AGENDA ITEM 6
City Council Meeting Date: 05/19/2021
CITY COUNCIL COMMUNICATION FORM

FROM: Samantha Greenwood, Public Works Director
DATE: 05/12/21
ITEM: Award of Sole Source Contract to De Nora Water Technologies, LLC
NEXT STEP: Council approval of resolution authorizing City Manager to negotiate the contract

---

I. REQUEST OR ISSUE: To approve a sole source contract with De Nora Water Technologies, LLC to purchase and install an Onsite Sodium Hypochlorite Generator (OSHG) and dosing pump at the wastewater treatment plant.

5.12.150 - Sole source procurements.
A. The city may procure supplies, services, or construction without competition where the city manager determines in writing that one of the following circumstances applies:
   1. Supplies, services or construction that reasonably meet the city's requirements are available from only one vendor;
   2. The supplies, services or construction have a uniform price wherever purchased;
   3. The supplies, services or construction may be purchased from or through another governmental unit at a price lower than that obtainable from private vendors;
   4. The price of the supplies, services or construction is fixed by a regulatory authority; or
   5. The contract is for professional services that the council by resolution determines to procure without formal competition.

B. The award of any contract under this section shall be subject to prior council approval in accordance with Section 5.12.040.

This contract meets the requirements of A1 above by providing an OSHG that is built by the same company as the three existing OSHGs and dosing pumps used at the water treatment plants. The successful operation and excellent technical support of the existing De Nora OSHGs has been proven at the water treatment plants since 2018. Installing a De Nora OSHG and dosing pump at the
wastewater treatment plant will not require additional training for employees, tech support can be applied to all machines and provided by one company. Having like OSHG equipment components across the four treatment systems provides more flexibility for timely repairs with interchangeability of components, increases overall efficiency and provides cost savings. The purchase of the De Nora OSHG will meet the city’s needs and these needs can only be achieved by one vendor.

II. RECOMMENDED ACTION / NEXT STEP: Council suggested motion “to approve Resolution 05-21-23, a resolution of the Council of the City of Cordova, Alaska, authorizing the City Manager to enter into a sole source contract with De Nora Water Technologies, LLC for the purchase and installation of an onsite sodium hypochlorite generator and dosing pump in the amount of $176,885 for the treatment of effluent at the wastewater treatment plant."

III. FISCAL IMPACTS: The OSHG will be paid for with depreciation funds the account is 705-397-41095 and this purchase was approved in the 2021 budget.

IV. BACKGROUND INFORMATION: The water/sewer department currently hauls chlorine that is produced at Eyak water treatment plant daily to the wastewater treatment plant. The process requires 1.5 hours of a person’s time, 7 days a week to complete. This translates to one employee spending over a full workday out of every week hauling the chlorine to the wastewater treatment plant. The collecting and hauling of chlorine are a potential safety concern for employees and a transportation liability for the city should an accident occur during hauling.

The current method of manually adding chlorine to the clarifier is not an efficient use of chlorine. The current method of dosing is known as a continuous dose, meaning the amount added is not calibrated constantly to the amount of effluent that is being treated. The dosing pump will automatically calculate required doses and administer automatically saving time and chlorine used. Purchasing the OSHG and dosing pump will allow the water/sewer department to be more efficient, complete additional tasks and provide a safer working environment.

V. SUMMARY AND ALTERNATIVES: Council could choose not to approve the contract. The water/sewer department would continue to haul chlorine and manually dose the sewage.
CITY OF CORDOVA, ALASKA
RESOLUTION 05-21-23

A RESOLUTION OF THE COUNCIL OF THE CITY OF CORDOVA, ALASKA, AUTHORIZING THE CITY MANAGER TO ENTER INTO A SOLE SOURCE CONTRACT WITH DE NORA WATER TECHNOLOGIES, LLC FOR THE PURCHASE AND INSTALLATION OF AN ONSITE SODIUM HYPOCHLORITE GENERATOR AND DOSING PUMP IN THE AMOUNT OF $176,885, FOR THE TREATMENT OF EFFLUENT AT THE WASTEWATER TREATMENT PLANT

WHEREAS, the water/sewer department currently hauls chlorine produced at Eyak water treatment plant 7 days a week to the wastewater treatment plant; and

WHEREAS, transporting the chlorine is not efficient, is a transportation liability and is potentially hazardous to employees; and

WHEREAS, the treatment of effluent requires chlorine by ADEC; and

WHEREAS, the water/sewer department is trained in operating and maintaining De Nora Onsite Sodium Hypochlorite Generators and dosing pumps, as they have been utilized at the three water treatment sites since 2018; and

WHEREAS, having like OSHG equipment components across the four treatment systems provides more flexibility for timely repairs, interchangeability of components, increases in efficiency and cost savings; and

