A protest received after the 60-day period may not be accepted by the board, and in no event may a protest cause the board to reconsider an approved renewal, relocation, or transfer. The local governing body may protest the continued operation of a license during the second year of the biennial license period by sending the board and the licensee a protest and the reasons for the protest by January 31 of the second year of the license. If a condition recommended by a local governing body is imposed on a licensee, the local governing body shall assume responsibility for monitoring compliance with the condition, except as otherwise provided by the board.

(d) In addition to the right to protest under (a) of this section, a local governing body may notify the board that the local governing body has determined that a licensee has violated a provision of this title or a condition imposed on the licensee by the board. Unless the board finds that the local governing body's determination is arbitrary, capricious, or unreasonable, the board shall prepare the determination as an accusation against the licensee under AS 44.62.360 and conduct proceedings to resolve the matter as described under AS 04.11.510(c).

(a) Unless a legal action relating to the license, applicant, or premises to be licensed is pending, the board shall decide whether to grant or deny an application within 90 days of receipt of the application at the main office of the board. However, the decision may not be made before the time allowed for protest under AS 04.11.480 has elapsed, unless waived by the municipality.

(b) The board may review an application for the issuance, renewal, transfer of location, or transfer to another person of a license without affording the applicant notice or hearing, except

   (1) if an application is denied, the notice of denial shall be furnished the applicant immediately in writing stating the reason for the denial in clear and concise language; the notice of denial must inform the applicant that the applicant is entitled to an informal conference with either the director or the board, and that, if not satisfied by the informal conference, the applicant is then entitled to a formal hearing conducted by the office of administrative hearings (AS 44.64.010); if the applicant requests a formal hearing, the office of administrative hearings shall adhere to AS 44.62.330 — 44.62.630 (Administrative Procedure Act); all interested persons may be heard at the hearing and unless waived by the applicant and the board, the formal hearing shall be held in the area for which the application is requested;

   (2) the board may, on its own initiative or in response to an objection or protest, hold a hearing to ascertain the reaction of the public or a local governing body to an application if a hearing is not required under this subsection; the board shall send notice of a hearing conducted under this paragraph 20 days in advance of the hearing to each community council established within the municipality and to each nonprofit community organization entitled to notification under AS 04.11.310(b);

   (3) if a petition containing the signatures of 35 percent of the adult residents having a permanent place of abode outside of but within two miles of an incorporated city or an established village is filed with the board, the board shall hold a public hearing on the question of whether the issuance, renewal, or transfer of the license in the city or village would be in the public interest;

   (4) if a protest to the issuance, renewal, transfer of location or transfer to another person of a license made by a local governing body is based on a question of law, the board shall hold a public hearing.

(c) Unless the grounds for the suspension or revocation are under AS 04.11.370(a)(4), board proceedings to suspend or revoke a license shall be conducted in accordance with AS 44.62.330 — 44.62.630 (Administrative Procedure Act), except that the licensee is entitled to an opportunity to informally confer with the director or the board within 10 days after the accusation is served upon the licensee. Notice of the opportunity for an informal conference shall be served upon the licensee along with the accusation. If an informal conference is requested, the running of the period of time specified in AS 44.62.380 for filing a notice of defense is tolled from the date of receipt of the request for the conference until the day following the date of the conference unless extended by the board. After the conference, the licensee, if not satisfied by the results of the conference, may obtain a hearing by filing a notice of defense as provided in AS 44.62.390. If the grounds for suspension or revocation are under AS 04.11.370(a)(4), the licensee is not entitled to notice and hearing under AS 44.62.330 — 44.62.630 on the merits of the suspension or revocation. However, the board shall afford the licensee notice and hearing on the issue of what administrative sanction to impose under AS 04.16.180.

3 AAC 304.145. Local governing body protest

(a) To protest an application or the continued operation of a license, a local governing body must set out its reasons in a written protest filed with the board and copied to the applicant. The reasons stated by a local governing body must be logical grounds for opposing the application or continued operation of the license and have a reasonable basis in fact.

(b) The board will not take final action upon an application until at least

(1) 60 days after the receipt of the notice required by AS 04.11.520 by a local governing body unless it advises the director in writing before the end of the 60 days that it is waiving its right to protest the application; and

(2) 15 days after completion of public notice of the application.

(c) Repealed 5/11/96.

(d) A local governing body that protests an application shall allow the applicant a reasonable opportunity to defend the application before a meeting of the local governing body.

