DISCUSSION ITEMS

- 1) Mike O'Leary Trail Update: Zastrow and Senear are setting up a meeting with John Harville and Drew Lindow to define the area to be surveyed for the parking lot/trailhead easement with the city.
- 2) Eyak Mountain Trail Updates: Zastrow described the timeline and scope of work on the Eyak Mt. Trail this summer, along with a list of equipment to be purchased

for volunteers to be used. SCA will be available to work on the trail from July 15-17. The first volunteer trail work party is planned for the last weekend in July or first weekend in August. Zastrow will continue working with Samantha Hagerthy-Schneider to finalize the equipment purchase.

- 3) Odiak Pond Boardwalk: State RTA grants will be available for proposal submission in October. The maximum grant is \$100,000 and requires a 10% match. Senear will spearhead fundraising for the match over the summer and will interface with Hagerthy-Schneider as to processes.
- 4) Trails Capacity Grant Update: Tulloch has submitted a grant proposal for \$15,000 which includes \$13,500 for a storage shed and tools, along with \$1,500 for indirect costs. We should hear fairly soon if we have received the grant.
- 5) Other: Creating a mountain bike trail in Cordova was discussed. Schuetze is going to look into bringing an expert in bike trail construction from Anchorage to help us determine the best location for a trail.

6) **NEXT MEETING DATE**

July 14, 2026: 5:00pm

ADJOURNMENT

Meeting adjourned at 5:30pm.
