska Public Employees' Retirement System (PERS) plans. In 2018 the City adopted the provisions of GASB Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*, which, among other accounting and reporting criteria, requires the City to recognize its proportional share of the Net Other Postemployment Benefits Liability (and related deferred inflow/outflow accounts), as of the beginning of the City's fiscal year. As a result of the implementation of this statement, the city has recorded an opening balance adjustment to reflect opening balance OPEB liabilities and related accounts and to decrease opening net position as follows:

	Opening Net Position, as Originally Presented	Change in Accounting Principle Adjustment	Opening Net Position, as Restated
Governmental Activities	\$ 43,747,405	\$ (675,695)	\$ 43,071,710
Business-type Activities	33,210,367	(238,777)	32,971,590
Port Enterprise Fund	12,743,756	(81,779)	12,661,977
Water Enterprise Fund	11,258,618	(40,610)	11,218,008
Sewer Enterprise Fund	7,156,305	(40,610)	7,115,695
Refuse Enterprise Fund	1,892,975	(75,778)	1,817,197

### 17. Subsequent Events

On March 5, 2019, the City of Cordova authorized revenue bonds in the principal amount not to exceed \$5,000,000 to finance the planning, design, construction and acquisition of harbor and related capital improvements in the city.

# City of Cordova, Alaska

## Notes to Required Supplementary Information Year Ended December 31, 2018

---

### 1. Budgetary Comparison Schedules

The Municipal Charter lays out the process for annual budget adoption.

At least five weeks before the beginning of the fiscal year, the City Manager shall prepare and submit a budget to the City Council. Public hearings shall be held. The Council may amend the budget, but proposed expenditures may never exceed the anticipated revenues. The Council must adopt the budget not later than the third day before the start of the new fiscal year. If the Council does not adopt the budget, the original proposed budget shall go into effect.

The city manager may transfer unencumbered appropriations within a department, office, or agency. However, Council approval is required to transfer appropriations between departments or agencies.

The City publishes its annual budget document and it is available on the City's website at: [www.cityofcordova.net](http://www.cityofcordova.net)

### Expenditures Exceeding Appropriations

Expenditures exceeded appropriations by the following amounts in departments of the General Fund.

---

General Government	\$	92,522
Information and recreation		11,477
Public works		25,182
Contributions		131,574
Debt Service		5,922

---

### 2. Public Employees' Retirement System Pension Plan - Schedule of the City's Information on the Net Pension Liability

This table is presented based on the Plan measurement date. For December 31, 2018, the Plan measurement date is June 30, 2018.

There were no changes in benefit terms from the prior measurement period.

There were no changes in assumptions from the prior measurement period.

There were no changes in allocation methodology.

### 3. Public Employees' Retirement System Pension Plan - Schedule of the City Contributions

This table is based on the City's contributions for each fiscal year presented. These contributions have been reported as a deferred outflow of resources on the Statement of Net Position.

## City of Cordova, Alaska

---

**4. Public Employees' Retirement System OPEB Plan - Schedule of the City's Information on the Net OPEB Liability - ARHCT, RMP and ODD Plans**

These tables are presented based on the Plan measurement date. For December 31, 2018, the Plan measurement dates were June 30, 2018.

**5. Public Employees' Retirement System OPEB Plan - Schedule of City Contributions - ARHCT, RMP and ODD Plans**

These tables are based on the City's contributions for each fiscal year presented. These contributions have been reported as deferred outflow of resources on the Statement of Net Position.

## Supplementary Information

---

*This page intentionally left blank.*

## General Fund

---

The General Fund was established to account for the revenues and expenditures necessary to carry out basic governmental activities of the City such as police and fire protection, public works, planning, legal services, administrative services, etc. Appropriations are made from the fund annually. The fund will continue to exist indefinitely.

Revenue, for this and other funds, is recorded by source, i.e., taxes, State of Alaska, etc. Expenditures are recorded first by function, then by activity and object of the expenditure.

General Fund expenditures are made primarily for current day-to-day operating expenditures and operating equipment. Capital expenditures for large-scale public improvements, such as buildings, are accounted for elsewhere in the Capital Project or Enterprise Funds.

## Nonmajor Governmental Funds

---

The Special Revenue Fund is established to finance particular activities and is created from receipts of restricted revenues.

### E-911

This fund is established to account for restricted revenues and costs associated with Enhanced 911 surcharges.