WHEREAS, a sole source contract with De Nora provides the City the best opportunity to be time efficient, have continuity between equipment, and save money; and

WHEREAS, a sole source contract with De Nora to purchase and install the Onsite Sodium Hypochlorite Generator and dosing pump provides the City the best opportunity to meet the city’s needs and is only available from De Nora; and

WHEREAS, City Council does hereby approve the following as required in Cordova Municipal Code Section 5.12.040 Council approval of contracts:

A. Contractor: De Nora Water Technologies, LLC
B. Contract price: $176,885.00
C. Nature and quantity of the performance that the City shall receive: De Nora will provide and install an Onsite Sodium Hypochlorite Generator and dosing pump capable of producing 24 lbs. of chlorine per day. The equipment will interface with the existing SCADA program and will be installed within the wastewater treatment plant building.
D. Time for performance: Estimated shipping time is 6 months and installation will occur within 15 days of arrival in Cordova.

WHEREAS, pursuant to Cordova Municipal Code Section 5.12.150A, the City Manager has
determined in writing that the purchase of the De Nora Onsite Sodium Hypochlorite Generator and dosing pump will meet the City’s needs of continuity within the treatment systems, increased efficiency, interchangeability of parts and reduced costs. The City Council affirms by approving this resolution that the City requirements are being met with a sole contract with De Nora Water Technologies, LLC.

**NOW, THEREFORE BE IT RESOLVED THAT**, the Council of the City of Cordova, Alaska, hereby authorizes the City Manager to enter into a sole source contract with De Nora for the purchase and installation of an Onsite Sodium Hypochlorite Generator and dosing pump for the City of Cordova.

**PASSED AND APPROVED THIS 19th DAY OF MAY 2021.**

AGENDA ITEM 7
City Council Meeting Date:  05/19/2021
CITY COUNCIL COMMUNICATION FORM

FROM:  Susan Bourgeois, City Clerk
DATE:  05/12/2021
ITEM:  Certification of the 2021 Property Assessment Roll
NEXT STEP:  Majority voice vote

_____ ORDINANCE  _____ RESOLUTION
__x__ MOTION  _____ INFORMATION

I. REQUEST OR ISSUE:  Certification of the 2021 Property Assessment Roll.

II. RECOMMENDED ACTION / NEXT STEP:  Suggested motion:
I move to certify the 2021 Property Assessment Roll as presented by the City Clerk’s Office.

III. FISCAL IMPACTS:  Certification of the roll is the next step toward collection of 2021 property taxes. The certification of the roll gives the full taxable value of the City. A mill rate will be set by June 15, 2021 which will determine property tax amounts. Bills go in the mail per City Code by July 1, 2021 and the collection is in halves, the first half due on or before August 31, 2021 and the second half due on or before October 31, 2021.

IV. BACKGROUND INFORMATION:  Contract Assessor, Appraisal Company of Alaska conducted a customary review of Cordova’s properties in the winter of 2020 to arrive at new values for the 2021 assessment roll; all properties are assessed at their values as of January 1 of the assessment year. Commercial and Residential property values did not receive an across the board increase for 2021.

Assessment notices were mailed to all property owners on March 10, 2021. During the 30-day appeal period, the Deputy Clerk received 8 appeals which were handled remotely by Appraisal Company of Alaska, the City’s contracted Assessor. The Board of Equalization Hearing was slated for April 19, 2021, at which time, the Board would have heard any appeals that were not agreed to by the appellant and assessor. In 2021, no appeals made it to the Board as each was worked out between appellant and assessor. Adjusted Assessment notices were sent to all appellants whose property values changed as a result of the appeal, on April 22, 2021.
A few noteworthy points about 2021 property tax assessment roll:

- New construction and increases to the percent-complete of previously recorded new construction totaled an increased value of about $2.7 million in 2021.
- Senior Citizen/Disabled Veteran exemptions are on the rise; in 2013 SRC/DV exemptions were valued at $13.8M and accounted for 7.24% of all exemptions; by 2016 those figures were $16.9M and 8.26%; in 2019 the figures were $20.6M and 9.55% and for 2021 they are $22.5M and 10.35% respectively. Both the value of the SRC/DV and the percent of all exemptions that SRC/DV account for have been steadily increasing by more than any other category of exemptions.

V. LEGAL ISSUES: The pertinent references to the Cordova Municipal Code are as follows:

5.36.190 - Appeal—Entry of changes by assessor.
Except as to supplementary assessments, the assessor shall enter the changes so certified upon his records and certify the final assessment roll by June 1st.

5.36.230 - Delivery of statement to council.
When the final assessment records have been completed by the assessor as provided in this chapter, the assessor shall deliver to the council on or before June 1st of each year a statement of the total assessed valuation of all real property within the city.

5.36.240 - Amount set by resolution.
The council shall thereupon by resolution annually before June 15th fix a rate of tax levy and designate the number of mills upon each dollar of value of assessed taxable real property that shall be levied.