(e) A local governing body protest may be based upon facts that render the particular application objectionable to the local body, or may be based upon a general public policy. If based on a general public policy, the policy must have a reasonable basis in fact, may not be contrary to law, and may not be patently inapplicable to the particular application being protested. The board will not substitute its judgment for that of the local governing body on matters of public policy that have reasonable factual support.

(f) If the application is denied because of the protest, and the applicant requests a hearing, the local governing body must, at the board’s request, appear or otherwise meaningfully participate in the hearing and must assist in or undertake the defense of its protest.

(g) In addition to the other grounds for protest set out in this section, a local governing body may protest the

(1) renewal or transfer of a license based on nonpayment of delinquent taxes of at least $200 arising in whole or in part from the conduct of the licensed business; and

(2) transfer of a license if the

(A) local governing body has adopted an ordinance under which it may estimate the amount of taxes due in the tax year of the proposed transfer and arising in whole or in part from the conduct of the licensed business, and require the licensee to pay the estimated amount; and

(B) licensee fails to pay that amount or give security under AS 04.11.360.

(h) The board may uphold a protest of an application or continued operation with a single abeyance period not to exceed 180 days if the local governing body indicates that the protest is subject to rescission and that it will be withdrawn if the applicant meets conditions set by the local governing body. If the local governing body notifies the board within the period of the abeyance that the protest has been removed, the application or continued operation is approved when all other applicable requirements have been met. If the local governing body has not notified the board within the period of the abeyance that it has removed the protest, the application or continued operation is denied. To Whom it may concern:

I am writing in response to the Notice of Violation, AMCO Case #22-1739.

To prevent a re-occurrence of expired cards we have started keeping TAP cards or a copy of them mounted with the employee timesheet, so they are easily monitored by both management and all employees. I am also entering TAP expirations into calendar software to provide a reminder 30 days before expiration.

In response to an employee failing to get server education I have made it policy that they obtain one before starting work.

I believe those measures will prevent any future occurrences.

Sincerely,

Mary Little, sole member

Hoping everyone had an enjoyable Spring Break...

Have been working with the Schools on their Budget, getting educated on the issues they are facing. School funding from the state has been relatively stagnant and it has fallen far short of keeping up with even basic inflation. As we all know, that has increased substantially since Covid. It would require a $1980/student BSA increase to keep up with inflation...The legislature passed a $640/student BSA, and as of this writing it is sitting on the Governors desk. If it is signed or ignored by midnight 3/14/24 it will become law, however, the Governor has threatened a veto to get more of his education priorities included in the deal. We will find out at by midnight the outcome. We sent the letter included in correspondence to the Governor on 3/14/24 encouraging him NOT to Veto. Will update you at the meeting and if it is vetoed, we will encourage the legislature to over-ride that Veto.

Tom Bailer is the City of Cordova representative on PWSAC Board. Tom has asked us to appoint a new representative once the new Council has been sworn in. Tom will continue to fill the position until a replacement has been confirmed. This position has some requirements and limitations, but it does not need to be a Council member.

Senator Murkowski is taking earmark submissions and Sam is working on those on behalf of the city, AML has also been awarded some funds for heavy equipment needs in rural communities and Sam is also making submittals to that.

Harbor project is ongoing, and Collin will update on that...Hopefully we can get MARAD on track with reimbursements soon.

Legislature is in the middle of Budget and a dozen other hot issues and updates are coming in daily. Will update you at the meeting.

More information about items not subject to publication:

- Correspondence that is not subject to publication in a Council packet will, however, be forwarded to the Mayor and City Council members with notification that the communication will not be included in the Council packet and the reasons for the exclusion.
- The City will attempt to contact the writer of the correspondence to inform them that the City has determined not to publish what they have sent. Notifications will be sent to the return address on the communication if one has been provided. (the best way to ensure the City is able to reach the writer is if the correspondence has been emailed through the City Clerk cityclerk@cityofcordova.net)
- A person who submits a communication that is not subject to publication in a Council packet, may still attend a meeting and read the communication during audience comments (if it is about an agenda item) or during audience participation, if it is not about an agenda item. Oral comments during a Council meeting will not be monitored or limited for content unless the comments made incite or promote violence against a person or entity. The City is not responsible or liable for the comments, thoughts, and/or opinions expressed by individuals during the public comment period at a Council meeting.