The Capital Project Funds are established to account for the resources expended to acquire assets of a relatively permanent nature. Capital Project Funds provide a formal mechanism which enables administrators to ensure that revenues dedicated to a certain purpose are used only for that purpose and further enables them to report to creditors, and other grantors of capital project fund revenue, that their requirements regarding the use of the revenues were fully satisfied.

### Ambulance

This fund accounts for miscellaneous revenues that have been earmarked for additional ambulance equipment.

### Equipment Replacement

This fund accounts for various equipment purchases.

### General Capital Projects

This fund accounts for various community-wide capital projects.

### School Building

This fund accounts for the ILP School Building project.

### School Capital Project

This fund is used to account for various construction, maintenance, and repair projects for the school.

### Chip Seal CIP

This fund accounts for various chip seal street repair and improvement projects.

## Enterprise Funds

---

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprise - where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's council has decided that periodic determination of net income is appropriate for accountability purposes.

### MAJOR ENTERPRISE FUNDS

#### Port

This fund accounts for the operations of the port and boat harbor.

#### Water

This fund accounts for the operations of the water system.

#### Sewer

This fund accounts for the operations of the sewer system.

#### Refuse

This fund accounts for the operations of the baler, refuse collection services, and landfill.

### NONMAJOR ENTERPRISE FUND

#### Odiak Park

This fund accounts for the operations of the Odiak Camper Park.

## Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance for the Year Ended December 31, 2018

---

### 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards and schedule of state financial assistance (the "Schedules") include the federal and state award activity of City of Cordova under programs of the federal and state governments for the year ended December 31, 2018. The information in the Schedules is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Because the Schedules present only a selected portion of the operations of City of Cordova, they are not intended to and do not present the financial position, changes in net position or cash flows of City of Cordova.

### 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedules are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The City has not elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

### 3. PERS On-behalf

The City has recorded \$152,247 in PERS on-behalf payments in the schedule of state financial assistance. This represents the PERS relief payments appropriated and transferred into the plan during calendar year 2018 and relates to both pension and OPEB contributions.

In the governmental fund financial statements, on-behalf revenue and expenditures have been recognized in their proportional share of PERS payroll within the calendar year under audit.

However, in the full accrual financial statements (the government-wide and enterprise fund financial statements), GASB 68 provisions prescribe that on-behalf *pension* contributions in a special funding situation may only be recognized during the *measurement period* in which the plan recognizes the contributions. For the City of Cordova, the PERS plan measurement period is July 1, 2017 through June 30, 2018, creating a six-month timing difference between the cash contribution and revenue and expense recognition for the pension on-behalf by the City in those funds.

As a result of these perspective and timing differences, amounts reported on the financial statements do not agree to the amount reported on the schedule of state financial assistance.

### 4. Drinking Water Revolving Loan

The Drinking Water Revolving Loan is a program that is funded through a mix of federal and state funding. The \$4,081,500 (maximum) loan was offered with a subsidized portion not to exceed \$1,967,375. The subsidy will be reported on the state schedule or federal schedule, as applicable, when the cash is received. The City is unable to determine the funding split until the drawdowns are processed by the State.

# Single Audit Reports

---

## Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Honorable Mayor and City Council  
City of Cordova, Alaska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Cordova, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise City of Cordova's basic financial statements, and have issued our report thereon dated September 3, 2019. Our report includes a reference to other auditors who audited the financial statements of Cordova City School District and Cordova Community Medical Center as described in our report on City of Valdez's basic financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Cordova's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Cordova's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Cordova's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2018-001 that we consider to be a significant deficiency.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Cordova's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

## City of Cordova's Response to Findings

City of Cordova's response to the findings identified in our audit are described in the accompanying corrective action plan. City of Cordova's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

Honorable Mayor and City Council  
City of Cordova, Alaska

### Report on Compliance for Each Major Federal Program

We have audited City of Cordova's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of City of Cordova's major federal programs for the year ended December 31, 2018. City of Cordova's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

City of Cordova's basic financial statements include the operations of the Cordova City School District, which received \$603,251 in federal awards which is not included in City of Cordova's schedule of expenditures of federal awards during the year ended December 31, 2018. Our audit, described below, did not include the operations of Cordova City School District because other auditors were engaged to perform the audit of the School District; however, they did not meet the threshold for an audit in accordance with the Uniform Guidance.

#### *Management's Responsibility*

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### *Auditor's Responsibility*

Our responsibility is to express an opinion on compliance for each of City of Cordova's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about City of Cordova's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of City of Cordova's compliance.

### *Opinion on Each Major Federal Program*

In our opinion, City of Cordova complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2018.

