J. BOARD MEMBERS COMMENTS

Senear ~ Nothing from me, I'm in an airport waiting room.

Linville ~ Good job on the financials, I'm happy to hear that we're holding steady and that we're doing good on the cash, good job. I did like the comment about Pride Week in the CEO Report, I really didn't get to attend much, but I heard about it.

Hayden ~ Glad to see more positive financials this month, and hoping that continues. And definitely hats off to Erin and Melanie, great people in the community and glad that they're spearheading Pride Week again. Hopefully we can get Shelly on the Board.

Ujioka ~ Happy to be here, and I'm not travelling so I got to stay connected the whole time. It's always amazing everything that's going on to keep CCMC going. I appreciate everybody's efforts to keep the ball rolling.

K. EXECUTIVE SESSION ~ None

L. ADJOURNMENT

M/Ujioka S/Linville "I move to adjourn"

Kelsey Hayden declared the meeting adjourned 12:21pm.

CEO Board Report July 2024

July has been a month of strategic adjustments and cautious optimism for Cordova Community Medical Center (CCMC). We continue to face challenges related to low patient volumes and financial constraints.

Hospital/ER:

Despite low patient volumes, our Emergency Room and hospital staff continue to deliver high-quality care. We are holding off on expanding swing/inpatient nurse coverage due to budget constraints and low patient volumes. We continue to actively recruit full-time ER and LTC nurses.

Long-Term Care (LTC):

Our long-term care facility continues to have available beds. Ying Masolini, who leads our LTC activates, helped our LTC residents host kids' games at the 4th of July celebration while CCMC celebrated with a LTC resident and staff BBQ. Ying, as well as the rest of CCMC LTC staff do an excellent job of creating a stimulating and positive environment for our residents.

Clinic:

The clinic remains steady with outpatient visits. Priority areas include preventative care, assisting with specialty clinics

Sound Alternatives:

Sound Alternatives continues to excel in promoting healthy lifestyles and providing behavioral health support. However, we continue to experience staff turnover and rely on travelers in this department. The challenges of maintaining a community behavioral health center, which requires specific intake and regulatory documentation, have impacted our ability to retain clinicians and recruit from our traveler staff.

Collaboration and Community Health:

CCMC is actively working towards collaboration with Ilanka. We continue to support the concept of a single healthcare entity in Cordova. This approach aims to mitigate competition and ensure a sustainable future for healthcare in our small community.

Marketing and Community Outreach:

Developing a marketing campaign focused on educating the community about our services. We are particularly highlighting two areas which are post-acute hospitalization rehabilitation services in our swing beds and outpatient infusion therapy. Goal is to educate Cordova residents regarding what is available locally. We hope to encourage individuals to obtain services locally rather than travel to Anchorage.

CCMC 2nd Quarter 2024 Medical Director Report

July 18, 2024

Quarterly chart reviews are performed for all deaths and transfers, along with random chart reviews for all physicians. This includes care in the emergency department. Fourth quarter of 2023 and first quarter of 2024 chart reviews have been performed. There were no significant findings. All of our physicians continue to provide excellent care.

Our long-term care census is 8 at the present time. We continue to search for appropriate candidates and plan to be back up to 9 and then 10 as soon as possible. We currently have one patient in our swing bed program and have been successful treating several patients this quarter.

Although summer is here, we do continue to have occasional people test positive for covid. Fortunately, it continues to be a mild respiratory illness in most people.

Our emergency department is functioning well. The new CT scanner has been installed and being used regularly.

We did have our de-escalation training earlier this summer. Many staff participated and felt it was very helpful. Keeping our staff and patients safe will be an ongoing process.

Stay safe and enjoy the rest of the summer.

Respectfully,

Curtis M. Bejes, M.D.

Clinic

The Clinic is in summer mode. We have seen the usual influx of returning commercial fishermen, cannery injuries, and tourists/visitors as well as snowbirds returning to Cordova. It's too early to say if any more cannery workers with out of state Medicaid have other coverage for the summer as Dr. Sanders advocated for, but front desk clerks around the hospital are more familiar with identifying out of state Medicaid and attempting to collect a co-pay at time of service.

Dr. Barry, pediatrician, will be here August 16. This will be her second Cordova clinic and patients/parents really like her. Call 907-424-8200 to schedule.

Dr. Gray, Orthopedics, continues to come to Cordova as frequently as he can. He was here in April and will return July 18 – 19. His clinics fill up quickly! Call 907-771-3500.

Northland Audiology will return at the end of August.

Lab/Radiology/Rehab Services

Radiology is back to normal service, offering x-ray and CT images. The radiology group we use in Anchorage recently upgraded their image management, making the system more stable and creating a smoother process for radiologists. With any change comes a few issues to work out, but soon the new process will be working. Patients should not notice any changes.