Suggestions concerning correspondence:

- Correspondence intended for all Council members should be emailed to the City Clerk at cityclerk@cityofcordova.net, hand-delivered or sent via U.S. mail to the Clerk’s office. Correspondence should be clearly addressed to “Cordova City Council.” Unless clearly stated otherwise, the City Clerk will presume that all correspondence addressed to City Council is intended for inclusion in the packet.

RE: School Funding and Increase to BSA

I write on behalf of the Cordova City Council and the Cordova School District in support of SB140 and an increase to the BSA. We urge you to sign this into law because it is desperately needed by School Districts across the state of Alaska. Local governments cannot keep up with inflation and continue to support their School Districts at the maximum allowed by State Statute. The State of Alaska needs to support education and the youth of Alaska by stepping up the per student support annually. The legislature was insightful and worked across party lines to arrive at an unprecedented increase to the BSA of $680 per student that is included in SB140. This increase to the BSA is only one third of the amount that would have been required to keep up with inflation. In a time when partisanship has hindered efforts in State government, this legislature came together in a common goal and listened first and foremost to constituents who spoke fervently and passionately about the need for this legislation. Please sign SB140 or allow it to become law to assist with the burden local communities have so that we may continue working together to bolster Alaska’s education system.

David Allison, Mayor
City of Cordova, AK
The Alaska Department of Transportation and Public Facilities (DOT&PF) is hosting an in-person public open house regarding proposed improvements to the Merle K. (Mudhole) Smith Airport (Cordova Airport). The proposed improvements will take place through two separate projects:

- Cordova Airport Runway Rehabilitation Project (State DOT&PF Project No.: NFAPT00654)
- Cordova Airport Fence Installation Project (State DOT&PF Project No.: NFAPT00664)

The DOT&PF anticipates construction could begin in 2028 for the runway, and 2029 for the fence, dependent upon available funding. The projects may be constructed together, or as sequential construction contracts. The projects are being planned together to maximize efficiency for responding agencies and the public and because both projects could occur concurrently.

Alaska State Senators and Representatives

RE: School Funding and Increase to BSA

I write on behalf of the Cordova City Council and the Cordova School District in support of SB140 and an increase to the BSA. We are so grateful that the legislature was insightful and worked across party lines to arrive at the unprecedented increase to the BSA of $680 per student that is included in SB140. Local governments cannot keep up with inflation and continue to support their School Districts at the maximum allowed by State Statute. The State of Alaska needs to support education and the youth of Alaska by stepping up the per student support annually. This increase to the BSA is only one third of the amount that would have been required to keep up with inflation yet still would be extremely beneficial as School Districts work on budgets. In a time when partisanship has hindered efforts in State government, this legislature came together in a common goal and listened first and foremost to constituents who spoke fervently and passionately about the need for this legislation. We urge you to stand resolutely in support of the meaningful work you did in passing SB140 and vote to override the Governor’s veto because it is desperately needed by School Districts and students across the State of Alaska.

Sincerely,

David Allison, Mayor
City of Cordova, AK

I. REQUEST OR ISSUE:  election certification by City Council via resolution

II. RECOMMENDED ACTION / NEXT STEP:  Council motion to approve Resolution 03-24-13

III. FISCAL IMPACTS:  Some shared state revenues require that Cities hold annual elections and abide by statute and Code in so doing – therefore, validly held elections are vital to the future of the State of Alaska’s revenue sharing with the City of Cordova.

IV. BACKGROUND INFORMATION:  General Election was held March 5, 2024. Ballots cast at the polls (202) and ballots cast during early voting at City Hall between February 13 and March 1 (38) were canvassed on March 5, 2024. Usually, the Election Board will meet 15 days after Election Day for the “All-Ballot Canvassing Session” to count all remaining ballots. This year, there were 7 absentee ballots sent to voters intending to be returned by mail, 5 special needs ballots and one questioned ballot. Of those 13, 10 were counted on March 8 because 2 of the absentee by mail were confirmed by the recipients as not being voted timely and the questioned ballot was determined to be invalid by Division of Elections. Since all outstanding ballots had been accounted for the remaining 10 ballots were canvassed earlier than usual. Total ballots cast was 250, 12.33% voter turnout. Since 2010 that is the third lowest number of ballots cast and second lowest % voter turnout. Averages since 2010 are 530 ballots cast and 27.45% voter turnout. See attached Elections Statistics.

V. LEGAL ISSUES:  Council approval of the resolution confirms the validly held election.

VI. SUMMARY AND ALTERNATIVES:  Council can approve the resolution or per CMC 2.18.050 B if Council concludes that the election was not conducted validly, it shall order another election.
