#### 8 ADJOURNMENT

Zastrow/Jurica moved to adjourn the meeting.

The meeting was adjourned at 7:39 pm.

#### **Parks & Recreation Commission**

#### Agenda Item 7.1

On Agenda:

11/29/22

#### **ITEM TITLE:**

Resolution 2022-01: A Resolution of the Parks and Recreation Commission of the City of Cordova, Alaska, recommending City Council adoption of the proposed Parks and Recreation Department operating budget and fee schedule for fiscal year 2023.

SUBMITTED BY: Duncan Chisholm, Director

**FISCAL NOTES:** 

Expenditure Required: N/A

Funding Source: General Fund & Odiak Camper Park Enterprise Fund.

#### **RECOMMENDATION:**

That the Commission discuss the Proposed Fiscal Year 2023 Parks and Recreation Department Budget, including the General Fund Operating Budget, Odiak Camper Park Enterprise Fund, and Fees and Charges Schedule, and provide recommendations to the City Council.

#### **SUMMARY STATEMENT:**

The Director has been working on the department's proposed budget and fee schedule for FY2023. The City Council is due to pass the FY2023 operating budget and fee schedule at its meeting on December 7, 2022.

In a workshop on November 16, it was requested that Parks and Recreation Commission provide a resolution in support for the proposed department operating budget and changes to the fee schedule for FY2023.

#### Department Budget Overview

The Department has five cost centers: Parks Maintenance, Administration, Recreation (Bidarki), Bob Korn Memorial Swimming Pool, and Odiak Camper Park. The Parks Maintenance, Administration, Recreation, and Pool budgets are funded through the General Fund. The Odiak Camper Park budget is an Enterprise Fund.

In addition, capital project funds are held in a designated Capital Fund, and therefore are not reflected in the annual operating budget.

The Proposed Parks and Recreation Department FY23 General Fund Operating Budget includes expenditures of \$1,398,845 million and reflects a budget that is beginning to address deferred maintenance and improved levels of service.

The Recommended FY23 Department General Fund Operating Revenue is just over \$132,400, which represents 9.5% of FY23 Budget. It should be noted that no revenue is received for Parks Maintenance or Administration. The cost recovery rate improves to 18.5% if only Bidarki Recreation Center and Bob Korn Memorial Swimming Pool cost centers are used.

#### General Fund Expenditures

The Department is proposing FY23 expenditures of \$1,398,845, an increase of \$429,145 over FY22.

The Department has budgeted increases in funds to address additional facility maintenance needs, additional staffing, increased operating costs and for improvements in service levels.

#### **Department Permanent Staffing Levels**

Each year the Department evaluates its staffing levels and considers changes to reflect the need to deliver programs and services.

- Parks Maintenance Laborer Worker II for FY23 it is proposed to increase the parks maintenance team by one FTE to increase the departments' ability to maintain and improve its assets.
- Part Time Lifeguard it is proposed to create an additional 0.5 FTE lifeguard position to help with ongoing staff shortages and improve level of service and supervision at Bob Korn Memorial Swimming Pool
- <u>Part Time Recreation Aide</u> it is proposed to create an additional 0.5 FTE role to help with operational requirements at Bidarki Recreation Center. The Director is exploring options for possibly sharing this employee with another department.

In addition, a vacant full time permanent Recreation Program Specialist role is to be retained in FY2023.

#### Fees and Charges

Parks and Recreation Department fees and charges cover a range of memberships, activities, classes, and facility rentals. Each year, staff should review and recommend fee increases to be able to help recover costs associated with the maintenance and operation of programs, services, and facilities and to minimize the impact on the General Fund. FY23 recreation program fees were developed to offset higher costs, such as increased staffing, utilities, and other operating costs.

For FY23, the Department is proposing to increase fees for memberships and daily admission for adults, seniors, and concessions to both Bidarki and Bob Korn Memorial Swimming Pool. Prices will stay the same for children, youth, and students. Some examples of proposed changes include:

- Increases ranging from 75c to \$51 for individual daily admission fees and membership options.
- Increasing the Workplace Wellness (formerly the corporate category) membership price (from \$190 to \$293) to a create a more equitable fee compared to the Family membership category
- Increasing the Family membership price from \$509 to \$585 and refining the definition of a Family
- Increasing whole Pool rental fees by \$4/hour.
- Increasing Court rental fees by \$2/hour

#### Odiak Camper Park Enterprise Fund

The Department is proposing a FY23 operating expenditure budget of \$65,060. This is an increase of \$31,000 compared to FY22, with the most notable changes being a proposed \$11,000 increase in operating supplies (gravel, crushed rock, concrete, lumber, and fencing materials); \$5,500 in professional services; and \$22,500 in repair and maintenance.

The proposed FY23 Odiak Camper Park Operating Revenue is \$51,000, which represents 78.4% cost recovery of FY23 Budget.

#### Odiak Camper Park Fee Changes

The department proposes a fee increase of \$6.25 per night for short term (7-day limit) to \$35.00/night. No fee changes are proposed for long term seasonal stays of \$32.50/night or \$975/month.

#### **Parks & Recreation Commission**

#### Agenda Item 7.2

On Agenda:

11/29/22

ITEM TITLE:

Discussion Item: Parks & Recreation Capital Budget FY23 - FY27

SUBMITTED BY: Duncan Chisholm, Director

**FISCAL NOTES:** 

Expenditure Required: N/A Unencumbered Balance: N/A

Funding Source: Capital Budget & Grants

#### **RECOMMENDATION:**

Discuss and provide input to Director on proposed Capital Project list FY23-FY27.

#### **SUMMARY STATEMENT:**

Staff have been working on identifying possible projects and cost estimating such projects to plan to move forward on the Department's Capital needs. Attached for your input is a list of staff identified projects (Attachment 1). The intent of this is for the Commission to provide its priorities for FY23 through to FY27.

The Capital Improvement Program (CIP) is a strategy for planning and programming public physical improvements. It includes improvements that are scheduled over the next five years. The CIP indicates the expected timing and the approximate cost for each project. Adoption of the CIP indicates City Council approval of the projects.

This is the first discussion, and a further workshop can be organized to discuss it in greater detail. The priority is to identify projects for FY23. It is expected that the City Council will meet in January 2023 to pass a Capital Budget for fiscal year 2023.

As the facility condition assessments from Coffman Engineers Inc assessments are delivered in late December or early January 2023, further projects, along with estimated costings, are expected to be developed.

It is also proposed that a number of these projects will be supported by third-party grants to lessen the burden on City finances.

Attachment 1: Proposed Capital Budget FY23 - FY27 as at 11.29.22.