### **Report on Internal Control Over Compliance**

Management of City of Cordova is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered City of Cordova's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City of Cordova's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## **Independent Auditor's Report on Compliance for Each Major State Program and Report on Internal Control Over Compliance Required by the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits***

Honorable Mayor and City Council  
City of Cordova, Alaska

### **Report on Compliance for Each Major State Program**

We have audited City of Cordova's compliance with the types of compliance requirements described in the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* that could have a direct and material effect on each of City of Cordova's major state programs for the year ended December 31, 2018. City of Cordova's major state programs are identified in the accompanying schedule of state financial assistance.

City of Cordova's basic financial statements include the operations of the Cordova City School District which received \$4,673,752 in state awards which is not included in City of Cordova's schedule of state financial assistance for the year ended December 31, 2018. Our audit, described below, did not include the operations of Cordova City School District because it was subjected to a separate audit in accordance with the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*.

#### ***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

#### ***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of City of Cordova's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Those standards and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about City of Cordova's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of City of Cordova's compliance.

### *Opinion on Each Major State Program*

In our opinion, City of Cordova complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended December 31, 2018.

### **Report on Internal Control Over Compliance**

Management of City of Cordova is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered City of Cordova's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City of Cordova's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Accordingly, this report is not suitable for any other purpose.

Material weakness(es) identified?     yes   X  no  
 Significant deficiency(ies) identified?     yes   X  (none reported)

Type of auditor's report issued on compliance for major state programs: Unmodified

Dollar threshold used to distinguish a state major program? \$ 150,000

# City of Cordova, Alaska

## Schedule of Findings and Questioned Costs, continued Year Ended December 31, 2018

### Section II - Financial Statement Findings Required to be Reported in Accordance with *Government Auditing Standards*

<b>Finding 2018-001</b>	<b>Journal Entry Review - Significant Deficiency in Internal Control Over Financial Reporting</b>
<i>Criteria</i>	Internal controls should be established to ensure proper and accurate financial reporting in accordance with generally accepted accounting principles (GAAP).
<i>Condition</i>	The Finance Director prepares all journal entries, but there is no one reviewing them.
<i>Cause</i>	Limited accounting staff at the City.
<i>Effect or potential effect</i>	Journal entries could be made in error or inappropriately.
<i>Recommendation</i>	We recommend that someone review and approve all journal entries and initial the support for the entries to document their approval. This process would improve controls over adjustments to the general ledger.
<i>Views of responsible officials and planned corrective actions</i>	Management concurs. See the corrective action plan.

### Section III - Federal Award Findings and Questioned Costs

There were no findings and questioned costs for federal awards (as defined in 2 CFR 200.516 (a)) that are required to be reported.

### Section IV - State Award Findings and Questioned Costs

There were no findings and questioned costs for State awards (as defined in the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*) that are required to be reported.

*This page intentionally left blank.*

## City of Cordova Single Audit Responses (Unaudited)

## **Summary Schedule of Prior Audit Findings**

**Finding 2017-001** Auditor-Detected Adjusting Journal Entries and Lack of Account Reconciliations - Material Weakness in Internal Control over Financial Reporting (Cordova Community Health Medical Center)

*Condition* Material adjustments were necessary to cash, accounts receivable, third-party settlements, electronic health records revenue, other receivables, grant revenue, capital assets, accounts payable, accrued payroll, and notes payable to properly present the financial statements in accordance with generally accepted accounting principles.

*Status* This finding is resolved.

**Finding 2017-002** Grants Management - Material Weakness in Internal Control over Financial Reporting (Cordova Community Health Medical Center)

*Condition* Cordova Community Health Medical Center did not have sufficient internal controls in place to identify and monitor grant expenditures.

*Status* This finding has been resolved.

**Finding 2017-003** Journal Entry Review - Significant Deficiency in Internal Control Over Financial Reporting

*Condition* The Finance Director prepares all journal entries, but there is no one reviewing them.

*Status* This is a repeat finding for 2018.

**Finding 2017-004** Year-End Account Reconciliation Review - Significant Deficiency in Internal Control Over Financial Reporting

*Condition* Certain year-end account reconciliations contained errors.

*Status* This finding has been resolved.

**Finding 2017-005** Single Audit Reporting - Material Weakness in Compliance over Financial Reporting

*Condition* The audit, data collection form and the single audit reports were not completed and submitted by the deadlines.

*Status* This finding has been resolved.

# CITY OF CORDOVA