VI. SUMMARY AND ALTERNATIVES: Council should approve a motion to certify the roll unless there is reason to believe there was a breach in procedure or error in calculations by either by the Contract Assessor or the City Clerk’s Office.

F. Communications by and Petitions from Visitors
1. Guest speaker
a. Incident Management Team, COVID-19 Update - Dr. Hannah Sanders reported: we’ve been continuing with vaccine clinics and it has slowed some because so many have been vaccinated now, we have enough to offer to those visiting the community also.
Glasen asked a question – if everyone who wants a vaccine has gotten a vaccine, can we remove the mask mandate? Sanders said that she’d like it to remain in place through the end of May as our seasonal influx of people arrive and then they will still suggest that the community continue to abide by the CDC guidelines regarding masking - when you’re in public indoor spaces with non-household members.
2. Audience comments regarding agenda items
Barb Jewell of 2.2-mile Whitshed Rd. commented on the executive session item – she said she appreciates that the clarification was made with the amendment but the published agenda item was very unclear and lacks transparency - it appears as though these conversations are being conducted behind closed doors and away from public scrutiny.
3. Chairpersons and Representatives of Boards and Commissions
CCMC report – Dr. Hannah Sanders reported: 1) second month of positive cash flow - not completely due to CARES funding, they have been more efficient as far as service delivery and have updated billing practices. 2) she spoke with Governor’s assistant, Bill Thomas about some of these shovel-ready projects that could get infrastructure funding.
School Board report – Barb Jewell reported: 1) looking at school calendar, a little later than usual because we are considering some of the lessons we’ve learned about what works better; 2) they’ve been working on budget, it’s the scariest one she’s seen since she’s been on school board – there are some goals they wanted to try to meet, that they probably won’t get to, particularly Pre-K and some other literacy goals and expanding career and technical programs.
4. Student Council representative - no report

14. Manager’s Report - City Manager Helen Howarth reported: 1) Dean Baugh is on the line to discuss the finances through 12/31/20 - Baugh said the audit would be conducted weeks of June 21 and 28, he’ll be in Cordova for that. The 2020 numbers he’s presented are preliminary, and 2020 wasn’t a great year, as was expected - General Fund ended the year negative - 2 big reasons, school bond debt - State gave considerably less than was budgeted and then taxes came in lower in 2020. Cashflow is fine, you won’t have an issue paying bills but there should be $600 - $800k in general fund reserve.

Overall revenues came in about $1.2m lower than projected - not unusual for what happened last year - departments were able to control expenses pretty well and expenses came in about $671k lower than budgeted.

Howarth continued her report – 2) said there was an update from UBS, they will present at the May 5 meeting. 3) Personnel update - some exciting applicants for both Planner and Parks and Rec Director positions, commissioners from both bodies will assist with interviews. 4) Chief Nate Taylor updated Council on things he’s been working on - Greg Russell has been consulting with him - he is cleaning up the CPD’s OPM (operations and procedures manual); he is also reviving a citizen advisory group - he’s still adding members to make it more representative of our diverse community.

Howarth continued, 5) Harbor grants are our number one priority - Tier 1 - in Governor’s budget, we strongly believe it will remain - BUILD grant $80m through DoT, we’ve applied twice haven’t been successful - in the past only 2 per state were awarded, this year it’s 4 per state - well on our way to getting a strong application in for that - staff has been hyper focused on that. 6) EDA may give as much as $9m toward the project - we have the opportunity to possibly go beyond just the South Harbor, including more opportunities with other infrastructure money that is being given out. 7) We’ve just received a Rasmuson grant for soft surfaces in some parks – we should continue to look for those for Library, Museum.

Allison asked what the status of the stairway at the Cordova Center is. Greenwood reported that the State is running that, hoping to be out to bid in June and completed by late fall.
15. City Clerk’s Report - Bourgeois reported: 1) she was asked at the last meeting to put in an explanation of correspondence, she has included a primer in tonight’s packet; 2) when topics arise in her office that she determines could need Council input, she will put those in a written report, council can read and if they so choose could bring up at PA to direct further work, etc.

M/Sherman/S/Bailer to adopt Ordinance 1196 An ordinance of the Council of the City of Cordova, Alaska, amending the 2021 City budget and authorizing the transfer of $100,000 from the General Reserve Fund (Permanent Fund) to the Governmental Capital Projects Fund #401 to upgrade and provide security to the City’s impound lot.

Sherman said, she will mention what she has already said, that Council directed staff to work on this, staff did great work and now it’s to us to approve this. She thinks there is enough in the permanent fund to use $100k for this important project.

