# **CEO Report Board Meeting November 2023**

# **Lung Cancer Awareness Month:**

November marks Lung Cancer Awareness Month, providing us with a valuable opportunity to raise awareness about the importance of lung cancer screenings. The recommended screening is a low-dose CT scan for adults at high risk with no symptoms. This includes those with a 20 pack-year smoking history, current smokers or those who quit in the last 15 years, and individuals aged 50 to 80. Currently, our CT scanner lacks the necessary capability for these screenings, but with its replacement, we can enhance our services by offering this crucial screening exam.

### **Services Overview:**

# Long Term Care (LTC):

Our LTC unit currently has a bed available. Our staff is consistently providing exceptional care in a collaborative team environment. The team remains survey-ready, reflecting our commitment to maintaining high standards in long-term care.

# **ER/Hospital/SWING:**

We have fluctuations in our swing bed utilization, with a decrease from previous years. While we continue to promote our rehab services, one challenge hindering increased census is staffing. To address this, we are exploring the addition of a dedicated floor nurse for inpatient services, aiming to optimize our nurse/patient ratios and enhance patient care.

# Clinic:

In our clinic, we currently have flu, Moderna, and Covid vaccines available. We are actively working with insurance companies to ensure that preventative care is appropriately billed and reimbursed, maximizing benefits for individuals.

# **Sound Alternatives (Behavioral Health):**

The demand for behavioral health services remains significant. We are happy to welcome Missi Allinger, LCSW, a traveler who has seamlessly integrated into our community and become an essential part of our behavioral health team.

#### **Administrative Focus:**

Our administrative efforts are concentrated on improving billing, coding, clinical documentation education, and denials management processes. Recognizing the ongoing challenges in this area, we are enhancing our operations to ensure efficiency and accuracy through increased chart review. The leadership is also continually working on employee retention working close with employees, listening to concerns and implementing change when needed.

As we continue to navigate the complex landscape of healthcare, your support and guidance are invaluable. Thank you for your commitment to our organization's mission.
