City Council is permitted to enter an executive session if an explicit motion is made to do so calling out the subject to be discussed and if that subject falls into one of the 4 categories noted below. Therefore, even if specific agenda items are not listed under the Executive Session header on the agenda, any item on the agenda may trigger discussion on that item that is appropriate for or legally requires an executive session. In the event executive session is appropriate or required, Council may make a motion to enter executive session right during debate on that agenda item or could move to do so later in the meeting.

DATE: 10/23/2023

ACTION: Council authorizes the City Manager to negotiate a contract with RenoSys Corporation.

_____ ORDNANCE  _____ RESOLUTION  
_x_ MOTION  _____ INFORMATION

I. REQUEST OR ISSUE: This form constitutes the memorandum required per Code 5.12.040 setting forth the following:
A. Identity of Contractor: RenoSys Corporation.
B. Contract Price: The contract price for the installation of the PVC Membrane Liner shall be between $190,586 and $208,207, depending on the option selected by the Council.
C. Nature and quantity of the work that the City shall receive under the contract:

Task 1 – Removal of Existing Pool Liner
The Contractor will be expected to remove the existing pool liner prior to providing a new one. The Provider must:

a. Provide equipment and services required for erection and delivery onto the premises the equipment or apparatus required for the work. Remove equipment from premises when no longer required.
b. Provide protection for the pool decks, surrounding structures, and existing equipment during construction.
c. Provide and maintain proper shoring and bracing for existing utilities and plumbing connections, as required.
d. Removal of the existing pool liner and any backing from the previous liner.

Task 2 – Liner Replacement
The Contractor will provide a new PVC pool liner, with lane markings, wall targets, and resurfacing markers for the pool and gutters.
The Provider must:

a. Provide equipment and services required for erection and delivery onto the premises the equipment or apparatus required for the work. Remove equipment from premises when no longer required.
b. Provide protection for the pool decks, surrounding structures, and existing equipment during construction.
c. Provide and maintain proper shoring and bracing for existing utilities and plumbing connections, as required.
d. Prepare the existing pool surfaces for the new liner and backing.
e. Ensure required bonding and grounding of the pool shell and fittings.
f. Provide and install shimming to re-level the rim flow gutter.
g. Provide and install a PVC liner finish in the pool, and any backing required, to replace the existing liner and maintain the proper function of the pool and gutter system.
h. Perform and pass a water tightness test, to ensure pool and gutters are watertight.
i. Remove all equipment and protection used during the project from the premises. Clean the premises as required to restore the facility to the condition it was in when the Contractor took possession.
j. Obtain final acceptance by jurisdictional health department, if required.
k. Obtain final acceptance and sign off by the OWNER, or representative of the OWNER.

Alternates
The existing pool inlets show signs of damage. The proposer must include a potential add alternate fee for replacing a portion, or all inlet fittings.

D. Time for performance under the contract:
The contract for Phase 1 will begin November 1, 2023 and conclude by August 31, 2024. The actual contract details will depend on the option chosen by Council.

II. RECOMMENDED ACTION: Council approves a motion to direct the City Manager to negotiate a contract with RenoSys Corporation for installation of a new PVC Membrane Liner at Bob Korn Memorial Swimming Pool.

Staff recommends Option 2 to deliver the project in July or August 2024 for a fee not to exceed $208,207.

III. FISCAL IMPACTS: The City has allocated $155,000 in fiscal year 2023 to complete swimming pool repairs at Bob Korn Memorial Swimming Pool with the replacement of the pool’s PVC liner being this year’s project. To date staff has spent $21,000 on aquatic engineering consultants, Counsilman-Hunsaker to assist with the project and ensure that the new liner is installed correctly and is watertight.

The bid received is over the budget allocation. However, by cancelling, reallocating, and reducing funding for other projects on the approved capital budget, staff can fund the preferred requested amount of $208,708.

IV. BACKGROUND INFORMATION: The current pool liner was installed circa 2012 and reached its expected life expectancy. Staff is aware of the potential failure of the liner including rippling of the liner, fading of the line markings and deterioration of the inlet fittings.
Initial engineer estimates for replacing the pool liner from the 2022 Facility Condition Assessment by Coffman Engineers Inc. was $164,760 (excluding alternates). A further cost estimate was obtained by Counsilman-Hunsaker in mid-2023 of approximately $175,000 (excluding alternates).

The City issued an RFP and received one proposal that met our requirements. The proposal presented two options to the City. Both options are above the currently allocated funds.

Both options include a pool closure of up to four weeks, depending on whether additional problems arise. An alternate option was added to the RFP to include replacement of all or a portion of the inlet fittings. This figure will also act as a project contingency.

Option 1: Installation of Liner in November 2023 - February 2024

- PVC Installation: $176,212
- Alternate/Contingency: $14,374
- TOTAL: $190,586

Pros:
- Allows for installation as quickly as possible.
- Cheaper of the options presented.