Bailer echoed those comments and staff did a really good job researching options, he supports this. Glasen and Guard both spoke in favor. Allison spoke against the ordinance, he thinks it is too early to be taking money from the permanent fund, we have no idea where we are at in 2021 – haven’t seen 2021 financials yet. We are short some staff so we could be saving money there. Meyer said she will not vote in favor tonight, she may for second reading, she’ll have to wait and see; taking money from the permanent fund is nothing we do lightly.

Vote on the motion: 4 yeas, 2 nays, 1 absent. Meyer-no; Bailer-yes; Guard-yes; Glasen-yes; Sherman-yes; Allison-no and Schaefer-absent. Motion was approved.

M/Sherman S/Sherman to dispose of Tract 8A, Group C, ASLS 73-35 as outlined in Cordova Municipal Code 5.22.060 B by negotiating an agreement with Native Conservancy to lease the property.
Sherman said this looks like a good use of this area in the summer months, certainly it is dangerous in winter months. Meyer said it is nice to see this land being used for something. Guard. Glasen spoke in favor. Bailor was concerned and wanted to ensure that the City didn’t get left with any cleanup of the area. Howarth said she would address that concern during negotiations. Allison said he is in favor, could be good for Cordova, he’s in support.

Vote on motion: 6 yeas, 0 nays. Motion was approved.

25. Discussion of COVID-19 Emergency Response - Howarth said we will be demobilizing emergency response, any restrictions, we’re prepared to relax those or maybe even remove them altogether; should be on the June 2 Regular Agenda. Glasen said he thinks we are ready now. Meyer said she is fine with early June, there are still people only partially vaccinated that won’t be fully vaccinated for several weeks.

26. Pending Agenda, Calendar, CIP List and Elected & Appointed Officials lists

Sherman thanked the School Board, she learned a lot in the work session.

Bailor said we struggle to find $100k for something we need, we struggle finding more money for the police department yet people think we can support 2 clinics in this town and a hospital, we should have one health care system, that would be best for this community.

Q. Executive Session

27. This agenda item was amended at approval of the agenda. Native Village of Eyak-City of Cordova Joint Venture discussion, in executive session because it is a subject the immediate knowledge of which would clearly have an adverse effect upon the finances of the government. Presentation of NVE’s proprietary information regarding NVE grant opportunities and options for collaboration between the City and NVE in the provision of community medical service, in executive session because those are matters which by law, municipal charter or code which are required to be confidential. 

M/Allison S/Glasen to enter an executive session for the presentation of NVE’s proprietary information regarding NVE grant opportunities and options for collaboration between the City and NVE in the provision of community medical service, in executive session because those are matters which by law, municipal charter or code which are required to be confidential.

Susan Bourgeois, CMC, City Clerk
State of Alaska Tier 1 Harbor Match Program: The Tier 1 Grant application is intact in the State budget as it now stands.

Covid-19: The community of Cordova has once again managed to reduce = Cordova COVID cases to zero active cases.

AMHS Service: I have been in recent correspondence with John Falvey regarding crew change details on the Aurora, and more importantly, the outlook for winter service. I will be working with City staff to reach out to Seward to encourage maintenance work on the Aurora to keep it closer to Prince William Sound for its layup and target an 8-week downtime for winter service, but winter operations in PWS the rest of the year focused on school and Cordova citizen travel to the road system.

Congressional Delegation Outreach: I worked with Helen to prepare talking points to advocate for Cordova infrastructure needs – waterfront, medical, and public safety – with our congressional delegation. I had a half-hour long call with Kaleb Froelich, Senator Murkowski’s chief of staff, and several other staffers last week to promote the long overdue waterfront upgrades and other needs. I have requests in for similar meetings with Senator Sullivan and Representative Young’s offices.

Cordova Aviation History Museum Resolution and Opportunity: This opportunity will slip away if there is no interest expressed the aviation or history community in Cordova, which would be the tragic loss of an opportunity.

Community Health Care: I have been working with the City Manager, City Attorney, Vice Mayor, City Council, and Native Village of Eyak to pursue funding and community facility and service/staffing upgrades for medical services. New revisions to Title 15 and collaboration between CCMC, NVE, and the City could result in a new day for accessible, affordable, quality health care for Cordova.
1. **BUDGET RELIEF**

There is good news on the budget front.

The Legislature is in the final days leading to passage of the State’s operating budget for FY22. The House passed its version and the Senate is now doing its work with compromise expected as they head towards their May 19th adjournment deadline. Both chambers seem poised to approve full funding for School Bond Debt reimbursement. Cordova received over $800,000 in FY19 but saw that number drop to $450,000 in FY21. The actual allocation will be known after the budget is approved, likely the end of June. In addition, the legislature seems ready to approve revenue sharing measures again.

On the Federal front there are two programs that will directly impact local governments. The Feds are indicating they plan to increase the Payment in Lieu of Taxes (PILT) allocations this year and the distributions should be sent in mid-June.