Lab numbers increase as the influx of residents to Cordova increases, but it is always interesting for me to notice the number of emergency room and clinic visits that don't use lab services during this time. Why? There is a large number of injuries such as lacerations, fractures, or puncture wounds (think fish hooks). Visits to CCMC for any of these reasons usually do not require lab services.

Rehab Services remains fairly steady through the summer as fishermen fish and everyone else tries to enjoy an active summer. This year we are offering speech services. This allows students who get speech services during the school year to maintain their progress while school is on break. July actually marks the one year mark since CCMC began offering speech services again.

Brittany, our Physical Therapist, will be leaving Cordova in August for Juneau. Her last day at CCMC is July 30. We have hired a traveler who came to Alaska with friends who are also travelers. Tyler begins at CCMC July 15 and will begin doing evaluations later that week as Brittany transitions out of the department.

DON Report

07/19/2024

Leadership

CCMC is focused on quality of patient care and improving individual department work productivity and efficiency. Process improvement plans have been initiated on an individual department needs basis. Walkthroughs and follow-up from leadership shows evidence of some improvement in certain departments. For example; having a checklist in each room for housekeeping to sign off daily ensures the rooms are always clean and ready for inpatients.

Staffing

We currently have four full-time permanent nurses, 2 PRN (as needed) ED nurses, and four travel nurses. We have not had a high enough census on the CAH side to bring on a swing nurse. The goal remains to utilize RNs that live in Cordova instead of bringing in additional travelers for this third shift. We are continuing to seek full-time ER and LTC nurses. Our Certified Nursing Assistances (CNA) are all permanent staff that work in multiple departments at times (swing/acute, unit clerk, lab, patient sitters), seven full time dedicated CNAs and five part time or as needed.

Education Plan

A focus on the CAH and LTC side has been annual education day. This is a daylong education filled Inservice at CCMC. Staff are directed from station to station, or room to room, and given information on specific skills, disease processes, or common workplace occurrences so they may keep up on their job-related knowledge and skills.

Census

We currently have 8 Long Term Care residents and 1 swing bed patient. We have accepted a 9th LTC resident who will be joining us soon from Anchorage. Our swing census has been low thus far this year and we are working hard on acquiring swing bed patients. We have accepted an additional swing patient to the one we have as well and are waiting on an ETA.

Let me know if you have any questions.

Re: Initial Medical Staff Appointment

Dear Suman Kaza, MD:

On behalf of the Board of Trustees of **Alaska Regional Hospital**, I am pleased to inform you of your approved appointment as a member of the Medical Staff. You have been assigned to the **Affiliate** Status of the Medical Staff in the Department of **Medicine** with clinical privileges as delineated in the attached. This appointment is effective **6/19/2024 through 10/31/2025**.

The Medical Staff Bylaws and other Medical Staff policies that govern your practice at the Hospital are posted on the Hospital's confidential intranet and/or available through the Medical Staff Office. While it is important that you abide by all of these documents, we wanted to take this opportunity to specifically highlight a few policies and procedures that are critical to your appointment and your success at the Hospital.

Change in Status/Information Provided on Application Form

Your appointment and clinical privileges were granted based upon a careful assessment of your current qualifications and background. If there is any change in your status or any change to the specific information that you provided on your application form, it is your responsibility to inform the Chief of Staff and Medical Staff Office **within seven business days** of when the change occurs. This would include, but not be limited to, change in your licensure status or professional liability insurance coverage, the filing of a lawsuit against you, the initiation of an investigation or change in your Medical Staff status at any other hospital, exclusion or preclusion from participation in Medicare or any sanctions imposed, and any change in your health status that may affect your ability to safely and competently exercise clinical privileges.

Medical Staff Professionalism Policy

The Medical Staff and Board have adopted a Medical Staff Professionalism Policy that applies to all individuals who work and practice at the Hospital. That Policy is based on the expectation that all individuals will be treated with courtesy, respect, and dignity. We believe that such conduct is essential to the provision of safe and competent care.

Focused Professional Practice Evaluation

In accordance with the FPPE Policy to Confirm Practitioner Competence and Professionalism, all initial clinical privileges are subject to focused evaluation. It is expected that your required FPPE will be completed within 12 months of your initial, or before your initial privileges expire, based on your birth month/year. The facility Medical Staff Office will contact you in the near future with the facility specific FPPE requirements. It is important to note that it is your responsibility to cooperate with this requirement by scheduling cases and facilitating an effective initial evaluation process.

Professional Practice Evaluation Process (Peer Review)

The goal of our professional practice evaluation process is to be educational and our Medical Staff leaders make every effort to address identified patient care concerns through collegial methods. All practitioners who practice at the Hospital are subject to review, and it is expected that you will

participate constructively in the review process when one of your cases is under review. From time to time, you may also be asked to share your expertise and review a case, and we appreciate your cooperation and willingness to do so. This is an essential aspect of our responsibilities to each other and to our patients.