Cons:
- Disruption to the Cordova School District and Ice Worm Swim Team usage of the pool.
- Possible delays and disruption due to weather.

Option 2: Installation in July-August 2024

- PVC Installation: $193,833
- Alternate/Contingency: $14,374
- TOTAL: $208,207

Pros:
- Eliminates disruptions to user groups such as the Cordova School District and the Ice Worm Swim Team.
- Allows for more stable weather.

Cons:
- Increased cost – approximate 10% increase
- Potential for accommodation shortage due to peak season

It should be noted by Council that there is a risk that unforeseen circumstances exist such as additional damage or deterioration of the pool’s aluminum shell once the existing liner has been removed. If this is the case, staff will pause the project and bring additional further options back to Council for consideration.

V. LEGAL ISSUES: The contract shall be negotiated and awarded per Code sections 5.12.040.

VI. SUMMARY AND ALTERNATIVES: The Council can approve or may not approve this motion to negotiate a contract.
5.12.040 - Council approval of contracts.

No contract for supplies, services or construction which obligates the city to pay more than twenty-five thousand dollars may be executed unless the council has approved a memorandum setting forth the following essential terms of the contract:

A. The identity of the contractor;
B. The contract price;
C. The nature and quantity of the performance that the city shall receive under the contract; and
D. The time for performance under the contract.

Council Packet Correspondence Primer: Communicating with Your Elected Cordova Officials

This primer provides an overview of City of Cordova policies regarding the submission of correspondence to the City Clerk’s office for distribution to City Council. These policies are general in nature and do not preempt the application of relevant laws to correspondence distribution. To the extent you have questions regarding the distribution of specific correspondence, please contact the City Clerk’s office.

What gets published in Council packets as Correspondence?

- Letters, emails, cards, or other written or electronic mail addressed to City Council, any individual member of City Council or the Mayor, regardless of whether or not the sender has requested inclusion of the correspondence in a City Council packet.
- Letters, emails, cards, or other written or electronic mail written by the Mayor, individual City Council members in their capacity as elected officials, or the Council as a body.
- Letters, emails, cards, or other written or electronic mail by agencies/entities that are pertinent to Council and the citizens of Cordova (e.g. population determination, full value determination, open comment periods for projects/leases in and around Cordova, etc.)
- Only correspondence received by the Clerk’s Office on or before noon on the Wednesday before a regular Council meeting is eligible for inclusion in the packet for that meeting. Correspondence eligible for inclusion received after that date and time will be included in the next regularly scheduled Council meeting packet. (See CMC 3.12.035).

What does not get published in Council packets as Correspondence?

- Letters, emails, cards, or other written or electronic mail that are disparaging to individuals or entities.
- Letters, emails, cards, or other written or electronic mail that have been sent anonymously.

More information about items not subject to publication:

- Correspondence that is not subject to publication in a Council packet will, however, be forwarded to the Mayor and City Council members with notification that the communication will not be included in the Council packet and the reasons for the exclusion.
- The City will attempt to contact the writer of the correspondence to inform them that the City has determined not to publish what they have sent. Notifications will be sent to the return address on the communication if one has been provided. (the best way to ensure the City is able to reach the writer is if the correspondence has been emailed through the City Clerk cityclerk@cityofcordova.net)
- A person who submits a communication that is not subject to publication in a Council packet, may still attend a meeting and read the communication during audience comments (if it is about an agenda item) or during audience participation, if it is not about an agenda item. Oral comments during a Council meeting will not be monitored or limited for content unless the comments made incite or promote violence against a person or entity. The City is not responsible or liable for the comments, thoughts, and/or opinions expressed by individuals during the public comment period at a Council meeting.

Suggestions concerning correspondence:

- Correspondence intended for all Council members should be emailed to the City Clerk at cityclerk@cityofcordova.net, hand-delivered or sent via U.S. mail to the Clerk’s office. Correspondence should be clearly addressed to “Cordova City Council.” Unless clearly stated otherwise, the City Clerk will presume that all correspondence addressed to City Council is intended for inclusion in the packet.
Good evening!

I've been tuning into the discussion around taxes and revenue, and had some thoughts.

I don't feel strongly about any of the exemptions. Whatever is equitable, fair and is the least burden on staff time makes sense.

The freedom of the updated property tax exemptions are exciting. I beg of you, can we figure out a tax rebate or deduction for people with junk cars?

I also hate to say this publicly, but what is the process for annexing the properties past Hartney Bay? Everyone living out there uses the same city services that I do, but doesn't have to contribute via property tax, and also can't vote in our municipal elections. I'd very much like to hear the numbers and legalities around that.

When it comes to taxes, I think the winners in the community's eyes are the ones who draw from out of town or seasonal dollars more than ourselves.

I'll just throw it out there again... fish box tax. It's not going to solve all the problems, but its gives the community a tangible, visible dollar amount when they see those boxes headed out at the airport. There are only a few places locally where you can buy fish boxes. AC, 60 North, maybe the other canneries sell them directly to the public? Sellers of boxes could add the tax into their point of sale, maybe with a distinction for commercial users (direct marketers). No burden on staff, and the business can pay it like regular quarterly sales tax.