American Rescue Plan Act (ARPA) resources have been allocated to states and rules on fund use released. Cordova is in line to receive $1,057,430.16 in two distributions: half ($528,715.08) in FY21 and the same amount in FY22. The funds may be used for the following broad purposes:

- Support Public Health Response Fund COVID-19 mitigation efforts, medical expenses, behavioral healthcare, and certain public health and safety staff
- Replace Public Sector Revenue Loss Use funds to provide government services to the extent of the reduction in revenue experienced due to the pandemic
- Water and Sewer Infrastructure Make necessary investments to improve access to clean drinking water and invest in wastewater and stormwater infrastructure
- Address Negative Economic Impacts Respond to economic harms to workers, families, small businesses, impacted industries, and the public sector
- Premium Pay for Essential Workers Offer additional support to those who have and will bear the greatest health risks because of their service in critical infrastructure sectors
- Broadband Infrastructure Make necessary investments to provide unserved or underserved locations with new or expanded broadband access

Additionally, there are significant funds set aside for infrastructure projects and City is ready to apply for those resources as programs are announced: sewer/water, new public safety building, improvements to hospital among other opportunities.

We are actively pursuing FEMA reimbursement for FY20 and FY21 Covid related expenses incurred by City. It is a slow process, but we are working directly with FEMA representatives to identify eligible expenses and submit a viable package for funding.
2. **STAFF CHANGES**

**Coming!** Kevin Johnson has been hired as City’s new Planner. Kevin will move to Cordova from Washington state where he was Associate Planner for the City of Mountlake Terrace. He has a degree in Urban Planning and Sustainable Development and is a member of the Marysville Planning Commission and a Board Member of the Planning Association of Washington.

**Shuffling!** Our Finance Department has familiar faces in new roles: Barb Webber is stepping up to become Comptroller; Brenda Namitz will take on Accounting Specialist/Accounts Payable duties and Shiella Hanak will join City Hall after a stint as Despatcher to become our new Accounting Specialist/Accounts Receivable.

**Going!** Harmony Graziano will be leaving City employment at the end of May to travel and pursue other interests. Her two-week visit to Cordova turned into an 18 month stint at City Hall and we are grateful for her many contributions. She will be missed!

RE: March 2021 Financial Report (pre-Audit)

Attached are the following 3 reports;

- Cash Balances at 3-31-21 pre-audit
- Cash Balances at 12-31-20 pre-audit (for comparison)
- Fund Summary through 3-31-21 pre-audit

**Fund Summary**- First 2 pages are the fund summary for the General fund only and the third page includes all funds, general and enterprise through March 31, 2021, pre-audit.

City’s 2020 audit is scheduled for the weeks of June 21 & 28, auditors will in Cordova the week of June 28\(^{th}\). Staff will be working the next few months to complete all year-end procedures. The 2021 budget was approved by Council at the December Council meeting, staff will be working on a budget amendment to incorporate carry-over amounts on grants and projects.

Revenues and expenses will be adjusted as we prepare for audit. Pre-audit requires that revenues and expenses for 2020 that are received or expensed within 60 days of year-end are recorded back to 2020.

**Cash Balances**- Attached is a listing of the various cash accounts that the City maintains. The 1\(^{st}\) seven are the unreserved amounts, available to meet daily needs through the annual budget process. (Note: The UBS-CT only with council authorization.)

The next 3 have restrictions, 2 land fill CD’s are set aside for landfill closure and the USB-PF is the City’s permanent fund.

Chart below is a comparison of available cash balance December 2020 to March 2021, with March 2019 for comparison.

The repurchase account had a reduction of $1.8 million from December to March. Reviewing the expense report show that the City has expensed approximately 25% of the 2021 budget and has received 14% of the revenues. This happens each year as most of the Cities large revenues are not received till July-Oct (property tax, fish tax). When compared to the March 2019 repurchase account balance the account has increased by $562,279. The enterprise fund decrease includes transferring the budgeted transfers to reserves of $392,000.

The City requires cash reserves for operating purposes. Each fund should have sufficient reserves that the cash in each fund remains positive throughout the year.

The City has sufficient cash flow reserves, the problem is most of the reserves are in enterprise fund reserve accounts. As the enterprise funds start to do projects the reserve balances will decrease and the available funds for cash flow will decrease.

I would recommend setting the goal at 3 months reserves in each fund so each fund can support its own cash flow needs.

