3.10.050 - Definitions

As used in this chapter and throughout the City Charter and Code, unless the context otherwise requires, the following terms shall have the meanings set forth in this section:

A. “Financial interest” means an interest in or control of an asset or debt or a position in an organization or business held by a person or a member of that person’s household which may produce or has produced monetary gain or loss. A “financial interest” does not include any interest or control that is the equivalent of or arises from an interest held by all members of the public or a substantial class of persons to which that person belongs as a member of a profession, occupation, industry, or region. An interest in a membership, appointment or unpaid volunteer position with a nonprofit or public entity is not a “financial interest” unless the position is compensated. A mere stipend for meeting attendance or expenses associated with a volunteer position does not constitute compensation.

B. “Official action” means a recommendation, decision, approval, disapproval, vote, or other similar action made while serving as a City Council member, a City commission or board member or as a City employee or officer, including City Manager.

C. “Substantial financial interest” means a financial interest that the presiding officer or governing body determines is substantial after weighing the following factors:

1. Whether the financial interest is a substantial part of the consideration;

2. Whether the financial interest will be significantly impacted or changed by the outcome of the official action;

3. Whether the financial interest is immediate and known or attenuated and dependent on factors beyond the official action; and

4. Whether a reasonable person would consider the financial interest significant and would expect a person to take actions and make decisions to protect that financial interest.

Notwithstanding these factors, a financial interest that would result in a pecuniary gain or loss exceeding $5,000 in a single transaction or more than $10,000 in the aggregate in 12 consecutive months is presumed to be “substantial” unless City Council or the board or commission taking the official action determines that the financial interest under the specific circumstances is not substantial.