I would like to hear numbers on a split sales tax, using the last couple years to give an idea of the revenue difference that could be generated. It's a wash for locals, but maximizes those high revenue months.

I did a deep dive on the bed tax. Anchorage, Kodiak, Ketchikan, Haines, Petersburg, Yakutat, Juneau, and Sitka all categorize long term rentals as over 30 days, and short term as 30 days or less. (There are probably more places that categorize it as such but for the sake of my bedtime I quit googling) They collect a higher tax (frequently double) on short term/transient rentals. Our short term rental tax structure is 7 days or less. More than 7 days is considered long term. 30 days at 12% vs 7 days at 12%.. there is a clear winner here. That is a change that would have no burden on staff, and isn't going to change the outcome of people coming to town.

I am grateful for all of your efforts and will participate as much as life allows. Extra grateful for the live council meetings again, and the video! I will not miss the mystery game of guess who's talking, but I did get pretty skilled at it.

Thank you and enjoy this week's sunshine.

Kelsey Hayden
Dear City Council,

My name is Tony Lutes. My family and I moved to Cordova almost a year and a half ago. I’m sure I have met some of you, probably had some interaction with you, and hopefully all good!

As soon as I moved to Cordova, I took the opportunity to join CVFD and began serving the community by driving the ambulance. Along the way I began gaining medical training, then eventually taking and earning my Firefighter I certification. This has been a wonderful opportunity that has also had its challenges along the way.

Settling in Cordova has taken extra effort and special attention, due to my Wife, Jessica, and Son, Chandler, also having their own opportunities, goals, and challenges.

CVFD has been very fulfilling to me in the ways a person could probably expect: giving me a feeling of belonging, friendships, connections, and meaning. The unexpected thing about CVFD has been the far reaching affects on my family. When we moved here, I was continuing to homeschool my son, and he began coming to the Thursday CVFD meetings with me, as a way to offer Jessica some down time for her transition to Cordova. Long before I had finished my own 6 month probation, Chandler was asked to become an Honorary Member of CVFD. I believe Chris Iannazone had a large part in this, not to take away from the acceptance and friendship that Chandler received from everyone at CVFD. This has given my son and I, a connection that a lot of Fathers don’t get with their sons. It has also given me strength and excitement to help my wife through her transition and adjustment to Cordova. I cannot be more grateful.

At least I didn’t think I could become more grateful...

I was recently allowed to attend the 2023 Alaska State Firefighters Association Fire Conference in Valdez, AK. This was all paid for by the city as an investment into CVFD, but also into me personally. The main purpose of this letter is to let you all know how much I appreciate this. The conference in general and training I received while there, was life changing. The connections I made, skills I attained, and confidence that I have to better serve Cordova is a small sample of what I got from this opportunity afforded to me by the City. One of the benefits that I’d like to expand on and showcase is the teamwork and camaraderie that I was able to establish with the other CVFD members that were in attendance. The strength of our relationships has grown and I look forward to the City of Cordova benefitting from it.

In my opinion, this letter is not enough to show you all how much I appreciate your level of support and investment in CVFD, its members, and myself. I hope you’ll accept my dedication to Cordova and its members as a small sign of my appreciation.

Sincerely,

Anthony(Tony), Jessica, and Chandler

Pending Agenda (PA) Primer

What is Pending Agenda?

A list of topics that Council wants to explore in the future (these are Pending, for an Agenda).

These topics might be worthy of an agenda item at a regular/special meeting (if there is a specific action being requested).

These topics might be worthy of a work session when Council can discuss at more length and come to a consensus about direction to staff to bring an action back.

How do you get something ON Pending Agenda?

During PA, a Council member can suggest a topic to add to PA. At that time, a second Council member, the Mayor or the City Manager can act as the second who agrees to add the item to the Pending Agenda List.

How do you get something OFF Pending Agenda?

During PA, a Council member can mention a topic that is on the list of topics and name a specific date to hear the item, either as an action item on a regular/special meeting or as a discussion item for a work session. If this occurs, a second member is still required, and the member(s) should clearly articulate the action intended or the specific topic for discussion and set a specific date.

Quarterly, we will go through all the items listed on PA and purge the ones that no longer seem practical or that have been handled already.

What is NOT appropriate for Pending Agenda?

Sometimes items are considered for PA but are more appropriately tasks for the Clerk or Manager. These items might warrant Council action in the future, and if so, will be brought back when that is necessary. A consensus of the entire body is required to task the Manager or Clerk with something specific.

The PA part of the meeting sometimes becomes a more detailed discussion of an item being proposed. Council should refrain from the extraneous discussion of a topic at this time and instead clearly state the item, get agreement of a second, and it will be added to the list. Obviously, sometimes a short discussion is required in order to articulate the detail of what is being added.
A. Future agenda items - topics put on PA with no specific date for inclusion on an agenda