Recommended cash reserves, (Council to set target goal)

MEMORANDUM

TO: CORDOVA CITY COUNCIL
    HELEN HOWARTH, CITY MANAGER

FROM: HOLLY C. WELLS

RE: ORDINANCE 1197 REGARDING REVISIONS TO CMC TITLE 15

CLIENT: CITY OF CORDOVA

FILE NO.: 401,777.262

DATE: APRIL 29, 2021

A. INTRODUCTION

This memorandum provides a brief overview of the proposed revisions to CMC Title 15 in Ordinance 1197 entitled “An Ordinance of the City Council of the City of Cordova, Alaska, Repealing and Reenacting CCMC Title 15 “Hospital Services” to Clarify the Authority For the Sale, Transfer, Exchange or Disposal of the Cordova Community Medical Center or A City-Owned Interest or Facility In Its Inventory, Providing the Disposal Notice and Process Requirements for Such a Transaction, and Updating and Reformatting Title 15, Its Definitions, and Its Organization for Uniformity.” Ordinance 1197 was presented as a repeal and reenactment rather than an amendment because the organization of Title 15 was changed to comport with current formatting and identification standards, resulting in significant reorganizing and the adoption of new sections and chapters. These types of changes generally support the full repeal and reenactment of a Title to avoid any confusion as Council and public review and compare the changes. While this memo focuses on the most substantial revisions to the Ordinance, all proposed changes to Title 15 are shown in the redline form attached to this memo.

B. DISCUSSION

At the April 21, 2021 City Council meeting, the Native Village of Eyak (“NVE”) presented confidential information to City Council regarding NVE’s grant opportunities and NVE medical service data. In response, City Council requested a review of City law and direction regarding the legal process for considering the confidential information presented by NVE in executive session. Council emphasized the importance of ensuring any considerations were compliant with federal, state, and local law, that all requirements regarding public notice and open meetings were followed, and that Council was presented with the necessary information and documents as quickly as possible so NVE and the
City did not lose any valuable opportunities for partnership in providing community medical services to the public.

In furtherance of Council’s goals, the City Clerk and Mayor are working with NVE to schedule a public presentation by NVE regarding community medical services and its proposals to the City and a resolution expressing Council’s support for joint medical service opportunities with NVE. Additionally, Ordinance 1197 proposes necessary changes to Title 15 that provide Council a procurement and disposal method that permits City Council to deviate from standard land disposal methods required under the Code so long as its alternative method meets certain requirements designed to comply with federal, state, and local laws that ensure public knowledge, administrative due diligence, and legislative consideration before the disposal of significant City assets. To this end, the proposed sections CMC 15.10.070 and 15.10.080 are the most substantial changes presented in the Ordinance.

In the event this Ordinance is adopted, Council, CCMC, and the public will be presented with the instruments, information, and updates necessary and required before the disposal of any City property or buildings in CCMC’s inventory. The City Administration will also take steps to ensure that the Hospital Services Board and CCMC CEO are fully aware of the proposed changes to City Code and the disposal of CCMC inventory and the implications for CCMC management and operations.
ATTACHMENT A TO MEMO REGARDING 1197
Changes to Cordova Municipal Code Title 15 Proposed in Ordinance 1197

Ordinance 1197 repeals and reenacts Title 15 of the Cordova Municipal Code. As a result, the changes to the Code are not reflected in the Ordinance itself. This document provides a redlined view of the substantive proposed changes for Council’s and the public’s edification and ease of reference.

Helen Howarth, City Manager
City of Cordova
P.O. Box 1210
Cordova, Alaska 99574

Dear Ms. Howarth,

We are writing to request permission to develop a cooperative community garden on a section of the City-owned lot adjacent to the burn pile. The portion of the lot we are interested in is approximately 13,500 square feet (see attached sketch and site photos of cleared area).

The Cooperative Greenhouse Initiative has created an action plan, outlined in this request, to expand the community’s efforts to increase local food production and food security, addressing multiple goals outlined in Cordova’s 2019 Comprehensive Plan.

We are requesting that the City of Cordova lease the land to the Prince William Sound Economic Development District (PWSEDD) for a nominal fee, unless another land use mechanism is more suitable to the project (e.g. a land use permit).

**BACKGROUND**
In October 2020 the Copper River Watershed Project and Prince William Sound Economic Development District began a feasibility study for a cooperative greenhouse in Cordova. The cooperative greenhouse would serve as a community-accessible space for increasing local food production, improving our town’s food security and increasing the quality of produce available. The cooperative will consist of a small geodesic greenhouse structure to grow vegetables to sell locally at a farm stand (or Saturday Market), as well as raised bed plots for rent by community members. The “cooperative” structure will involve some form of membership compensation (in produce, or in use of a growing plot) in exchange for members’ time contributed to helping with food production.
In November 2020, we surveyed Cordova community members on a cooperative greenhouse initiative to gauge interest on increasing the amount of locally-grown produce in Cordova. The survey was met with strong participation and 81.90% of the 120 participants stated they would commit to some amount of volunteer time each month in exchange for produce.