Clinical Protocols

The Medical Staff leadership is committed to the development and implementation of appropriate evidence-based clinical protocols. All Medical Staff members are expected to constructively participate in the development, review, and revision of clinical protocols pertinent to their clinical specialties, and to comply with adopted protocols or document in the medical record the clinical reasons for variance.

Reporting of Quality Concerns

Hospital employees and Medical Staff members are encouraged to report quality of care concerns so that they can be reviewed and any identified opportunities for improvement implemented promptly. Please discuss any quality concerns with your Department Chair or the Chief of Staff or report them to the Medical Staff Office.

Medical Record Completion

While we certainly understand the time pressures and demands upon your practice, it is essential that you understand that timely and appropriate medical record completion is not a meaningless, administrative task. It is a fundamental component of quality patient care. It also has implications for Hospital and physician liability, effective performance review, accreditation and licensure, and reimbursement. We stand ready to assist you in this record keeping responsibility in any manner that may be helpful, but please understand that the medical record completion policy will be strictly enforced.

On-Call Responsibilities

Service on the on-call schedule for unassigned patients who present to the ED is a responsibility of all Medical Staff members. The on-call schedule is developed by protocols set forth by Medical Executive Council and the Department Chair. Physicians who are on call are expected to be immediately available by telephone and to respond in person, if so requested, within a reasonable time period, usually 30 minutes. You may perform elective surgery or conduct other patient care services at the hospital while on call, and may be on call at another hospital, provided you arrange for appropriate back-up. In addition, you are responsible for the care of any patient seen while serving on the on-call schedule through the episode that created the emergency medical condition.

Response Time for Your Patients

Our Medical Staff Bylaws require that you (or your designated covering physician) be available to provide timely and continuous care for your patients. As such, just as with your emergency call obligations, you are expected to be immediately available by telephone (or have an appropriate coverage arranged) should any Medical Staff member or nurse need to contact you for guidance or direction with respects to your patients

Congratulations on your appointment. We appreciate your affiliation and look forward to working with you.

Should you have any questions or concerns, please feel free to contact our Medical Staff Office at **AKARMedicalStaff@hcahealthcare.com or 907-264-1582.**

Sincerely,

TELEMEDICINE PRIVILEGES (Delegated)

Telemedicine privileges for consult services are provided by organizations contracted with Cordova Community Medical Center. Process for credential verification and privileges is delegated to the contracted entity. Quality improvement is also monitored and maintained by the contracted entity.

To be eligible to apply for telemedicine specialty consult privileges at CCMC, the initial applicant must meet the following criteria:

- Degree: MD or DO, PA or NP
- Successful completion of a residency or fellowship training program approved by the specialty specific governing board
- Maintain active privileges with a contracted organization, with copy of privileges provided to Cordova Community Medical Center.
- Participate in quality improvement and peer review through contracted organization

Telemedicine privileges may be granted to a practitioner pursuant to credentialing performed by the distant site hospital, distant site telemedicine entity, or through credentialing performed by the Hospital.

If a practitioner's credentialing and privileging are performed under a contractual agreement with a distant site hospital or distant site telemedicine entity and the Hospital terminates its telemedicine agreement with the distant site hospital or distant site telemedicine entity, the practitioner's telemedicine privileges will automatically terminate.

Telemedicine privileges shall be for a period of not more than three years.

CCMC's peer review committee will maintain evidence of its internal peer review of the distant site hospital. CCMC's peer review committee will send information related to all adverse events that result from the telemedicine services provided by the distant site hospital or distant site telemedicine entity practitioner to a Hospital patient and all complaints the

Hospital has received about a distant site hospital or distant site telemedicine entity practitioner. Any information exchanged between the Hospital and a distant site hospital or distant site telemedicine entity in connection with a distant site hospital or distant site telemedicine entity practitioner's credentialing or performance will be handled by the CCMC's peer review committee.

All telemedicine practitioners will be categorized as "telemedicine staff" and will not be eligible to vote or hold office. Practitioners will follow other medical staff or hospital requirements that apply only to practitioners that provide direct patient care.

Please provide a copy of credential and privileges from the contracted organization along with this application.

Acknowledgement of Practitioner

I have requested privileges for telemedicine practitioner in Neurology - Telemedicine (field of specialty). I have only requested those privileges for which by education, training, current experience, and demonstrated performance I am qualified to perform and for which I wish to exercise via telemedicine on behalf of Cordova Community Medical Center. I understand that in exercising any clinical privileges granted, I am constrained by Medical Staff bylaws, policies and rules applicable generally and any applicable to the particular situation.