VISION
We are requesting use of the land to develop a cooperative garden space to increase local food production, expand and improve Cordova’s indoor and outdoor recreation opportunities, support local schools with education opportunities, conduct additional research on how climate change may impact Cordova and the surrounding environment and develop adaptation strategies that anticipate future changes and challenges, and encourage resident participation and engagement in cooperative governance, decision-making and volunteerism.

We have developed an action plan to develop a cooperative garden space.

Phase 1: Secure funding to build a geodesic dome and raised garden plots to increase access to local food production.

- Geodesic domes from the company Growing Spaces in Pagosa Springs, CO are rated for 120+ mph winds, can handle heavy snow loads, and are made of 16mm multi-wall polycarbonate glazing.
- Produce grown in the geodesic dome will be available for community members to purchase, providing a revenue stream to support operational cost.
- Raised-bed garden plots will be available for cooperative members to rent on a seasonal basis.
- The cooperative garden will be run and maintained by its membership, governed by an established set of by-laws.

We are in the process of applying for funding to purchase a geodesic dome greenhouse and construct raised garden plots from the USDA’s Community Food Assistance Program Grant ($50,000) and matching funds from the Denali Commission ($50,000).
**Project Need**
The City of Cordova recently spent a year writing its Comprehensive Plan, and used a thorough process of engaging residents through local events such as our Copper River Delta Shorebird Festival, our Christmas Bazaar, solicitation of comments on-line, and three community workshops held during that year of planning. The resulting plan has six areas for community development, one of which is “Quality of Life Issues and Policies”. This section enumerates several strategies, one of which is “Strategy #5: Increase Local Food Production” (p. 46, [www.cordovacomplan.com](http://www.cordovacomplan.com)).

A Food Cost Survey conducted annually by the University of Alaska’s Cooperative Extension Service shows that a weeks’ worth of groceries for a family of four (with children from 6-11 years old) in Cordova, Alaska cost 46% more than the same “market basket” of groceries purchased in Anchorage, Alaska (UA School of Natural Resources and Extension, June 2018).

**Benefits**

**Increased Food Security**
There are multiple benefits of establishing a cooperative garden in Cordova. Establishing a cooperative garden space will increase Cordova’s food security which is more vulnerable than ever with continued cuts to the Alaska Marine Highway System ferry service being made at the State level.

**Increase Food Quality**
The fresher the produce, the higher the nutritional value. Once harvested, vegetables’ nutritional value begins to decrease substantially. Due to lack of water, cutting off their nutrient supply, and their interiors being exposed to oxygen, vegetables immediately begin to consume the nutrients within themselves. Vegetables lose anywhere from 15 - 77% of their Vitamin C within a week of harvest (UC Davis, 2007). By the time we consume our vegetables here, they’ve spent time being shipped, sitting on store shelves, and then stored in our home refrigerators for a few days, likely two weeks removed from harvest and with a fraction of the nutrients they once had.
Lower Carbon Footprint
By increasing our local supply of produce, we will subsequently lower our carbon footprint of food production. In a time when Alaska is seeing its climate change 1.7 times faster in warmer months than the northern hemisphere (“Key indicators of Arctic climate change: 1971-2017”, Box et al., 2019), lowering the carbon footprint of food production by producing food within our community is an important benefit as a model for community response to climate change.

Support Existing Programs
A cooperative garden space will allow for participating individuals, community organizations, and tribal organizations to support existing programs such as the Cordova School District lunch program, community food assistance programs, and educational opportunities.

We greatly appreciate the efforts local businesses have provided for the community to have access to fresh, nutrient dense produce and look forward to working with those businesses to diversify and increase the amount of locally grown produce that is available in Cordova.

Thank you for your consideration of this request.

Sincerely,

Kristin Carpenter

If the city planner finds that the real property is available for lease or purchase, the city planner shall schedule the letter of interest for review by the planning commission; and

WHEREAS, the City of Cordova’s Planning Commission has determined that updating the 2021 Land Disposal Maps at this time to make the approximately 4,875 square feet of the southern portion of ASLA 79-258 ‘Available’ is important to maintain consistency with the land disposal process; and

AGENDA ITEM 15
City Council Meeting Date: 05/19/2021
CITY COUNCIL COMMUNICATION FORM

FROM: Susan Bourgeois, City Clerk - Resolution sponsors: Council members Meyer and Sherman
DATE: 05/12/2021
ITEM: Resolution 05-21-25
NEXT STEP: Approval of Resolution

___ ORDINANCE  ___ MOTION  ___ RESOLUTION  ___ INFORMATION

I. REQUEST OR ISSUE: Approval of Resolution.

II. RECOMMENDED ACTION / NEXT STEP: Suggested motion:
   I move to approve Resolution 05-21-25 A resolution of the Council of the City of Cordova, Alaska, authorizing the City Manager to negotiate directly with NVE regarding the transfer, exchange, merger, or sale of City and CCMC assets in furtherance of a joint community medical care model of service.

III. FISCAL IMPACTS: A joint community medical care model of service could reduce the taxpayer burden of support for the City-run hospital, CCMC.

IV. BACKGROUND INFORMATION: City Council and Native Village of Eyak have been exploring a collaboration for comprehensive health care for the community of Cordova for several years. The Covid-19 pandemic has delayed those talks, but it has also led to unprecedented opportunities for funding which have brought the conversation to the forefront again. The CCMC Authority Board of Directors and the City Council held a joint work session on May 11, 2021 where Native Village of Eyak representatives presented information about the funding opportunities, including American Families Plan Act, Health Care Construction Funding, and Indian Health Service Joint Venture Program to name a few.

V. LEGAL ISSUES: Ordinance 1197, Resolution 05-21-21 (approved May 5, 2021) and this Resolution 05-21-25 have been written by the City Attorney in an effort to ensure public involvement and transparency as the negotiations move forward while still allowing a structured framework that would allow the City to move quickly if necessary.

VI. SUMMARY AND ALTERNATIVES: Council could approve the resolution or suggest alternatives or amendments if it so chooses.
A RESOLUTION OF THE COUNCIL OF THE CITY OF CORDOVA, ALASKA
AUTHORIZING THE CITY MANAGER TO NEGOTIATE DIRECTLY WITH NVE REGARDING THE TRANSFER, EXCHANGE, MERGER OR SALE OF CITY AND CCMC ASSETS IN FURTHERANCE OF A JOINT COMMUNITY MEDICAL CARE MODEL OF SERVICE

WHEREAS, City Council adopted Resolution 05-21-21 on May 5, 2021 expressing support for the exploration of joint medical services involving Native Village of Eyak (‘NVE”) and the Cordova Community Medical Services Authority (‘CCMC”); and

WHEREAS, City Council adopted Ordinance 1197, which amends Title 15 of the Cordova Municipal Code to permit the City to use an alternative disposal method when it finds, via resolution, that the use of an alternative disposal method is necessary to promote the best interests of City residents and visitors; and

WHEREAS, the unique nature and character of medical services within the City and NVE’s historic role in providing such services within the community warrant the use of an alternative disposal method allowing the City to explore coordinated medical care options directly with NVE.

NOW, THEREFORE BE IT RESOLVED THAT:

Section 1

A. City Council reiterates its support for coordinated medical care by the City and NVE and acknowledges that this approach to medical care may increase access, quality, and affordability in the medical services provided within the City.

B. City Council finds that, with the exception of CCMC, there are no other medical service providers within the City with NVE’s breadth of experience providing medical services to the Cordova community and that this unique relationship requires the use of alternative methods under CCMC 15.10.070 to explore options for the coordination of community medical services between CCMC and NVE, to include but not be limited to the dissolution, disposal, substantial restructuring, exchange, sale or transfer of an interests in CCMC or in City real property.

C. City Council finds that negotiations with NVE regarding joint medical services cannot be completed without the use of an alternative disposal method and that such a method is necessary to promote the best interests of City residents and visitors for the reasons stated throughout this Resolution.
D. City Council hereby authorizes and directs the City Manager to begin negotiations with NVE regarding the provision of joint medical services, including the organization of the CCMC Joint Administration Negotiation Team under CMC 15.10.080 and working with CCMC, NVE leaders, and the community-at-large.

Pending Agenda (PA) Primer

What is Pending Agenda?
A list of topics that Council wants to explore in the future (these are Pending, for an Agenda).
These topics might be worthy of an agenda item at a regular/special meeting (if there is a specific action being requested).
These topics might be worthy of a work session when Council can discuss at more length and come to a consensus about direction to staff to bring an action back.

How do you get something ON Pending Agenda?
During PA, a Council member can suggest a topic to add to PA. At that time, a second Council member, the Mayor or the City Manager can act as the second who agrees to add the item to the Pending Agenda List.

How do you get something OFF Pending Agenda?
During PA, a Council member can mention a topic that is on the list of topics and name a specific date to hear the item, either as an action item on a regular/special meeting or as a discussion item for a work session. If this occurs, a second member is still required, and the member(s) should clearly articulate the action intended or the specific topic for discussion and set a specific date.
Quarterly, we will go through all the items listed on PA and purge the ones that no longer seem practical or that have been handled already.

What is NOT appropriate for Pending Agenda?
Sometimes items are considered for PA but are more appropriately tasks for the Clerk or Manager. These items might warrant Council action in the future, and if so, will be brought back when that is necessary. A consensus of the entire body is required to task the Manager or Clerk with something specific.
The PA part of the meeting sometimes becomes a more detailed discussion of an item being proposed. Council should refrain from the extraneous discussion of a topic at this time and instead clearly state the item, get agreement of a second, and it will be added to the list. Obviously, sometimes a short discussion is required in order to articulate the detail of what is being added.
